3.5 Operating Schedule and Conditions

3.6 The conditions being offered by the applicant can be found in a separate operating schedule attached as **Appendix 2**. Whilst the operating schedule submitted with the application includes a significant number of conditions from the current premises licence (**Appendix 3**) there are some changes e.g. timings for SIA, readmittance timings and the condition in relation to conducting hourly noise patrols during Regulated Entertainment has been omitted.

3.7 On 26th March 2025, the Applicant's agent advised by email that there was an error in the wording of two of the conditions in the Operating Schedule that had been submitted with the variation application in February 2025.

Condition 17 was supposed to have read "All patrons entering the premises from 21:00 on Fridays, Saturdays and UK Bank Holidays shall be required to have their identity verified via the ID scanner machine"

Condition 34 was supposed to have read "No patrons shall be permitted to use the external area of the premises after 00:00 hours between Sunday to Thursday and 01:00 hours on a Friday and Saturday"

3.8 The agent was advised that the consultation would have to be restarted in order to allow the Responsible Authorities and other consultees time to consider these changes. The alternative would be to complete the process with the application and operating schedule as submitted on 28th February 2025 and then change the conditions by way of a variation at a later date.

Councillor/Resident	Ground for Representation	Appendix
Cllr Gohil	Prevention of Crime & Disorder Prevention of Public Nuisance Public Safety	Appendix 4
Cllr Chamdal	Prevention of Public Nuisance	Appendix 4

6.0 BACKGROUND INFORMATION

- 6.1 The premises had a licence until December 2021 when the Licensing Sub-Committee revoked it following a review which stemmed from a serious incident – a stabbing where one of the four victims was a 16-year-old girl who had been drinking at the premises. An appeal by the then premises licence holder was unsuccessful and the revocation took effect in February 2022.
- 6.2 A new premises licence application was received from Game Measure Limited in March 2023. The premises planned to offer a similar experience to that which was there prior to the licence being revoked i.e. food (including late night refreshment), drinks (including alcohol), regulated entertainment and shisha.
- 6.2 The application attracted 3 representations from the Responsible Authorities, 3 Representations from Interested Parties and 3 Representations of support.
- 6.3 The application was heard by the Licensing Sub-Committee in April 2023 and a premises licence was granted but with reduced hours from that which were originally applied for and subject to 43 conditions designed to combat the issues that the premises had previously had.
- 6.4 An application to vary the premises licence was received from Game Measure Limited in April 2024. The application sought to extend the hours for licensable activities namely sale of alcohol, provision of regulated entertainment (including live music, recorded music and performance of dance) and late-night refreshment. Whilst the operating schedule submitted with the application included a significant number of conditions from the existing premises licence, there were several omissions, mainly in relation to conditions designed to uphold the Prevention of Public Nuisance licensing objective.
- 6.5 The application attracted representations from three Responsible Authorities namely the Licensing Authority, the Street Scene Enforcement Team/Environmental Protection Team and Metropolitan Police Licensing. There were four representations from Interested Parties namely three Ward Councillors and a local resident. There were also two representations in support of the application from local residents.
- 6.6 The application was scheduled to be heard by the Licensing Sub Committee on 3rd June 2024 and was adjourned so that a large bundle of additional information submitted by the applicant's agent on 2nd June 2024 could be considered.

- 6.7 The application was subsequently heard by the Licensing Sub Committee on 20th June 2024 who decided to reject the part of the application which related to the extension of the hours for the licensable activities but to modify licence conditions 14 and 38 and also to remove conditions 2 and 3 to reflect the deregulation of regulated entertainment.
- 6.8 An Appeal against the decision of the Licensing Sub Committee was subsequently lodged at Uxbridge Magistrates Court thus suspending the decision.
- 6.9 The Appeal is scheduled to be heard on 18th July 2025.

7.0 OFFICER'S OBSERVATIONS

- 7.1 This application seeks to extend the hours for the existing licensable activities authorised by the current premises licence.

