

HILLINGDON
LONDON

Cabinet

Date: THURSDAY, 16 DECEMBER
2010

Time: 7.00 PM

Venue: COMMITTEE ROOM 6 -
CIVIC CENTRE, HIGH
STREET, UXBRIDGE UB8
1UW

**Meeting
Details:** Members of the Public and
Press are welcome to attend
this meeting

Councillors in the Cabinet:

Ray Puddifoot (Chairman)
Leader of the Council

David Simmonds (Vice-Chairman)
Deputy Leader / Education & Children's Services

Jonathan Bianco
Finance, Property & Business Services

Keith Burrows
Planning, Transportation & Recycling

Philip Corthorne
Social Services, Health & Housing

Henry Higgins
Culture, Sport & Leisure

Douglas Mills
Improvement, Partnerships & Community Safety

Scott Seaman-Digby
Co-ordination & Central Services

This agenda and associated reports can be made available in other languages, in braille, large print or on audio tape on request. Please contact us for further information.

INVESTOR IN PEOPLE

Useful information

Bus routes 427, U1, U3, U4 and U7 all stop at the Civic Centre. Uxbridge underground station, with the Piccadilly and Metropolitan lines, is a short walk away. Limited parking is available at the Civic Centre. For details on availability and how to book a parking space, please contact Democratic Services

Please enter from the Council's main reception where you will be directed to the Committee Room. An Induction Loop System is available for use in the various meeting rooms. Please contact us for further information.

Please switch off any mobile telephones and BlackBerries™ before the meeting. Any recording of the meeting is not allowed, either using electronic, mobile or visual devices.

If there is a FIRE in the building the alarm will sound continuously. If there is a BOMB ALERT the alarm sounds intermittently. Please make your way to the nearest FIRE EXIT.

Agenda

Cabinet Reports - Part 1 (Public)

- 6** The Council's Budget - Medium Term Financial Forecast 2011/12 - 2014/15 (Cllrs Puddifoot & Bianco) 1 - 152

This supplementary agenda and report has been circulated less than 5 working days before the Cabinet meeting and the item of business will only be considered if the Chairman agrees it to be urgent.

Item 6 – This report relates to the Council’s budget for next year. Up-to-date financial and budget information is required for both Cabinet and Council to consider the reports in order to meet the deadlines set down in the budget timetable and allow the setting of the Council Tax and Budget for 2011/12 in line with the statutory timetable.

HEADLINE INFORMATION

| | |
|---|--|
| Purpose of report | <p>This report sets out the Medium Term Financial Forecast (MTFF), which includes draft General Fund revenue budget for 2011/12, along with indicative projections for the following three years, fees and charges proposals, and the draft capital programme for 2011/12 and beyond.</p> <p>The revenue budget proposals have been developed to deliver a zero increase in Council Tax for the third successive year, whilst maintaining balances and reserves at a minimum of £12m over the medium term.</p> <p>Further savings proposals are being developed and this will include the Leader undertaking a further restructure of the Council over the forthcoming year.</p> |
| Contribution to our plans and strategies | The Medium Term Financial Forecast is the financial plan for the Council, and contains the funding strategy for delivering the Council's objectives. |
| Financial Cost | Zero increase in Council Tax for the third successive year. |
| Relevant Policy Overview Committee | Corporate Services and Partnerships Policy Overview Committee Education and Children's Services Policy Overview Committee Residents' and Environment Services Policy Overview Committee Social Services, Health and Housing Policy Overview Committee |
| Ward(s) affected | All |

RECOMMENDATIONS:

That Cabinet:

- 1. Approve the draft revenue budget and capital programme proposals for 2011/12 and beyond as the basis for consultation with Policy Overview Committees and other stakeholders.**
- 2. Request the comments of individual Policy Overview Committees on the draft budget proposals relating to their areas of responsibility, to be collated into a single report back to Cabinet from the Corporate Services and Partnerships Policy Overview Committee.**
- 3. Approve the proposed fees and charges included at Appendix 8 as the basis for consultation with Policy Overview Committees and other stakeholders.**
- 4. Authorise the Corporate Director of Finance and Resources in consultation with the Leader of the Council to respond on behalf of the Council to the consultation on the provisional local government finance settlement and to the Mayor of London's budget consultation.**
- 5. Agree the adoption of the new 'pay as you throw' West London Waste Authority (WLWA) levy mechanism for use from 1 April 2011 onwards.**
- 6. Agrees the LATS (Landfill Allowance Trading Scheme) Trading Policy 2010-2015 as agreed by WLWA on 21 July 2010.**

SUMMARY

The budget proposals included in this report represent Cabinet's budget strategy for 2011/12 and beyond. The revenue budget proposals have been developed to deliver a zero increase in Council Tax for 2011/12 whilst maintaining balances and reserves at £12m over the medium term.

