1.0 Introduction

This document sets out Council policy on the regulation of street trading and markets, and a procedure for applications for street trading licences. The policy proposes a simplified process for licensing of street markets and community events and offers a simple prior approval process to support applicants so that their proposals have the greatest chance of success when a final application is made.

2.0 Intention of this policy

The development of a street trading policy presents an opportunity to encourage small independent businesses and traders and increase employment opportunities, by minimising bureaucratic licensing burdens, but at the same time maintaining sensible levels of public protection and complimenting trading from permanent businesses.

The policy will be reviewed in light of developing practice, guidance and changing legislation as necessary, replaces all previous Terms & Conditions and covers the regulation of:

- Street trading pitches
- Tables & chairs
- Shop fronts
- Markets
- Community trading events

The policy sets out the Council's approach and requirements clearly, to help applicants and operators. It also aims to guide and re-assure the public, and other public authorities, ensuring transparency and consistency in decision making. This policy is meant as a guide to the Council's decision making process; all relevant factors will be taken into consideration in determining any application.

The grant of a licence for street trading does not override the need for licensees to comply with planning, building control, environmental, consumer protection, health and safety and other legislation. If necessary, the policy will be amended to prevent conflict with other legislation.

3.0 Street Trading Licences

Unless in respect of a market (see para 12.0), street trading licences will be determined under Part III of the London Local Authorities Act 1990 (as amended), referred to as "the Act" in this policy.

- a) Applications can be for permanent or temporary licences.
- b) The term "street trading" covers "pitches" (a defined or licensed area where a stall may be set up), "tables and chairs" – for example serving a café, and "shop fronts" – where there may be a display of goods outside a shop, directly concerned with that shop.
- c) "Street trading" means the sale, and exposing or offering for sale of any article (including a living thing) in a street. A display of goods or services within seven metres of the Highway will require a street trading licence.

Street trading without a licence is an offence under licensing and highways legislation.

4.0 Eligibility criteria & suitability of applicants

- a) Applicants must be aged 17 years or older.
- b) Suitability will be assessed on a case by case basis and information about an applicant's enforcement history with the Council may be referred to.

5.0 Making an application – the documentation needed

Applications for street trading licences must be made in writing or online, using the Council's application form, and must include the following;

- a) Two standard full face passport photographs;
- b) Evidence of public liability insurance for a minimum of £2 million cover;
- c) Proof of address;
- d) Identification that includes a photograph of the applicant; (such as a new style photo driving licence)

Sometimes, the Council may be able to accept alternative supporting documents, but by individual agreement.

6.0 Street Trading fees

Fees may be reviewed on an annual basis, and will be advertised in accordance with the legislation. Fees must be paid in full when the application for the grant, renewal, variation or transfer of a street trading licence is made. There will be no refund of licence fees should a licence for any reason become revoked or surrendered.

A list of current street trading and market licence fees can be found on the Council's website www.hillingdon.gov.uk/licensing or by contacting the Licensing Service on 01895 277524

7.0 Temporary applications - pitches

All applicants licensed as temporary traders under the London Local Authorities Act 1990 will have the same conditions as those for permanent street trading licences. However, the legislation does not give temporary licence holders the right of appeal to the Council or the relevant committee against a decision not to grant a licence, or to revoke or vary a licence.

The issue of a temporary licence is without prejudice to the Council's application process for a permanent licences – this means that if a trader is issued with a temporary licence, it does not guarantee that permanent licence will be issued.

The Council reserves the right to issue licences to traders who offer things for sale or goods ("commodities") which will enhance a shopping area or locale, before any other trader or applicant offering other commodities.

The Council reserves the right, *but only when appropriate*, to suspend the licence of any trader holding a temporary licence, without notice and without any reason having been given in writing. A trader who holds a temporary street trading licence must therefore stop trading straight away, when asked to do so by the Council, or a police officer.