The premises is situated in an area where there is residential accommodation so the potential for public nuisance is a consideration.

Records show that the premises has submitted two Temporary Event Notices (TEN) since June 2024:

Date	Times	Licensable Activities	Complaints Received
21/12/24 -22/12/24	23:00 – 02:00 hours	Sale of Alcohol Regulated Entertainment Late Night Refreshment	None
31/12/24 – 01/01/25	23:00 – 02:00 hours	Sale of Alcohol Regulated Entertainment Late Night Refreshment	Yes – one anonymous complaint on 01/01/25 to the Environmental Protection (Noise) Team

The Licensing Service is aware of one complaint that has been made about the Prince of Wales since June 2024. A complaint relating to noise from loud music at the venue was logged with the Environmental Protection Team (Noise Team) on 8th March 2025. The Environmental Protection Team did not receive a call out to witness the noise when it was on-going. The complaint was updated on Saturday 30th March 2025 at 4:30pm with a report of a “constant beat of amplified music coming from the Shish Bar/Prince of Wales” whilst the resident was “in my lounge watching football”. The team did not receive a call out request to visit the premises in the evening. The complainant also emailed the Licensing Team on 30th March 2025.

A search of the Members Enquiries database for enquiries logged by Members relating to either “Prince of Wales” or “Sahara City” or “1 Harlington Road” from June 2024 to the present day has not revealed any such enquiries having been registered.

- 7.2 The representations received from interested parties raised the following issues:

a) The Prevention of Crime and Disorder

Cllr Gohil notes the history of the premises under the previous premises licence holder and although the change in management is acknowledged, residents and local stakeholders have raised concerns regarding late night disorder associated with the venue and especially in the surrounding streets. Local residents widely believe that the venue is not complying with key conditions on the premises licence, specifically using the ID scanner from 20:00 hours on Fridays and Saturdays. Doubts still

remain about the ability of the premises to abide by the conditions on their licence and over whether there has been a significant enough change in the culture at the premises such that residents can be confident that an increase in licensable hours will not result in an increase in crime and disorder.

Metropolitan Police Licensing have not submitted a Representation in relation to this application.

b) The Prevention of Public Nuisance

Cllr Gohil notes the history of the premises in terms of noise nuisance, including loud music, patrons shouting in the street and general disturbance late at night – issues which continue to exist. In addition, public littering and patrons loitering after exiting the venue late at night affect the quality of life of nearby residents.

Noise is especially an issue after 23:00 hours when the streets are quieter and the impact in the use of the outdoor garden area and the playing of recorded music is more keenly felt. Although the applicant has proposed limiting the use of the garden after 23:00 hours, Cllr Gohil is not confident that this will be complied with given the history of previous promises not being upheld.

Cllr Chamdal is concerned that the proposed closing times will create a public nuisance for residents living in properties in close proximity to the venue. He is also concerned that the late hours will result in an increase in large groups of people being attracted to the premises thus significantly increasing nuisance, especially when exiting the venue. Noise generated by regulated entertainment in external areas is also a concern. Cllr Chamdal does not feel that the conditions will negate the issues that will be caused by increasing the licensable hours.

The Environmental Protection Team have not submitted a Representation in relation to this application.

c) Public Safety

Cllr Gohil has highlighted the history of the premises in terms of fights, drunkenness, anti-social behaviour and the need for Police intervention at the venue. She acknowledges the inclusion of conditions such as CCTV and staff training in the operating schedule but has expressed doubts over the ability of the premises to self-regulate and whether they can be trusted to do so. Cllr Gohil is also concerned about the potential for the premises to exceed their capacity with later hours.

Cllr Chamdal has raised concerns over parking issues in the surrounding area.