The real challenge in delivering a balanced budget for 2011/12 is the development of significant savings of around £22m, more than double the £10.3m required in 2010/11. Those savings proposals have been developed alongside the in-year challenge of responding to a £3.6m government grant cut to funding in 2010/11. As month 7 budget monitoring shows, good progress is being made in responding to this challenge; with the latest position showing an underspend on normal activities of £577k and a net overspend of £1,170k including the impact of the £3.6m in-year grant cuts.

The main pressure for the Council to deal with is the income from Government Formula Grant reducing by an estimated £10.8m. This is partially offset through an additional central government grant enabling a freeze in Council Tax in 2011/12.

Detailed within the draft budget proposals, in addition to the £22m savings proposals are £3.8m of corporate pressures, £7.5m of service pressures, an allowance of £2m for inflation and a reduction to the contingency requirement of £0.5m.

- The key corporate pressures arise from a net impact of £2.6m from LAA reward grant falling out, £1m provision for new capital required due to lack of funding from elsewhere, £0.4m National insurance increase and an estimated increase in the concessionary fares levy of £0.4m.
- The key service pressures, many of which have been provided for in contingency in prior years, include £1.25m for Adult Social Care demographic pressures, £2.5m for the costs of Transitional Children, £0.3m for SEN transport demographic costs, £1.5m for an increase in the Waste Disposal Levy, £0.8m for Homelessness, £0.7m for Land Charges arising from a change in the regulations and £0.3m in Golf Course income.
- The key contributors to the changes in the contingency requirement arise from an increase of £0.5m to general contingency, funding for uncertain demographic pressures, a reduction of £0.3m for the shortfall in asylum funding, a provision for £0.85m additional Employer's Pension contributions and a reduction for the change in the payments to the London Boroughs Grants scheme.

The development of savings proposals has concentrated on more efficient delivery methods and the new operating model and focusing on core services; and on not creating new pressures by providing services no longer funded by Central government, but instead seeking to avoid local impact as far as possible by new ways of working

At present total savings amount to around £22m, with £8.1m in Adult Social Care Health and Housing, £3m in Central Services, £4.9m in Education & Children's Services, £3.4m in Planning, Environment & Community Services, £2m in services previously funded by central government Area Based Grant and £0.7m of other savings. Full details of the proposals are contained in Appendix 7.

The report also includes the provisional fees and charges recommendations for 2011/12, which includes an increase of 2.5% on VAT where applicable with effect from 1 February 2011.

The draft capital programme for 2011/12 and indicative allocations for the following three years are presented in this report. The draft capital programme over four years is worth £256.5m with £105m of capital expenditure in 2011/12. This includes funding for new General Fund projects of £8.3m for the development of Yiewsley Pool site which includes a new health centre.

In addition, the capital programme provides almost £9m of funding for key ongoing programmes including the Chrysalis programme, the Leader's Older Peoples Initiative and the upgrade of local town centres; and £19m of funding for ongoing major projects such as the Libraries refurbishment programme, Highgrove Pool Phase II and the South Ruislip Development.

INFORMATION

Reasons for recommendation

The recommendations have been framed to comply with the Budget and Policy Framework rules, and to allow the presentation to Council of a recommended budget for 2011/12 in February 2011, which takes into account consultation with Policy Overview Committees.

They also allow for representations to be made to the Department for Communities and Local Government in relation to the provisional local government finance settlement, and to the Mayor

of London in relation to the Greater London Authority's budget proposals, in accordance with the required deadlines for responses.

The reasons for the two recommendations in relation the West London Waste Authority Levy and the Landfill Allowance Trading Scheme are included in Appendix 9 attached.

Alternative options considered / risk management

In order to comply with the Budget and Policy Framework, the Cabinet needs to publish a draft budget for consultation at this meeting. The Cabinet could, however, choose to vary the proposals set out in the report, with any amendments reflected in the papers consulted upon with Policy Overview Committees during January 2011.