8.0 Permanent applications - pitches

A pitch trader must have traded continuously under a temporary licence for a minimum of three years within the London Borough of Hillingdon prior to applying for a permanent licence.

Permanent licences must be renewed annually. Officers will advise licensees on the period of renewals and applications for permanent licences. However, responsibility for ensuring that a renewal occurs before the expiry of permanent licence lies with the licensee.

9.0 Succession of licences

“Succession” means when a permanent licence is transferred or “passed on” to a relation. There are rules about this in the legislation.

Succession of the street trading licence may only be granted to a relation of the licence holder specified in the legislation and under the following circumstances, listed in the legislation:

- a) When the licensee dies; or
- b) When the licensee retires, having reached the normal age for retirement; or
- c) When the licensee advises the Council that owing to ill-health, he is unable to continue to operate the licence, and submits evidence to satisfy the Council as to his ill-health.

Licensing officers can provide more detail on the subject of succession and it is always best to clarify what may be involved before any assumptions about any entitlement are made.

10.0 Renewals

The licensee must apply to the Council for a renewal, at least 28 days before the current licence's expiry. If an application for renewal is not granted by the expiry date, then licence lapses, and the trader will have to cease trading.

The licensing service will aim to send renewal reminder notices to licensees up to 8 weeks before the date of expiry. No renewals should be accepted after the expiry date and in such cases any application should be treated as a new application, undergoing the full application process. No trading will be permitted unless a renewed licence has been issued.

11.0 Variation

Licensees may apply to the Council to vary their licence at any time during the licence period. Applications may be made to vary the commodities traded, the pitch size and any assistants.

12.0 Licensing of Markets and Occasional Street Markets

The Council is “invoking its market rights” under the Food Act 1984 (as amended) in the Borough.

The Food Act 1984 allows a local authority to establish a market within its area, and may designate a market place within its area and the days and hours during which markets may be held.

13.0 A Single Licence for Markets

The Authority will consider market applications on a case by case basis for markets proposed within the borough boundary to which there is a free public access, and which may have multiple stalls or pitches to sell commodities,

The Council will regulate markets under a single licence, as per Part III of The Food Act 1984. Markets held in the following locations are exempt from the market provisions of the Food Act 1984;

- a) Any Council park or green space
- b) Any private building
- c) Enclosed shopping centres
- d) Any school / community / church hall or similar

The licence issued will authorise a number of traders in a particular area, on predetermined days or dates (a market), or where trading takes place from a stall, a series of stalls or pitches, on an occasional basis.

The market licences may be granted to a private market operator(s), resident's associations or similar, or community/charitable groups. The Council does need to enforce its market rights in the interests of public safety, and so will determine the area, size of stalls etc and their general layout as well as relevant timings for trading to take place. Efforts will always be made to work with operators or groups, to agree and explain matters.

14.0 Occasional Street Markets

Occasional street markets can encourage economic activity and enhance shopping areas by offering variety and by increasing visitor numbers.

A market operator or a group of traders may apply to the market authority for a licence to hold an occasional street market, for commercial trading purposes. This is a market which takes place on specified dates or days.

15.0 Charity & Community Markets

It is recognised that regulation can sometimes have unwanted impacts on residents, businesses and community groups based in the borough. To minimise these burdens, specific arrangements for local community and charitable group events are outlined below.

- a) A charity or community group may apply for a licence to hold a market for the purpose of supporting a community event e.g. a fun day, or Christmas event.
- b) Applicants for a charity or community market must identify community or charitable benefit, or provide evidence of charitable status and intention.
- c) Charity or community applicants should apply to the Council for a waiver of market application fees. The Council will consider any applications for waivers on a case by case basis, and in light of the paragraph immediately above.