8.0 Relevant sections of s.182 Guidance

Where representations are made

- 8.1 **At paragraph 9.3** it states that “Where a representation concerning the licensing objectives is made by a responsible authority about a proposed operating schedule and it is relevant (see paragraphs 9.4 to 9.10), the licensing authority’s discretion will be engaged. It will also be engaged if another person makes relevant representations to the licensing authority, which are also not frivolous or vexatious (see paragraphs 9.4 to 9.10). Relevant representations can be made in opposition to or in support of, an application and can be made by any individual, body or business that has grounds to do so.

Relevant, vexatious and frivolous representations

- 8.2 **At paragraph 9.4** it states that “A representation is “relevant” if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a

businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to the subject matter of the variation. There is no requirement for a responsible authority or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises.”

- 8.3 **At paragraph 9.9** it states that “It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making the representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.”

Determining actions that are appropriate for the promotion of the licensing objectives

- 8.4 **At paragraph 9.42** it states that "Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be".
- 8.5 **At paragraph 9.43** it states that "The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve".
- 8.6 **At paragraph 9.44** it states that "Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination".

Proportionality

- 8.7 **At paragraph 10.2** it states, “Conditions include any limitations or restrictions attached to a licence or certificate and essentially are the steps or actions that the holder of the premises licence or the club premises certificate will be required to take or refrain from taking in relation to the carrying on of licensable activities at the premises in question. Failure to comply with any condition attached to a licence or certificate is a criminal offence, which on conviction is punishable by an unlimited fine or up to six months’ imprisonment. The courts have made clear that it is particularly important that conditions which are imprecise or difficult for a licence holder to observe should be avoided.”
- 8.8 **At paragraph 10.8** it states, “The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations, and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives. In order to promote the crime prevention licensing objective conditions may be included that are aimed at preventing illegal working in licensed premises. This provision also applies to minor variations.”

- 8.9 **At paragraph 10.9** It is possible that in some cases no additional conditions will be appropriate to promote the licensing objectives.
- 8.10 **At paragraph 10.10** it states that "The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessels or identity scanners where they would not be appropriate to the specific premises. Conditions that are considered appropriate for the prevention of illegal working in premises licensed to sell alcohol or late-night refreshment might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check is retained at the licensed premises. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives".

Hours of trading

- 8.11 **At paragraph 10.13** it states "The Government acknowledges that different licensing strategies may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of its licensing policy statement. Licensing authorities are best placed to make decisions about appropriate opening hours in their areas based on their local knowledge and in consultation with responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application".
- 8.12 **At paragraph 10.14** it states "Where there are objections to an application to extend the hours during which licensable activities are to be carried on and the licensing authority determines that this would undermine the licensing objectives, it may reject the application or grant it with appropriate conditions and/or different hours from those requested."

Licensing hours

- 8.13 **At paragraph 14.51** it states "With regard to licensing hours, the Government acknowledges that different licensing approaches may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions regarding licensed opening hours as part of the implementation of its licensing policy statement and licensing authorities are best placed to make such decisions based on their local knowledge and in consultation with other responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application".
- 8.11 **At paragraph 14.52** it states "Statements of licensing policy should set out the licensing authority's approach regarding licensed opening hours and the strategy it considers appropriate for the promotion of the licensing objectives in its area. The statement of licensing policy should emphasise the consideration which will be given to the individual merits of an application. The Government recognises that licensed premises make an important contribution to our local communities and has given councils a range of tools to effectively manage the different pressures that licensed premises can bring. In determining appropriate strategies around licensed opening hours, licensing authorities cannot seek to restrict the activities of licensed premises where it is not appropriate for the promotion of the licensing objectives to do so".