The section of the report on the Development and Risk Contingency considers the key risks and uncertainties that need to be managed and how these have been provided for within the budget strategy.

Comments of Policy Overview Committee(s)

Following consideration at Cabinet, this report will form the basis of consultation with Policy Overview Committees during January 2011. Comments from the Policy Overview Committees will be reported back to Cabinet by the Corporate Services and Partnerships Policy Overview Committee when Cabinet meets on 17 February 2011. Cabinet will then agree a set of budget proposals for recommendation to the annual Council Tax setting meeting of full Council on 24 February 2011.

Supporting Information

Background

1. This is the first report to Cabinet on the budget proposals for 2011/12 and beyond. The budget report to Council, for Council Tax setting for 2010/11 in February 2010, contained an initial savings requirement of £20.3m for 2011/12. As part of the continuing work on the HIP Business Improvement Delivery project, a budget strategy was devised to address this gap. Each group was given a specific savings target for 2011/12 to deliver through their BID programme, with the initial total savings target set at £10.5m. In addition groups were tasked with reviewing and reducing all pressures and a review was also started on all corporate pressures.
2. During the year, Cabinet has monitored and increased the savings target to £22m. This includes an additional savings target of £2m for Area Based Grant (ABG) funded services following the post election budget when a £3.6m in-year cut was imposed by central government (£1.8m ongoing impact) and a £3.8m further worsening of the estimated formula grant funding for 2011/12 caused by the front loading of savings in the CSR announcement on 20 October 2010.
3. As mentioned above, an in-year cut of £3.6m was imposed by the central government, which came on top of the £10.28m savings already contained within the 2010/11 budget. Groups have made significant progress towards the delivery of these in year challenges with only a minor element outstanding. However, the expectation is that these savings will be fully delivered in year and the Month 7 position reflects this expectation.

- The report includes revenue budget and capital programme projections for three years beyond next year, to reflect the four-year planning cycle used by the Council. The Council does not have the power to set budgets more than one year in advance, but the inclusion of medium term figures helps to demonstrate the ongoing impact of the budget proposals, and provides context for the budget decisions proposed.

GENERAL FUND REVENUE BUDGET

Budget Requirement 2011/12

- The movement between the current year's budget and the draft budget requirement for 2011/12 is summarised in Table 1 below. Further detail on each of the lines in the table is set out in subsequent sections of the report. A more detailed summary of the MTFE over the full 4 year period is attached in Appendix 1.

Table 1: Budget Requirement 2011/12

| | Budget (£000s) |
|--------------------------------------|---------------------------|
| Budget Requirement 2010/11 | 211,555 |
| Inflation | 1,980 |
| Corporate Items (Appendix 2) | 3,766 |
| Service Pressures (Appendix 3) | 7,497 |
| Contingency (Appendix 4) | -539 |
| Priority Growth (Appendix 5) | 321 |
| Savings (Appendix 6) | -22,017 |
| Budget Requirement 2011/12 | 202,563 |
| <u>Funding Sources</u> | |
| Council Tax | 111,627 |
| Government Formula Grant (estimated) | 90,936 |
| Total Resources | 202,563 |

Inflation

- The core amount of inflationary cost increases in the draft budget for 2011/12 is £1.98m. This represents a decrease of £4m compared to the earlier projections contained in the budget report to Cabinet and Council in February 2010.
- This reduction is due to the fact that this year has seen a pay freeze for Local Government staff and the CSR set out a proposed freeze for a further 2 years. In addition we have not provided for inflation on most non-salary items unless there is an unavoidable contractual increase. However, officers are challenging what is deemed unavoidable through negotiation with suppliers. Increases of 2.5% have been applied to fees & charges income budgets and increases of 1.5% have been applied for adult's and children's services care placements, with zero increases for all other non contractual expenditure and income budgets.

8. Table 2 below sets out the general inflation rates applied to specific budget lines.

Table 2: Inflation

| Category | Rate (%) | 2011/12 (£000s) |
|--|---------------|-----------------|
| Employees' Pay | Zero | 0 |
| Premises Costs | 1.5% | 330 |
| Transport Costs | Zero | 0 |
| Care Placements | 1.5% | 860 |
| Contracts with unavoidable inflation increases | Contractual % | 790 |
| Other Supplies and Services | 0 | 0 |
| Rents and Other Income | Zero | 0 |
| Total | | 1,980 |
| * Fees and Charges | 2.5% | -580 |

* included in the savings schedules

Corporate Items

9. This heading is used to describe items that affect the Council overall, or have a significant impact on the majority of service groups within the authority. A net increase in budget of £3.8m in 2011/12 is required to cover these items which are shown in summary in the table below and in further detail in Appendix 2.