- d) Where a charity or community event market includes trading by commercial enterprises, a waiver of fees should also be applied for. Applications will be assessed on a case by case basis, but such events should mainly be community based, benefiting the social and economic wellbeing of an area.
- e) Licensees must ensure that the terms and conditions that come with the market licence are kept to by the individual traders, that they have adequate insurances, and sensible, that they have the required food hygiene training and registration certificates.
- f) Charity or community market operators will be required to make their market applications at least three months prior to the market event taking place.
- g) Where road closures are required, any initial approval in principle will be entirely subject to subsequent approval by the Highway Authority before the market application is made. Evidence of the approval will be required as part of the market application.

16.0 “Approval in Principle”

The Council wants good well promoted markets or events to go ahead. To save wasted effort, increase convenience and to ensure that applications have the smoothest possible journey to approval, the Licensing Service will give support in the form of “approval in principle”.

- a) Where early applications are made, not including full details of traders and their commodities, the Council may approve the application in principle, pending full details of the traders and their commodities being submitted, at least two weeks prior to the market event.
- b) Operators or organisers will be able to hold early meetings with licensing officers to encourage general dialogue, discuss proposals and the Council’s requirements, and agree layouts etc, before a full application is made. No fee is to be charged for these meetings. However, it is anticipated that most events will need one, or perhaps two meetings to agree matters.

Any approval in principle issued by the Council will be subject to other legislative requirements i.e. road closures, parking suspension, alcohol licensing etc.

17.0 Applications and supporting information

The Council will expect applicants for Market Licences to be of a good standard and competence. The Council may seek references from boroughs in which the Market has previously operated prior to the determination of the licence.

Market operators must make applications using the Council’s own form or online and should provide the following information and documents as part of the application;

- a) Two standard full face passport photographs;
- b) Evidence of public liability insurance for a minimum of £2 million cover;
- c) Proof of address;
- d) Identification that includes a photograph of the applicant; (such as a new style photo driving licence)
- e) Plan of the proposed market showing location, sizes and layout of stalls/pitches;

- f) Evidence of or proposals for a trade waste disposal agreement or similar;
- g) Photos/images showing the appearance and style of stall / pitch;
- h) A list of stall / pitch traders and what they want to sell - the commodities – this may be given a minimum of two weeks before the event in the “approval in principle” process.

Sometimes the Council may be able to accept alternative supporting documents, by agreement.

18.0 Market Fees

Market operators for occasional street markets are required to pay a fee in line with the current fee schedule.

Applicants for charity / community markets should apply to the market authority for a waiver of market licence fees. Information on current street trading fees is on www.hillingdon.gov.uk/licensing or can be obtained from the Licensing Service on 01895 277524.

19.0 Consultation and advertisement

On receipt and acceptance of any application for a new or renewal street trading licence, or application for a variation to an existing one, the Licensing Service will carry out consultation with relevant ward members, town centre management, traders or businesses in the area, and any others in the area that the Council sees as appropriate. The consultation period will be 21 days beginning on the day after receipt of the application.

In addition to the above, for applications for shop front and / or tables and chairs licences, consultation and advertisement will take the form of a “Notice of Application” which must be placed in the window of the relevant premises – so that it can be easily seen from outside. The notice will be at least A4 in size and must be in place and easily visible from the outside throughout the consultation period.

Where market applications are received, the Licensing Service will carry out consultation with ward members, town centre management, traders / businesses in the area and any others in the area that the Council sees as appropriate. The consultation period will be 21 days beginning on the day after receipt of the application.

20.0 Objections

Objections must be made in writing and made by those persons, bodies, or their representatives, who are likely to be affected (in the “vicinity”, or area) by the operation of the licence. Frivolous, vexatious, repetitious and competition based representations will not be accepted.

E.g. “Vicinity” has the common sense meaning of the word and is taken to mean the area in which objectors who are likely to be affected by the operation of the licence are located. E.g. “Frivolous” objections may be based on a one off issue concerning a licence that has previously been managed well. E.g. “Repetitious” means the objection is identical or substantially similar to an objection already discounted E.g. “Vexatious” means the objection is not genuine – ie. It could have been made as a result of a dispute between neighbouring residents or businesses.