9.0 Relevant sections of Hillingdon's Licensing Policy

Licensing Objectives – The Prevention of Crime and Disorder

- 9.1 **At paragraph 10.1** Licensed premises, especially those offering late night/early morning entertainment, alcohol and refreshment, can be a source of crime and disorder. The Licensing Authority will expect operating schedules to satisfactorily address these issues from the design of the premises through to the daily operation of the business. Applicants are recommended to seek advice from the Police Licensing Officer and Licensing Authority Officers prior to making any application as early advice can alleviate representations being made once an application is submitted. Full contact details for both are contained within the Responsible Authorities contact in appendix B.
- 9.2 **At paragraph 10.3** Where a number of premises may be in close proximity it may be difficult to attribute the disorder to patrons of particular premises, however there is a duty on Premises Licence Holders or Club Management Committees to act responsibly to ensure their own customers do not contribute to crime and disorder whilst in their premises and in the vicinity of their premises.
- 9.3 **At paragraph 10.6** Applications referred to the Licensing Sub-Committee where relevant representations have been received will be determined on the individual merit of each case. The Licensing Sub-Committee has the power to impose specific conditions when considered appropriate in respect of the Crime and Disorder objective.

Licensing Objectives – Public Safety

- 9.4 **At paragraph 11.5** Applications referred to the Licensing Sub-Committee will be determined on the individual merit of each case. The Licensing Sub-Committee have the power to impose specific conditions when considered necessary in respect of the Public Safety objective.

Licensing Objectives – The Prevention of Public Nuisance

- 9.5 **At paragraph 12.1** Licensing Sub Committees will be mindful that licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping in the vicinity of the premises. When addressing public nuisance, the applicant should identify any particular issues that are likely to affect adversely the promotion of the licensing objective to prevent public nuisance. They should then include in the operating schedule how they will deal with those matters. The concerns mainly relate to noise nuisance from within the premises or from the use of any outside areas, light pollution, smoke and noxious smells. This may also include patrons outside a premises and the dispersal of customers. Due regard will be given to the impact these may have, and the Licensing Authority will expect operating schedules to satisfactorily address these issues.
- 9.6 **At paragraph 12.7** Applications referred to the Licensing Sub-Committee will be determined on the individual merit of each case. The Licensing Sub-Committee have the power to impose specific conditions when considered necessary in respect of the Prevention of Public Nuisance objective.

Representations

- 9.7 **At paragraph 17.2** Representations can be made to the Council, as Licensing Authority, by a 'Responsible Authority' or by 'Interested Parties' which include individuals such as residents or bodies such as a resident's association, trade associations and other businesses operating. Representations can be made concerning:
- Applications for new premises licences or club premises certificates
 - Applications to vary premises licences or club premises certificates
 - Personal licence applications on criminal grounds (only by the Police)
- 9.8 **At paragraph 17.9** The Licensing Act 2003 also permits Elected Members to make representations on their own behalf as well as on behalf of their constituents. Members of the public who are making

representations may also request that their Ward Councillor speaks on their behalf at public hearings to determine applications.

- 9.9 **At paragraph 17.11** Written representations include letters and emails. Representations received after the end of the public consultation period cannot legally be accepted and will not be considered by the Licensing Authority.
- 9.10 **At paragraph 17.15** All valid representations will form part of a committee report that will become a public document. It will be given to the applicant, their agent, responsible authorities, other persons making representations and any other party requesting a copy as well as the Licensing Sub-committee 10 working days prior to the hearing. Anonymous representations will not be accepted.

Licensing Hours

- 9.11 **At Paragraph 25.1** it states that "Prior to the introduction of the Licensing Act 2003, it was believed that fixed and artificially early closing times (established under the Licensing Act 1964) were one of the key causes of rapid binge drinking prior to closing times and one of the causes of disorder and disturbance when large number of customers were required to leave the premises simultaneously".
- 9.12 **At Paragraph 25.2** it states that "The aim through promotion of the licensing objectives should be to reduce the potential for concentrations and achieve a slower dispersal of people from licensed premises through flexible opening times".
- 9.13 **At Paragraph 25.3** it states that "Arbitrary restrictions that would undermine the principle of flexibility will therefore be avoided. The four licensing objectives will be paramount at all times and the Council will always consider the individual merits of each case".
- 9.14 **At Paragraph 25.4** it states that "In accordance with guidance there is no fixed restriction on terminal hours for any particular areas of the borough. Such a restriction could cause the migration of patrons from one area to another and create the circumstances that the legislation is attempting to avoid. Each application will be dealt with on its merits. It is for the applicants to detail in their Operating Schedule exactly what times they intend to open and close the premises and what measures they will take to ensure that they do not cause nuisance or disturbance to their neighbours in the vicinity. The later the terminal hour applied for, the greater will be the need to address the issues of disturbance and nuisance".