Table 3: Corporate Items

| Corporate Items | Amount 2011/12 (£000s) |
|---|------------------------|
| Additional capital programme financing provision | 1,000 |
| Capital programme financing costs | -400 |
| Local Area Agreement Reward Grant - falling out | 2,586 |
| LABGI / Housing and Planning Delivery Grant – falling out | 500 |
| Contributions from balances | -707 |
| Concessionary Fares Levy | 367 |
| National Insurance Contributions Increase | 420 |
| Total | 3,766 |

10. The budget for 2011/12 includes the provision of a £2m revenue fund for financing future capital investment requirements such as the Primary Capital Programme (PCP). £1m of this is already in the 2010/11 budget and a further £1m will be added in 2011/12. The budget also incorporates a reduction of £0.4m in capital financing costs as a result of debt refinancing, MRP analysis and capital programme rephasing.
11. Reward grant from the 2007 Local Area Agreement (LAA) is due in March 2011 following a claim to be submitted in December 2010. In February 2010 the Council budgeted to receive £3m of revenue LAA reward grant as a one off in 2010/11 and to pay revenue reward grant to partners profiled as £0.6m in 2010/11, £0.6m in 2011/12 and £0.14m in 2012/13. The Government announced in June 2010 that reward grant would be reduced by 50%. The MTFE for 2011/12 reflects the gross budgeted grant of £3m falling out and also reflects revised payment sums and profiles to partners which results in a £2.5m net adjustment to the 2011/12 budget.

12. The Government has only committed to the Local Authorities Business Growth Incentives (LABGI) scheme and to Housing and Planning Delivery Grant (HPDG) up to the end of 2010/11. The MTFE reflects that funding streams will not continue beyond that date. However, the recently published White Paper 'Local Growth: realising every place's potential' indicates there will be several new funding incentives for local authorities to promote economic growth. These include Tax increment Financing, a New Homes Bonus and Business Rates Increase Bonus.
13. The New Homes Bonus will seek to incentivise building locally by match funding the additional Council Tax for new homes and properties brought back into use for 6 years after being built. Funding of £196m is being set aside nationally in 2011/12 with £250m for each of the following 3 years. The business rates increase bonus will seek to reward authorities where growth in business rates yield exceeded a threshold to keep the increase for a period of 6 years. The Tax Increment Finance scheme would enable authorities to retain business rate uplift generated from development and use this funding stream to borrow for infrastructure needed to start the development. Specific details relating to Hillingdon are not yet available. A provisional figure of £0.5m for 2011/12 has been included in PECS budget for 2011/12 as an early assessment of what the New Homes bonus might deliver for the Council but nothing is included as yet with respect to the business rates increase bonus or the Tax increment Finance scheme.
14. The budget approved for 2011/12 included a drawdown from balances of £1.5m. Whilst, this is a one-off item that cannot be repeated on an ongoing basis, a further drawdown of £0.7m has been applied to the draft budget based on the projected balances position as at 31 March 2011. As at month 7, the budget monitoring report was forecasting balances to be at £15.8m. A total drawdown of £2.2m would mean that unallocated balances would remain above the £12m target.
15. The Concessionary Fares levy is currently subject to consultation on the distribution method between authorities. This is part way through an exercise to redistribute costs across London. It is subject to a further potential negative impact as a result of TfL withdrawing from the 5 year deal on funding the Freedom Pass. It is not certain what the final apportionment methodology might be so the impact on the budget for 2011/12 still remains uncertain. However, our latest analysis indicates that the Hillingdon impact looks set to increase by £0.4m. As £0.1m of this was provided for in inflation this leaves a further unavoidable pressure of £0.3m.
16. Employers NI costs are expected to increase by £0.4m next year as a result of the Government changing the threshold levels after which NI becomes payable.

