### RECOMMENDATION

**That the Cabinet notes the updated financial information attached at Appendix 1.**

## **INFORMATION**

### **Reasons for recommendation**

Circular 05/05 and the accompanying best practice guidance requires local planning authorities to consider how they can inform members and the public of progress in the allocation, provision and implementation of obligations whether they are provided by the developer in kind or through a financial contribution. This report details the financial planning obligations held by the Council and what progress has and is being made in allocating and spending those funds.

### **Alternative options considered**

To not report to Cabinet, however, it is an obvious example of good practice to monitor income and expenditure against specific planning agreements and ensure that expenditure takes place in accordance with the parameters of those agreements.

### **Comments of Policy Overview Committee(s)**

None at this stage.

### **Supporting Information**

1. Appendix 1 provides a schedule of all agreements on which the Council holds funds. The agreements are listed under Cabinet portfolio headings. The appendix shows the movement of income and expenditure taking place during the financial year; including information at 31 December 2010 (which was subject of the report in March 2011) as well as up to 31 March 2011. Text that is highlighted in bold indicates key changes since the Cabinet report of 17 March 2011. Figures indicated in bold under the column headed 'Total income as at 31/03/11' indicate new income received. (Shaded cells indicate where funds are held in an interest bearing account) The table shows expenditure between 1 January and 31 March 2011 of £1,795,455 (compared to £176,758 during the previous quarter) and income of £1,453,454 (compared to £937,124 during the previous quarter) within the same period.

2. The balance of s278/106 funds that the Council held at 31 March 2011 is £13,721,524. It should be noted that the 'balance of funds' listed, i.e. the difference between income received and expenditure, is not a surplus. Included in the balance at 31 March 2011 are those s278/106 funds that the Council holds but is unable to spend for a number of reasons, such as cases where the funds are held as a returnable security deposit for works to be undertaken by the developer and those where the expenditure is dependant on other bodies such as transport operators. The column labelled "balance spendable not allocated" shows the residual balance of funds after taking into account funds that the Council is unable to spend and those that it has allocated to projects. The 'balance of funds' at 31 March 2011 also includes funds that relate to projects that are already underway or programmed, but where costs have not been drawn down against the relevant s106 (or s.278) cost centre.

3. In summary, of the 'total balance of funds' that the Council held at 31 March 2011 (£13,721,524) £3,745,940 relates to funds that the Council is unable to spend and £5,924,960 is allocated/earmarked for projects, leaving a residual balance of funds that the Council holds of £4,050,624 that is currently spendable and not yet allocated towards specific projects.

4. It was not possible to report this information to the Cabinet at any earlier meeting because the reporting deadlines were prior to the receipt of reconciled financial information.

## Financial Implications

5. The S106 balance as at 31 March 2011 is £13,721k. The detail is shown in Table A below. This includes sums (£3,746k) of which the delivery of projects/schemes is dependent on the council's partners, eg PCT/TFL. The balance of £4,051k is yet to be allocated. Over the last quarter (March) the income received was £1,453k.