Licence Conditions

- 9.15 **At Paragraph 20.1** it states that "Conditions on premises licences and club certificates are determined by:
- a) The measures put forward on the Operating Schedule
 - b) Mandatory conditions within the Act
 - c) Measures decided at a hearing by the Licensing Sub Committee"
- 9.16 **At Paragraph 20.2** it states that "Conditions attached to licences by the Licensing Authority that have been proposed by the applicant in their operating schedule should be consistent with the steps set out in the operating schedule. This means that the effect of these conditions should be substantially the same as that intended by the terms of the operating schedule".
- 9.17 **At Paragraph 20.3** it states that "Any conditions attached to licences following relevant representations will focus on matters within the control of the Premises Licence Holder or Club Management Committees. They will address matters which have a direct impact on those living, working or engaged in normal activities in the vicinity, as well as patrons of the licensed premises. They will not be used as a means of attempting to attach responsibility to Premises Licence Holders or Club Management Committees for matters outside their reasonable control, such as anti-social behaviour once away from the premises or licensable activity".

9.18 **At Paragraph 20.4** it states that "The Licensing Authority will not impose standard conditions upon every licence issued, however it may have regard to model conditions produced by the Government and/or the Institute of Licensing and it may choose to impose these in appropriate circumstances".

10.0 LEGAL CONSIDERATIONS

10.1 When considering licence variation applications, the Sub-Committee is required carry out its functions with a view to promoting the licensing objectives. The licensing objectives are:

- Prevention of crime and disorder
- Public Safety
- Prevention of public nuisance
- Protection of children from harm

10.2 An application for variation of a premises licence may be made pursuant to s.34 of the Licensing Act 2003 and is essentially governed by Licensing Act 2003, reg.12 of the Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005/42), Licensing Act 2003 (Hearings) Regulations 2005/44) and s.182 Secretary Code of Guidance.

10.3 The Sub-Committee must ensure that all licensing decisions have:

- A direct relationship to the promotion to the promotion of one or more of the four licensing objectives;
- regard to the Council's statement of licensing policy;
- regard to the Secretary of State guidance; and
- not be made as a result of a blanket policy which is applied so rigidly that an exercise of discretion in each individual case is precluded

10.4 Applications must be considered with regard to the principles of fair process and the Human Rights Act 1998 and must have regard to its public sector equality duty under section 149 of the Equality Act 2010. In summary, section 149 provides that a Public Authority must, in the exercise of its functions have due regard to the need to:

- i. eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
- ii. advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and
- iii. foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

10.5 Section 149(7) of the Equality Act 2010 defines nine relevant protected characteristics examples are; race, sex, age, disability and religious beliefs

10.6 When considering an application for the variation of an existing Premises Licence, only the variation is subject to determination. An application to vary the premises licence concerns variation of the conditions attaching to the licence or of the authorised licensable activities.

10.7 The application to vary must be accompanied by the Premises Licence (unless that is impracticable when a statement explaining why must be provided).

10.8 The authority must make the variation as applied for, subject to the mandatory conditions, unless relevant representations are made, in which case a hearing must be held.

10.9 Where relevant representations are made, the Licensing Authority must hold a hearing to consider them, unless it is agreed that a hearing is unnecessary ([s.35\(3\)\(a\)](#)).