Service Pressures

17. The identification of all service pressures, thereby reducing the likelihood of unexpected overspends within the financial year, is one of the key objectives of the strategic budget process. Failure to identify a pressure over which there is little or no control is likely to result in an overspend in the year, and a need to take corrective action that may have an impact on services elsewhere in the authority.
18. Groups have undertaken work to identify and review these pressures but they will continue to be the subject to rigorous scrutiny, challenge and review that will reduce the level of these items to a minimum over the course of the budget development process. Table 4

sets out the pressures identified by Groups which total £7.5m for 2011/12. These items are set out in more detail at Appendix 3.

Table 4: Service pressures

| Service Pressures | Pressure 2011/12 (£000s) |
|--|---------------------------------|
| Adult Social Care demographic pressure | +1,250 |
| Increase in Transitional Children | +2,546 |
| SEN transport demographic pressure | +350 |
| Waste Disposal Levy | +1,528 |
| Local land charges income | +720 |
| Reduction in DWP funding | +800 |
| Golf Course income | +303 |
| Total | +7,497 |

19. The demographic pressure in Adult Social Care, as reported in current year monitoring, is primarily due to increased placements into residential care. Whilst management action to start to cap and reduce this adverse trend is underway, there remains a base budget pressure of at least £1.2m. An additional £2.5m is also provided for in contingency.
20. The latest projections for Transitional Children moving through to Adult Services demonstrate an increasing trend on service demand causing an ongoing service pressure of £2.5m. This represents the cost of clients that have already transferred and are an actual current cost to ASCH&H. A further £1.2m is being provided for within contingency to cover the estimated costs of clients likely to transfer during the next year.
21. A service pressure of £0.35m exists in relation to SEN transport. The most significant driver of this pressure is from increased demand and the need to transport several clients out of the borough. Work is continuing on improving the procurement of such transport which has helped offset part of the demographic increases however a £0.35m pressure remains.
22. The latest projections for the West Waste levy indicate a requirement of £1.5m. This is an improved position on that previously expected. It is due to an improved outturn for 2009/10 due to lower waste volumes than expected which has continued into the first half of the current year. This figure will be updated once the final levy for West Waste is agreed.
23. Following a change in the regulations that forced Land Charges to be run on a cost recovery only basis, there has been a shortfall of £0.7m in income. This has been covered by contingency to date but now needs to be transferred to a service pressure as it is not downturn related but rather relates to the change in regulations.
24. Changes to the funding regime for homelessness were reported to Cabinet and Council in February 2010 when the pressure was quantified as £6m. £5.2m was added to the 2010/11 budget with the remaining £0.8m being held in contingency.
25. An ongoing service pressure on the golf course income budget resulted from the change in operator in 2006. The new contract set the income at £0.38m, but the budgeted income remained at £0.64m, resulting in a pressure of £0.26m. In addition, a pressure in relation to the shortfall in income from Stockley Park also exists of £0.04m.

Development and Risk Contingency

26. The Development and Risk Contingency provides resources within the revenue budget that are unallocated at the beginning of the year, and can be applied to issues as they arise during the year. The contingency is therefore used to budget for items where the probability or value of items is uncertain at the beginning of the year. This approach is a key aspect of the Council's Reserves and Balances Strategy.
27. Work on developing the 2011/12 budget is still underway, and will continue until the presentation of the final report to Cabinet in February 2011. The contingency is used to manage issues that typically arise during the budget process where the likelihood of resources being required is uncertain. Rather than include all of these in the draft budget and therefore overstate the estimated budget requirement, they are also collated within the Development and Risk Contingency.
28. A net decrease in the contingency of £0.5m reflects the latest estimate of potential funding to cover a range of financial risks faced by Council in 2011/12. The reduction arises from the transfer of a number of budgets to service pressures. This reflects that they are actual costs already being incurred now rather than potential costs that might arise over the following year. A detailed breakdown on contingency is shown in Appendix 4.