21.0 Consideration of Applications

Applications which have not been objected to will be considered by the Deputy Chief Executive and Corporate Director of Planning, Environment and Education Services or by officers authorised for the purpose of determining street trading applications.

If relevant objections are received during the consultation period for a licence application, a Licensing Sub-Committee will determine the application. Where applications are heard by a Licensing Sub-Committee, the Committee may exercise its discretion on accepting late representations where they have been received outside of the consultation period.

22.0 Hearings

Where the Licensing Sub Committee is to determine an application for the grant, variation or revocation of a street trading licence, the hearing will be held as soon as is reasonably practicable.

Where a permanent trader wishes to appeal a decision to grant/vary or revoke his/her licence, an appeal, and the reasons for the appeal, must be made in writing to the Licensing Service within 21 days of the decision being made. The appeal will be heard by a Licensing Sub-Committee as soon as reasonably practicable.

23.0 Decision-Making & Grounds for Refusal

All uncontested applications will be considered by the Deputy Chief Executive and Corporate Director of Planning, Environment and Education Services or by officers authorised for the purpose of determining street trading applications. Where valid objections are received to an application, a Licensing Sub-Committee will determine the application.

The complete application process may take up to three months and this is to take into account the 21 day consultation period, and also, if required, the arrangement of hearings of the relevant Licensing Sub-Committee.

Where there are no objections to an application, the Council aims to determine applications within one month of receipt of a fully completed application.

Standard conditions will be attached to every street trading licence and these may be varied by the Council at any time. Where relevant, specific trading conditions may be attached to a street trading licence by a Licensing Sub-Committee.

In considering applications for the grant or renewal of a street trading licence the following factors will be considered, and may be grounds for refusal, when the authority may refuse a street trading licence application.

- (a) Public safety - Whether the street trading activity represents, or is likely to represent, a substantial risk to the public from the point of view of obstruction of the highway to emergency vehicles, or otherwise, a fire hazard, unhygienic conditions or other danger that may occur when a trader is using the site.

- (b) Prevention of crime and disorder - whether the street trading activity represents, or is likely to represent, a substantial risk to public order. This is potentially more of a problem for licences operating late in the evening.
- (c) Prevention of public nuisance or environmental damage - whether the street trading activity represents, or is likely to represent, a substantial risk of problems from damage to street surfaces, or from noise, litter, refuse, vermin, fumes, odours or antisocial behaviour, particularly in residential areas.
- (d) For markets licensed under the Food Act 1984, appearance and suitability of the stall or vehicle from which trading takes place - the stall or vehicle must be of a good quality design, of good appearance and meet the criteria, including size, laid down in the standard licence conditions. It is advised that applicants provide photographs or sketches including dimensions of the stall with all new applications.
- (e) Needs of the area – amongst other things, the Council will consider the demand for the articles for sale, and the geographical location of the proposed site.
- (f) History of the applicant - the suitability of the applicant must be considered. Previous failures, without reasonable excuse, to comply with licence conditions or failure or neglect in paying licence fees may result in a licence being refused, revoked or not renewed.
- (g) Pedestrian or vehicular access – whether there is sufficient space for pedestrians and vehicles (including pedestrians using mobility aids and parents with pushchairs/buggies) to continue to use the public highway safely and unhindered.

In addition to the considerations listed above, the Council may refuse or revoke a licence if any of the following statutory grounds exist:

- h) the applicant wishes to trade for less days than any minimum required trading days;
- i) the applicant has been determined unsuitable to hold a licence do to any previous convictions or for other reasons;
- j) the licence holder has failed to pay fees due under another street trading licence or have failed to use a previous street trading licence.

Occasionally, if some grounds for refusal do exist, the Council may still decide to award a licence – but this could be for a shorter period than required, or to allow trading only in certain commodities.