- 10.10 The Licensing Authority must then take such of the following steps as it believes to be appropriate for the promotion of the licensing objectives:
- a) modify the conditions of the licence or
 - b) reject the whole or part of the application ([s.35\(3\)\(b\) and \(4\)](#)).
- 10.11 When determining applications to vary an existing Premises Licence, the Sub-Committee must consider all relevant representations that are made before taking such steps (if any) as it considers necessary for the promotion of the licensing objectives. The steps that may be taken are as follows:
- grant the variation as applied for;
 - modify the conditions of the licence (conditions are deemed to be modified if they are altered/omitted or new conditions are added); or
 - reject whole or part of the application to vary the licence.
- 10.12 Any modification of conditions should be confined to those considered appropriate in respect of the particular variation sought.
- 10.13 The Sub-Committee must also have regard to the London Borough of Hillingdon's Statement of Licensing and the Secretary of State's Guidance issued under the Licensing Act 2003 when deciding what action, if any, to instigate. The terms of the Statement of Licensing Policy and Guidance are highly persuasive however, are not binding on the Licensing Sub-Committee.
- 10.14 Officers have provided the Sub-Committee with recommendations related to this application. Subject to the above-mentioned factors having been properly considered, the Sub-Committee may depart from the recommendations if there are good reasons for doing so. The Sub-Committee is advised that such departures could give rise to an appeal or judicial review.
- 10.15 In order for representations to be 'relevant' they must have been made by an interested party or a responsible authority (see the definitions in [section 13](#) Licensing Act 2003) and they must relate to the likely effect on the promotion of the licensing objectives if the application were to be granted.
- 10.16 If the representations are made by an interested party there is a further requirement that the licensing authority does not consider them to be frivolous or vexatious. If it thinks they are, it must explain its decision to the person who made the representations.
- 10.17 The need for a hearing can be dispensed with by agreement of the authority, the applicant for the variation and all of the parties who have made relevant representations.
- 10.18 The authority must notify its decision to the applicant, the interested party and any person who has made relevant representations and, must give reasons for its decision.
- 10.19 A variation of a premises licence may impose different conditions on different parts of the premises or impose different conditions in relation to different licensable activities.
- 10.20 Conditions should also be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. Conditions will not be necessary if they duplicate a current statutory requirement. Licensing Authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives.

Re: Our client – Prince of Wales, 1 Harlington Road, Uxbridge, UB8 3HX

We write on behalf of our client regarding their application for a new variation application to the premises licence following the refusal of their previous variation application. This serves to provide background information on the premises, the prior appeal, and the steps taken to ensure a revised and robust application in full compliance with licensing objectives.

Background

The premises, operating under new management since 11 May 2023, had previously applied for a variation of their premises licence. However, on 20 June 2024, the sub-committee refused the application following objections from the Licensing Authority, the Street Scene Enforcement team, and the Metropolitan Police.

Following this decision, we were instructed to lodge an appeal with the local Magistrates' Court under Schedule 5 of the Licensing Act 2003. The appeal was lodged within the required timeframe on 21 July 2024, following the receipt of the written decision. However, despite repeated follow-ups from both the local authority and ourselves, there has been significant delay in the court proceedings, with the matter still under review by legal advisors.

This prolonged delay has caused financial strain on our client, particularly as local competitors have successfully obtained variations to their licences. Given the uncertainty and costs

associated with litigation, we have worked closely with Mr. Noel Samaroo of NTAD Consultants to assess a more effective and collaborative resolution.

New Application Proposal

Having reviewed the concerns raised during the previous hearing, our client has carefully reconsidered their approach. Instead of continuing with the appeal, they have decided to submit a new application supported by a comprehensive and revised operating schedule that ensures compliance with licensing objectives and addresses all prior objections.

The new application seeks permission for the **retail sale of alcohol** and the operation of a **fully functioning restaurant and outside garden area**, under **strict conditions** to prevent any adverse impact on the local community. The premises are not located in a special impact zone, and the hours applied for remain within the core hours as defined by policy.