Table 5: Development and Risk Contingency

| Contingency Items | Pressure 2010/11 (£000s) | Pressure 2011/12 (£000s) | Change (£000s) |
|--------------------------|---|---|---------------------------|
| Total | 10,760 | 10,221 | -539 |

29. In addition to the amounts contained within contingency as explained within the service pressures above, there are several other potential calls on the Council's budget over the next year. The contingency contains funding of £0.5m to cover demographic pressures on Children's Services relating to the Southwark Judgement, under which the Council is required to assess service needs to homeless children aged 16 and 17 under our statutory responsibilities for children's social care as opposed to our housing responsibilities.
30. The Government has not yet published any detail on asylum funding following CSR. However based on information on the funding arrangement published earlier in the year, on current volumes the asylum funding shortfall covered by contingency is expected to fall from £1.2m in the current year to £0.9m in 2011/12, a fall of £0.3m.
31. The Council's Pension Fund was subject to an actuarial review as at 31 March 2010. The valuation results are yet to be completed; however, early indications are that the deficit has increased. Final results will not be agreed until March, after Lord Hutton has delivered his final report on Public Sector Pensions and the valuation is recalculated to take his findings into account. However, as part of the long term funding strategy for the fund, which takes account of the affordability and stability of employer contribution rates, a 1% per annum increase to employer contributions over the valuation period (2011/12 to 2013/14) was built into the valuation assumptions. The current employer contribution rate of 18% is still well below the rate needed to fully fund the scheme of 25%. Increases therefore have been limited by General Fund affordability. Once the full impact of the

Hutton report is known and revised regulations are issued, the impact over future years of the MTFF will be calculated and the budget adjusted accordingly.

32. The draft budget includes a sum of £1m in general contingency within the development and Risk contingency. This reflects the large degree of uncertainty that exists over a number of budgets and central government funding at this point in time.
33. The current draft Development and Risk Contingency is set out in Appendix 4. Items with a total potential risk of £14.6m are included in the contingency for 2011/12 at this stage. When the probability of occurrence is applied to these amounts, the total for which funding needs to be provided stands at £10.2m.

Priority Growth

34. Provision has been made in the budget strategy for £0.3m of new priority growth. This reflects the full year effect of the funding for new Young people's centres, a new allocation of £80k for sport and leisure in relation to public health issues, £10k to fund the full year effect of increased library opening hours and £35k for the Hayes Carnival. The Hayes Carnival has previously been funded from other surpluses in the budget within PECS. However BID will delete these surpluses and if the Council is to continue with the Hayes Carnival Cabinet will have to allocate a specific budget for the purpose. These items are described further at Appendix 5. There is £935k of unspent priority growth brought forward from 2010/11 and this is being made up to £1m which will bring the total resource available to fund new initiatives to £1.3m.

Savings

35. The savings proposed in the draft budget for 2011/12 total £22m. These are shown in detail in appendices 6 and 7 and in summary in the table below.

Table 6: Savings Proposals

| Savings Proposals | Saving 2011/12 (£000s) |
|--|---------------------------------------|
| Adult Social Care, Health & Housing | 8,072 |
| Central Services | 3,014 |
| Education & Children's Services | 4,880 |
| Planning, Environment & Community Services | 3,364 |
| Other Savings options | 719 |
| ABG and unringfenced grant savings | 1,968 |
| Total Savings Proposals | 22,017 |

36. The savings proposals contained within this draft budget have been developed through the HIP Business Improvement Delivery programme (BID), the Council's response to the projected budget savings requirement of around £60m over the next four year period. A target operating model for the Council was established and all Groups are in the process of moving towards this model in the various proposals set out in the MTFF. This includes transfers to the Contact Centre and the implementation of agreed operating models for all common functions.

37. As explained in the report to Council in February 2010, the BID programme was developed through a themed approach, with 3 workstreams. These were aimed at

delivering successively more in-depth reviews of how council services and working methods could be re-engineered. The themed approach continued over the early part of the 2011/12 budget cycle. The various workstreams developed a programme of projects to revise ways of working and to develop savings proposals. Additional MTFF work within groups and corporately was also initiated to focus on mitigating key pressures in the MTFF. Over the summer, the workstream approach to BID was transitioned into a Group based approach and specific targets were allocated to each Group.

38. The savings proposals currently developed total £22m for 2011/12. The total savings figure for each group is net of the redundancy costs contained within their package of proposals. Group savings proposals also include savings generated through the council wide expenditure review that was coordinated by Corporate Procurement over the last few months. A summary of the approach taken in each group to the development of their savings proposals is given below.

Adult Social Care, Health & Housing

39. In developing their savings proposals, ASCH&H took the opportunity to develop a new strategic model, which gave specific focus to a 'core offer' of services which it deemed essential. As part of this process they identified 4 key priorities, allowing them to develop a thematic approach to their savings proposals of prevention, reablement, ongoing support provided in-house, and ongoing support provided externally. In addition savings proposals on a new common operating model and on fees and charges were developed. Progress to date has identified savings of £8.1m in 2011/12. Details of these savings are included in appendix 7a.

