To: Stephanie Waterford <swaterford@hillingdon.gov.uk>

Steph,

The footway at this location is just over 3 metres wide and therefore 1 metre of shop front trading would not in my opinion cause unnecessary obstruction to the use of the footway by pedestrians especially as it is not a main town centre thoroughfare. The criteria placed on these issues by the Committee has been to allow for 2 metres of available footway.

I note that Cllr Bridges has pointed out a number of objections but these are not within the remit of highways.

Regards
John