24.0 Appeals

A Licensing Sub-Committee will determine appeals from permanent licence holders unhappy with a decision to grant / revoke / vary their street trading licence. In the event that a permanent licence holder is unhappy with the decision of the Licensing Sub-Committee, an appeal may be lodged with the Magistrates Court within 21 days of the date of the decision of the Licensing Sub Committee.

In the case of temporary licences, the legislation gives no right of appeal. Temporary licence holders may apply for a judicial review of decisions, though.

25.0 Duration of licences

Permanent licences will last for one year. Temporary pitch licence holders may apply for permanent licences after 3 years of continuous trading within the London Borough of Hillingdon.

Temporary licences are issued for six months, or a shorter period if the Licensing Committee / Applicant specifies otherwise. A shop front or tables and chairs licence shall be a temporary licence, and a permanent licence may not be issued to a trader who applies for a shop front or tables and chairs licence.

Market licences will be issued for a period in accordance with the application and / or any Licensing Sub-Committee decision made to alter the licence period.

26.0 Enforcement Action

The decision to use enforcement action will be taken on a case by case basis and, to ensure consistency of approach, in accordance with this and any other more specific policies which may be applicable. The action taken, which may be immediate, will be proportionate to the seriousness and nature of the non-compliance.

Factors that will be taken into consideration include, but are not limited to:

- a) The risk that the non-compliance poses to the safety, health or economic welfare of the public at large or to individuals;
- b) Evidence suggests that there was pre-meditation in the commission of an alleged offence;
- c) The alleged offence involved a failure to comply in full or in part with the requirements of this policy and / or the terms of the street trading licence;
- d) There is a history of previous warnings or the commission of similar offences;
- e) Aggravated circumstances such as obstruction of an officer or aggressive behaviour towards the public;
- f) If the alleged offence, though not serious itself, is widespread in the area where it is committed;
- g) The gravity of an alleged offence, taken together with the seriousness of any actual or potential harm;
- h) There has been a repetition of a breach that was subject to a formal caution or issue of a Fixed Penalty Notice;
- i) False information has deliberately been supplied and/or intention to deceive.

The Council may take any of the following types of enforcement action (*in no particular order*):

- a) Verbal/written warnings – e.g. a contravention and / or where Officer contact has not resolved the contravention;
- b) Simple cautions;
- c) Licence review or application for licence revocation e.g. when fees go unpaid, a breach of a licence condition;
- d) Fixed Penalty Notices;
- e) Prosecution.

Any decision to prosecute will be taken as a last resort and such a decision will be made in accordance with the Code for Crown Prosecutors. Council enforcement services will carry out their

enforcement-related work with due regard to the Enforcement Concordat. Information concerning non-compliance may be shared with other enforcement agencies. Any such action will only be undertaken in the public interest and in compliance with the Data Protection Act 1998.

Officers will regularly inspect street trading areas to ensure compliance with the licence terms and conditions i.e. the trader is only trading in the licensed pitch area. In addition, all complaints of unlicensed street trading will be investigated.

The Licensing Sub-Committee will hear all applications for the revocation, variation, or suspension of a street trading licence in the event that a trader significantly or persistently breaches such a licence.

Any trader who is convicted of an offence that is contrary to the Act or regulations made in pursuance of it may be requested to appear before the Licensing Committee or a Licensing Sub committee, when the determination of the recommendation to revoke the licence will be made.

Any contravention of licence terms and conditions by an assistant to the licensee will be viewed as a contravention by the licensee whether present or not.

Any breach of the conditions relating to Market Licences will be investigated and enforcement action taken where necessary. Any history of enforcement action may be considered as part of the application process.