Central Services

40. The range of services within Central Services in a large part forms the basis of the support services to the rest of the council. Each service has undergone a review of their structure and purpose and this has led to the development of a range of savings proposals. In addition the transfer of several functions into the new Business Services function has identified opportunities for better ways of working and generation of income. Progress to date has identified savings of £3m in 2011/12. Work is continuing in many of these areas which could provide scope for further savings in 2011/12. Proposals developed to date are detailed in appendix 7b.

Education and Children's Services

41. ECS has also taken the opportunity to completely rethink how it delivers its overall service to Hillingdon's children and young people. It has applied a phased approach to developing a 'core offer' for services deemed essential, backed by an 'additional offer' of services which support the core services, as many of the core services do not, on their own, ensure child safety. Savings proposals have been developed on a service basis. The initial phase 1 proposals focus on the immediate efficiency savings from the reorganisation of the group based on the 'core offer' model. Phase 2 will focus on the development of a new operating model for ECS services. Progress to date has identified savings of £4.9m in 2011/12. Details of these savings are included in appendix 7c.

Planning, Environment and Community Services

42. The initial approach to the delivery of savings within PECS has been largely driven by the delivery of efficiencies through the merger of the former 2 groups of PCS and ECP. The creation of 4 new services within the combined group has enabled large scale reorganisation, restructuring and removal of duplication. Additionally the opportunity is being taken to question the need for services and the method of service delivery in all areas. Several opportunities exist within the group to review the scale of fees and charges and several proposals have been developed on this theme. Once the new services are operational, focus will shift to the roll out of the Council's operating model and further savings proposals will be developed. Progress to date has identified savings of £3.4m in 2011/12. Details of these savings are included in appendix 7d.

Other Savings Options

43. There are a range of other corporate savings totalling £0.7m which are detailed in appendix 7e.

Area Based Grant

44. In June 2010, the coalition government announced a range of in year grant reductions, which included an ongoing reduction in Area Based Grant of £1.8m. ABG is now an unringfenced general grant, which is built into the ongoing base budget of the Council. Prior to the removal of the ringfence it was provided for specific purposes. All Groups have reviewed the specific services where this funding had originally been allocated and to date have identified £2m in savings. Appendix 7f attached gives a breakdown of these savings.

Fees and Charges

45. The Council is empowered to seek income from fees and charges to service users across a wide range of activities. Some of these fees and charges are set by the Government or other stakeholders, but many others are set at the discretion of the Council, based on Cabinet's recommendations.

46. The MTFF includes an inflation assumption of 2.5% and an associated increase in income of £0.5m. However this increase is not uniform across all fees and charges. Certain fees such as meals on wheels and parking for residents has been frozen. In addition there are proposals for targeted above inflation increases in certain fees and charges where they impact primarily on non-residents or where we are out of line with neighbouring Boroughs. The increase in the VAT rate by 2.5% to 20% will also have an impact on some fees and charges that attract VAT. These charges will be increased from 1 February 2011 and need to increase accordingly to avoid a net loss of income to the Council. Charges for Leisure facilities related to the VAT increase will come into effect on 1 January 2011.

47. Schedules detailing the proposals relating to fees and charges for 2010/11 are attached at Appendix 8.

Central Government Grant

48. The provisional Local Government Finance Settlement for 2011/12 has yet to be announced and so this draft budget has been prepared on the basis of estimated Government Formula Grant derived from the CSR.
49. The CSR published on 20th October outlined headline grant figures for local authorities. Total Local Authority Formula Grant will fall from £28 billion in the current year to £21.9 billion in 2014/15. This is a cut of 21.8% in cash terms over the 4 years. Prior to CSR the MTFF had a 21.2% cash reduction built in over the 4 years so this estimate was within £0.5m. However, the cut in formula grant is significantly front loaded resulting in an adverse impact of £3.8m in 2011/12. The percentage reductions and the resultant impact on the MTFF are outlined in the following table.