Proposed Conditions & Operating Schedule

The new application includes the following key conditions:

- **Opening Hours:**
 - **Sunday to Thursday:** 10:00 – 00:00 (sale of alcohol & late-night refreshment until 00:00)
 - **Friday to Saturday:** 10:00 – 01:00 (sale of alcohol & late-night refreshment until 01:00)
- **Noise & Disturbance Control:**
 - No live music or performance of dance in the external area after **23:00** on any day.
- **Restricted Access & Management Control:**
 - **Mr. Mohamed Hussain Abouzeid** shall not be permitted to enter the licensed premises while it is open to the public, except in cases of emergency.
 - He shall not be employed by, act on behalf of, or provide services for the premises in any capacity.

This revised application is supported by a **robust operating schedule** designed to ensure that the premises operate responsibly and in full accordance with licensing objectives. By implementing these measures, our client aims to work constructively with the licensing authority and local stakeholders while ensuring a well-managed, community-friendly establishment.

General outline of the application

Prior to the current management taking over in April 2023, the premises had its licence revoked due to serious concerns, including:</p> <ul style="list-style-type: none"> -Sales of alcohol to underage individuals -Frequent anti-social behaviour, fights, and disturbances -Significant police and council involvement <p>While the applicant claims a clean record since May 2023, residents and local stakeholders have continued to raise concerns regarding late-night disorder associated with the venue, especially in the surrounding streets. As of early 2025, it is widely believed by residents of Harlington Road and Uxbridge Road that the venue is not complying with key conditions of its current licence, specifically the requirement to operate ID scanning (face scanners) from 8pm on Fridays and Saturdays, which has not been observed in regular operation.</p> <p>The Metropolitan Police and the Council's Licensing Sub-Committee previously refused a variation application in June 2024 due to ongoing concerns about the premises' potential to generate crime and disorder. Despite proposed new conditions in this application, I do not believe insufficient evidence that robust enforcement or cultural change has taken place on-site.</p>

	<p>Given this track record and continued local unease, it is wholly inappropriate for the venue to be open until 12:30am or 1:30am, especially without meaningful compliance enforcement. A suitable timing would be in line with the Vine Pub opposite.</p> <p><u>Prevention of Public Nuisance</u> Residents have historically suffered significant noise disruption from this premises — including loud music, patrons shouting in the street, and general late-night disturbances. These issues persist and are exacerbated by the venue's proximity to residential areas.</p> <p>Noise is especially problematic after 11pm, when the surrounding streets are quieter. The presence of an outdoor garden area and recorded music intensifies this impact. Although the applicant proposes limiting outdoor use after 11pm, previous promises have not been upheld, and enforcement has been lacking.</p> <p>Additionally, public littering and loitering from patrons exiting the premises late at night continues to be an issue, affecting quality of life for nearby residents and generating more work for the Council's Street Scene Enforcement team.</p> <p><u>Public Safety</u> Given the history of fights, drunkenness, and ASB, there are public safety concerns that remain unaddressed. Although the applicant has included standard safety conditions (CCTV, staff training, emergency exits), compliance remains questionable, and trust is low in their ability to self-regulate, especially into the early hours of the morning.</p> <p>In addition, there are worries that the venue may exceed safe capacity during busy evenings, especially given its late proposed hours. Any such risk is heightened by the location's history of disorder and the previous need for police intervention.</p>
--	---

The outcome you are seeking from the Licensing Authority (See note 6);

I request that the Licensing Authority reject the variation application and instead restrict the terminal hour for licensable activity to 11pm Sunday to Thursday, and midnight on Friday and Saturday, with premises to be fully closed to the public no later than 30 minutes after these times. This will allow for winding down while preserving residents' rights to peace, safety, and quiet enjoyment of their homes.

Good day Lois, I would like to register my objection to this application . I believe the proposed closing times will create a public nuisance with residential properties in close proximity to the licensed premises. With late closing times , I believe nuisance attracted by large groups of people both entering and exiting the licensed premises will increase significantly. This premises has directly affected parking issues in the surrounding area and the noise generated by the external entertainment is still a cause of concern. I feel conditions placed on these premises will not negate issues which they will cause.