27.0 Designation of Licence Streets

If the Council considers that street trading should be allowed or licensed in any area, it may pass a resolution designating any further street or part of a street as a licence street under Section 24 of the Act. In deciding if a street or site should be designated for street trading, the following may be considered;

- a) The presence of any existing or planned street furniture;
- b) The proximity and nature of any road junctions and pedestrian crossing points;
- c) The number of street trading sites already licensed in the vicinity;
- d) Whether the proposed site for designation would impact on accessibility for members of the public i.e. pedestrians, pushchairs, wheelchairs etc.
- e) If the safety of the public will be put at increased risk;
- f) Whether the proposed site will leave the recommended clearance of 2 metres clear passage between the trading area and the edge of the kerb or footway;
- g) If there will be a negative impact on the character or appearance of the area.

For designation, there is a consultation period of 28 days, when the Council consults with the Police and Highways Authority, and any other relevant body. The Council may also pass a resolution to rescind or vary the designation of a licence street, and must consult on any intentions to do so in a notice published in a local paper. After publishing the consultation notice, the Council will consider any representations received, before making a decision.

A street does not have to be designated as a licence street for street trading purposes where a temporary street trading licence is issued. A list of current licence streets may be found in

Appendix 1

28.0 Other legislative considerations

Apart from the legislative requirements of the London Government Act 1990 (as amended) and the Food Act 1984, the Council will take into account its duties under other legislation including, but not limited to;

- a) Section 17 of the Crime & Disorder Act 1998, which places the Council under a duty to exercise its functions with due regard to the likely effect on, and the need to do all it reasonably can to prevent crime and/or disorder in the Borough.
- b) The Regulator's Compliance Code (set out in the Regulatory Reform Act 2006) which requires the Council not to impede economic progress by its regulations, and particularly to consider the impact on small businesses.
- c) The Provision of Services Regulations 2009 which requires the Council to ensure that its requirements are non-discriminatory; proportionate to the public interest; objective; clear and unambiguous; made public in advance; transparent and accessible.
- d) The Disability Discrimination Act 1995 which makes it unlawful to treat disabled persons less favourably than other people, for a reason related to their disability.

EU Services Directive

Tacit consent will apply to street trading licence applications if no objections are received and the applicant is not notified of the determination process within 28 days after receipt of a valid application.

29.0 Policy review

This Policy may be reviewed by Cabinet. Minor changes to this Policy may be made by the Deputy Chief Executive and Corporate Director of Planning, Environment, Education & Community Services, acting in consultation with the Leader of Council.

30.0 Commodities

Applications for street trading licences must be made in accordance with the Council's approved list of commodities and banned commodities (Included as Appendix 2). The Licensing Service will consider commodities that are not on the approved list at its own discretion.

The Council may amend this list in order to ensure fair trading opportunities to all traders in the relevant area. The Council may, from time to time, ban certain commodities in certain areas where there is a need to do so. If the Authority amends the list of banned commodities, a 21 day consultation with traders will be held in the affected area prior to a decision being made.

31.0 Ice Cream Traders

Ice cream trading means the selling, exposing or offering for sale of goods consisting wholly or mainly of ice cream, frozen confectionery or other similar commodities from a vehicle.

Itinerant ice cream trading means ice cream trading from a vehicle which goes from place to place remaining in any one location in the course of trading for periods of 15 minutes or less and not returning to the same location or any other location in the same street on the same day.

The Council may, from time to time, ban ice cream traders in certain areas where there is a need to do so. The Council will carry out the statutory consultation and advertisement before any decision is made. A full list of areas where a ban on ice cream traders is currently in force can be found in **Appendix 3**.

32.0 Licence Conditions

The various licences in this policy are issued under the terms and conditions below. These are effectively the rules by which licensees must operate. They are meant to allow trading to be carried out safely, responsibly and in harmony with the surroundings, other traders and residents.

Full schedules of conditions relating to street trading and market licences can be found in the following appendices;

 - ii. times,
 - iii. commodities
- 2) To refuse the application

INFORMATION

An application for a Temporary Street Market was submitted by Savoir Fayre Ltd on 23rd September 2011. Application documents attached as Appendix 1.

