

3.2.3 - AGC SR code

Appendix 7

Applies to:

All adult gaming centre licences.

SOCIAL RESPONSIBILITY CODE

Compliance with these is a condition of licences; therefore any breach of them by an operator may lead the Commission to review the operator's licence with a view to suspension, revocation or the imposition of a financial penalty and would also expose the operator to the risk of prosecution.

1. Licensees must have and put into effect policies and procedures designed to prevent underage gambling, and monitor the effectiveness of these.
2. This must include procedures for:
 - a. checking the age of apparently underage customers
 - b. removing anyone who appears to be under age and cannot produce an acceptable form of identification
 - c. taking action when there are attempts by under-18s to enter the premises.
3. Licensees must ensure that their policies and procedures take account of the structure and layout of their gambling premises.
4. Licensees must not deliberately provide facilities for gambling in such a way as to appeal particularly to children or young people, for example by reflecting or being associated with youth culture.
5. In premises restricted to adults, service must be refused in any circumstances where any adult is accompanied by a child or young person.
6. Licensees must take all reasonable steps to ensure that all staff understand their responsibilities for preventing underage gambling. This must include appropriate training which must cover all relevant prohibitions against inviting children or young persons to gamble or to enter gambling premises, and the legal requirements on returning stakes and not paying prizes to underage customers.
7. Licensees must only accept identification which:
 - a. contains a photograph from which the individual can be identified
 - b. states the individual's date of birth
 - c. is valid
 - d. is legible and has no visible signs of tampering or reproduction.
8. Licensees in fee category C or higher must conduct test purchasing or take part in collective test purchasing programmes, as a means of providing reasonable assurance that they have effective policies and procedures to

prevent underage gambling, and must provide their test purchase results to the Commission, in such a form or manner as the Commission may from time to time specify.

3.2.4 - AGC ordinary code

Applies to:

All adult gaming centre licences.

ORDINARY CODE

These do not have the status of operator licence conditions but set out good practice. Operators may adopt alternative approaches to those set out in ordinary code provisions if they have actively taken account of the ordinary code provision and can demonstrate that an alternative approach is reasonable in the operator's particular circumstances; or that to take an alternative approach would be acting in a similarly effective manner. Ordinary codes of practice are admissible in evidence in criminal or civil proceedings and must be taken into account in any case in which the court or tribunal think them relevant, and by the Commission in the exercise of its functions; any departure from ordinary code provisions by an operator may be taken into account by the Commission on a licence review, but cannot lead to imposition of a financial penalty.

1. The Commission considers acceptable forms of identification to include any identification carrying the PASS logo (for example Citizencard or Validate); a military identification card; a driving licence (including a provisional licence) with photocard; or a passport.
2. Licensees should put into effect procedures that require their staff to check the age of any customer who appears to them to be under 21.
3. Licensees should consider permanent exclusion from premises for any adult accompanied by a child or young person on more than one occasion to premises restricted to adults, or if there is reason to believe the offence was committed knowingly or recklessly.
4. Procedures should be put into effect for dealing with cases where a child or young person repeatedly attempts to gamble on premises restricted to adults, including oral warnings, reporting the offence to the Gambling Commission¹ and the police, and making available information on problem gambling.
5. Licensees in fee categories A or B should consider how they monitor the effectiveness of their policies and procedures for preventing underage

gambling (for example by taking part in a collective test purchasing programme) and should be able to explain to the Commission or licensing authority what approach they have adopted.

6. In providing training to staff on their responsibilities for preventing underage gambling, licensees should have, as a minimum, policies for induction training and refresher training.