Cllr Roy Chamdal

Dispersal Policy

Prince of Wales, UXBRIDGE

Introduction:

This Dispersal Policy is not to be confused with the emergency evacuation procedure.

The Dispersal Procedure is designed to make the maximum contribution by exercising pro-active measures, towards and at the end of trading, to move customers from the venue and its immediate area in a swift and orderly manner, so as to cause minimum disturbance in relation to potential nuisance, antisocial behaviour, and crime.

METHOD:

Bar Management:

1. During the last 30 minutes of trading, bar service points will be reduced with staff being reassigned to glass collection, tidy up, and preparing for customer departure.
2. Staff reassigned to glass collection in the last 30 mins will actively remind patrons the premises is closing and encourage them to make their way.
3. Volume levels of music or television will be reduced noticeably, and incrementally, and the type of music played will be relaxed and slow.
4. Lighting levels will be incrementally and obviously increased to encourage the gradual dispersal of patrons during the last half hour of trading and during the drinking-up period.
5. Announcements will be made at 10 min intervals during the last half hour of trading reminding customers of the end of service and asking them to leave quietly and to respect neighbours.
6. Clear and prominent notices will be placed at the exits requesting exiting customers to leave quietly and to respect neighbours and their property. If necessary, Security staff will use the signs as a reference/reminder to highlight to customers as they leave.

Door Supervision – When On Duty:

Door supervisors in high-visibility jackets or vests will:

- actively and politely encourage customers to drink-up and progress to the exit towards the latter part of drinking-up time, or game start time;
- draw the attention of exiting customers to the notices in the foyer and ask them to be considerate;

- ensure the removal of all drinking vessels from any customer who attempts to leave the venue carrying any.
- actively encourage customers move away from the area immediately outside the venue;
- at the end of trading, direct customers to the nearest taxi ranks or other transportation away from the area.

Prior to and during closing, SIA registered Security Staff will:

- a. gradually be reassigned outside duties to maintain a strong presence outside in the immediate vicinity of the premises and
- b. encourage customers leave the premises in a swift and orderly manner.

As the exit opens directly onto a main junction bordered by public highway on both sides, Security Staff will supervise.

Door supervisors will remain outside the premises until all patrons have left the immediate vicinity.

Private Hire Cars Arrangement:

Private Hire and Taxi company telephone numbers will be made available to customers who wish to book transport home.

Training

Training at all levels will be conducted to ensure full understanding and implementation of the venues specific Dispersal Procedure by the SIA Security Staff assigned to work at the premises.

Banning

CCTV and data from ID Scan will be used to identify any individuals who cause or take part in ASB or are responsible for causing disturbance or complaints.

Individuals will be warned that a repeat occurrence will result them being banned from the premises for no less than 6 months.

Statement of Truth

My name is Jan HOPPER and I am the nearest neighbour to the Prince of Wales Public House at 1, Harlington Road, UXBRIDGE UB8 3HX.

I bought a house 25 years ago, right next to this pub and I live at No 3. I think the pub has been a pub for about 100 years, and there is nobody living around here who cannot remember there not being a pub here.

This pub has been under new management for a couple of years maybe. I know the Manager as 'Karim' and he's been very good, and diligent in running the place properly. The current management are a massive improvement on previous regimes. It's been a good addition to the neighbourhood.

The pub operates as a restaurant bar. The outside area is partially covered and used as a shisha bar, and this is where most people sit and eat. This actually backs onto my garden. Sometimes there is a televised sports event screened.

Any pub creates an amount of noise. The noise from this pub comes from people leaving and using the car park – that is inevitable. However, I would say that the noise is not excessive and causes no nuisance to me as the nearest neighbour.

I understand that people living in the flats opposite have had an issue with noise from the pub, but it has never affected me as this level of noise is at an acceptable level. Perhaps the staff could manage the dispersal from the pub a little more proactively?

Personally I do not find it an issue at all. Yes, there is inevitably some noise but it is not excessive.

This is a Statement of Truth.