The application is for approx 30 stalls along Uxbridge High Street (see Appendix 2 for site plan) between 17th and 20th November 2011 selling a range of speciality food, gift and craft items.

The applicant has fully complied with the requirements of the application process and has submitted photo identification, public liability insurance and the licence fee of £3000.

The applicant has supplied a list of traders for Members to consider. The full schedule of stall

holders is included as Appendix 4. The majority of stall holders are based in France and the proposed commodities are deemed appropriate to a continental style Christmas market.

The applicant has also signed a declaration agreeing to the Councils standard Market conditions (Appendix 5).

The Licensing Service notified interested parties in the vicinity of the proposed Market site, Ward Members and Licensing Committee Members. Full list of consultees attached as Appendix 6.

A total of three letters of objection were received. Members will note that two of the objections highlight concerns about appearance, hygiene and waste and one objection is based on competition. Section 20 of the Council's Street Trading & Markets Policy states the valid grounds for making objections. All three objections have been included in Appendix 7.

The layout of the stalls has been approved by the Council's Highway Service. Consideration has been given to existing street traders, street furniture and the road works. A letter of no objection from the Highways Service is included in Appendix 8.

A letter in support of the application has been received from Uxbridge Forward, included in Appendix 8.

Also included in Appendix 8 are some observations from the London Fire and Emergency Planning Authority. These matters are also addressed through the imposition of the standard licence conditions.

The Sub Committee is requested to consider the items for and against the application in line with the Council's Street Trading & Markets Licensing Policy.

Legal Implications

The Council is empowered to establish markets by virtue of Section 50 of the Food Act 1984. In this case, the market in question will be regulated by a single licence granted to the organiser of the market who will be responsible for ensuring that the market operates in a proper manner.

Original survey map
provided by
Hillingdon Council

Page 39

Please note that the areas proposed may not be used
this layout only suggest areas where stall will be authorised to be erected
however it is strongly suggested that area 6-7-8-9-10 should be used as they fence-off the restricted area.

area 1-2-3-4 may only be used for large market (power supply to that area may require electric cables running on the floor,
and even with proper matting we try to avoid this potential tripping hazard. any other area cable will be aerial or out side the reach of the public.)

Crowd control and flow have been considered in this layout. as well as emergency vehicle access

- Proposed stall area
- Benches
- stall frontage
- bicycle rack
- restricted area
- (number) stall area number
- Stall only possible if the benches are relocated

This map is based on the original survey map
provided by Savoire Fayre. It is not a legal document
and should not be used for any other purpose.

Stephanie Waterford - RE: Christmas market

From: uxbridge stationflowers <uxbridgestationflowers@hotmail.co.uk>
To: <swaterford@hillington.gov.uk>
Date: 21 October 2011 14:21
Subject: RE: Christmas market

Dear Stephanie

I have been asked for my views on a proposed christmas themed market to be held in Uxbridge town centre on the 17th-20th november 2011. First of all it is particularly difficult to have a view on market stalls when there is no plan or list of commodities to refer to. Unlike last year when we were given a full list of these details long before the proposal was to be passed or objections to be voiced. I was under the impression that an outline list had to be put forward?

I have been led to believe that the market operator who has put in this application is the same man that has already visited Uxbridge on two seperate occasions. Mr. Phillippe Bassette. I trust that the council plan to review the commodities that this operator is bringing into town a little closer this year than the previous two visits as it was apparent that there were no changes in stock to differentiate between the Christmas market and the continental market? Surely a continental market should offer goods available from all over Europe with a continental feel, while a christmas market should have a distinct festive theme offering christmas based goods? Both occasions being quite different themes. The items sold on each stall last year were all the sort of items you would expect to find at our own LOCAL market. The market stalls themselves were particularly tatty and tired and did nothing for the aesthetics of the town. I myself had a number of members of the public approach me with their concerns about the overall appearance of the market and how much, in their opinion, it brought Uxbridge image down a notch.

Last year the council backed the local traders with their worries about how detrimental allowing another market to trade in town for four days would prove to be and so reduced the time period proposed by half. As im sure you know the economic situation has got significantly worse and therefore i ask that the market days for this year will be reduced to two as it was found more plausible last year. If the operator says that this period of time is not a viable length to trade for, then let him know that his request is not viable for us either. He is happy to visit Eastcote for two days so surely two days is an ample length of time to trade with satisfactory results. This man seems to want it all his own way.

I dont believe that this market will bring any extra people into the town as these sort of events are 'old news' with nothing new to offer. In my opinion this event will be a case of sharing a very small piece of retail business with a market again. If you ask retail outlet OWNERS, they will tell you that these markets are a huge strain on their survival in business. If you ask retail outlet MANAGERS it is of no concern to them.

I believe that it is a misguided thought that this type of market brings people into a town to enhance its popularity. It might help a small town like Eastcote on a sunday along with other local activities but it does not have the same impact on Uxbridge An already busy and bustling town. Maybe its worth reminding those in charge of granting permission to this proposal that we already have a council run market, craft market, childrens market, antique market and two major boot fairs in uxbridge? All of which im sure would appreciate help from the council, not trade hinderence. Give a thought to us 6-7 day a week, 300+ days a year traders who work through some of the toughest times year after year.

I understand that the council arent interested in 'competition' or our financial status, but the after affects of competition are empty shops and failed businesses, which is not a good sign of town prosperity. Im sure youll agree it would be quite an embarrassment being in charge of a ghost town.

I understand that this market is coming into town on a license under the food act. But surely now that the high street is a designated street under the local authorities act part III the stalls that are not selling food must be deemed as street traders and therefore need street trading licenses?

Hopefully my opinions will be taken into consideration and the concerns i have expressed regarding the granting of this market proposal

Kind regards Glyn Cradduck (Uxbridge Station Flower Stall)

Hi,

I would like to object to the application, based on Health and Safety/ Food safety for the market.

Last year standards were imposed at committee level but widely ignored by the market traders. We adhere to high standards and regulations, and this should be mirrored by all who wish to position themselves on the high street.

DEAR SIR,

I AM WRITING IN REPLY TO A CONSULTATION LETTER SENT TO ME REGARDING THE APPLICATION FOR A CHRISTMAS THEMED MARKET IN UXBRIDGE TOWN CENTRE FOR TH 17TH, 18TH, 19TH, 20th NOVEMBER 2011 .

MY OPINION IS THE THE SAME AS THE LAST TIME THEY APPLIED THAT THEY WILL BE TAKING BUSINESS AWAY FROM LOCAL TRADERS WHO TRADE IN UXBRIDGE ALL YEAR ROUND AND THE WEEKS LEADING UP TO CHRISTMAS ARE WHEN THEY HOPE TO SEE THERE TRADE INCREASED NOT TAKEN AWAY FROM THEM.

YOURS SINCERELY

Dear Diane,

Re: Street Trading Application Consultation London Local Authorities Act 1990 (As Amended)

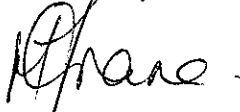

Thank you for your letter dated 3rd October 2011 with regards to the Street Trading Application which has been received from an external organisation, for a licence under the above Act to hold a Christmas themed market in Uxbridge Town Centre 17th – 20th November 2011 (inclusive).

The Uxbridge Forward Board has discussed the application, and at the present time would not object in principle, with the hope that the planned market will bring additional footfall to the Town Centre over the four day period and provide additional attractions not currently provided by the existing Market Holders and Street Traders.

If you would like to discuss the views of Uxbridge Forward with me in more detail, please feel free to contact me on the telephone number or email address below.

With thanks,

Yours sincerely,

Mike Crane