Table 7: Formula grant projections

| Year | % reduction in formula grant | Impact on previous MTFF assumption (+ = adverse) |
|---------|------------------------------|---|
| 2011/12 | -10.7 | +£3.8m |
| 2012/13 | -5.7 | +£0.2m |
| 2013/14 | -0.7 | -£3.6m |
| 2014/15 | -4.7 | +£0.1m |
| Total | -21.8 | +£0.5m |

50. £1.8m of Area Based Grant was cut in-year during 2010/11 as part of the post election budget. The MTFF assumes that this cut will be ongoing. Most area based grant will be subsumed into RSG from 2011/12 onwards, and the MTFF assumes that these grants that are rolled in will be subject to further cuts. In total a £10.8m reduction in grant funding has been assumed based on figures derived from the CSR.
51. However, the actual position is very complex and these headline figures need to be treated with a considerable amount of caution. The impact on individual authorities could vary considerably. This is because the methodology for apportioning RSG and the underlying data on which the apportionments are made is all being revised. In addition the points where the government decides to set the floors and ceilings to changes in formula grant will have a significant impact on individual authorities.
52. There are a large number of specific grants and ABG that are being subsumed into RSG or DSG. The relative cut that each grant will get and whether the cut is before or after rolling into RSG will significantly influence the impact on individual authorities. However, there are also new grants built into the CSR. These are not yet fully built into our projections as we do not as yet have the detail. The largest of these is a new £1bn DoH grant to fund Adult Social Care demographic pressures. The methodology for distributing this grant has not been published so has not been built into the MTFF at this stage. In addition the government have indicated that they might introduce a business rate increase bonus scheme. Under this scheme local authorities would retain some business rates on a 6 year rolling basis if they achieve a sufficient increase in business rate yield. This would in effect be a simpler and larger version of LABGI. Nothing as yet is incorporated into the MTFF in respect of this scheme until further details are published.

53. The Local Government Finance Settlement is expected to be published on 13th December. This is expected to show details of actual local authority funding for the two years 2011/12 and 2012/13. The actual funding for 2013/14 and 2014/15 will depend on the outcome of a wider review of local authority financing that is being commissioned. However, it is likely that some of the detail required to fully assess the impact of the settlement may not be available until the New Year. It is therefore likely to be mid January before a more definitive assessment of the full impact of the assessment is available.

Balances and Reserves

54. The MTFF strategy is to maintain balances long term at a level of no lower than £12m. This is also within the recommended range advised by the Corporate Director of Finance and Business Services. The original budget strategy for 2011/12 included a proposed drawdown from balances of £1.5m.

55. The projected unallocated balances and reserves are forecast in the Month 7 budget monitoring report to be £15.8m as at 31 March 2011. However, this assumes that the £1m of priority growth will be spent in full which is unlikely. Officers are also working on further recovery plans with the aim of increasing balances by the year end. Actual balances at the year end could therefore be in the region of £17m.

56. The forecast balances position is therefore sufficient to allow up to £3m to be drawn down from balances in 2011/12. This would mean that balances at the end of 2011/12 would still be £14m, £2m in excess of the £12m long term target level of balances. This strategy would also assist in helping to mitigate the impact of front loading of central government cuts. However, at this stage, the level of savings proposals developed are such that the report suggests a drawdown from balances of £2.2m. This will be reviewed once the details of the local government finance settlement are known.

57. The final decision on whether the government will permit the Council to capitalise the potential impairment from the investments in the Icelandic banks Heritable and Landsbanki will be announced on 17 December 2010. Should this permission not be granted then the potential impact on the Council's reserves at the year end is currently estimated at £3.4m.

58. Whilst this remains a risk, it should be noted that this is only one of several unknown factors on the final budget at this stage and the eventual drawdown from balances will be finalised once all these unknown factors are quantified.

Council Tax Levels

59. The budget proposals have been developed to deliver a zero increase in the Council Tax for 2011/12 for the third successive year. In the CSR announcement on 20 October 2010, the government announced that they would make funding available equivalent to a 2.5% increase in Council Tax for Councils who choose to freeze their Council Tax. This funding has been factored into the budget proposals detailed within this report.

Medium Term Impact of Proposals

60. Whilst the immediate focus of this report is on the 2011/12 budget, this needs to be balanced with key developments over the medium term.

61. In May 2010 the Council entered into a new four year cycle, taking the opportunity both to set new goals and to adopt new approaches to the Council's ways of working through the HIP BID programme.
62. Further savings proposals need to be identified to bridge the forecast budget gap over the 4 year period. Officers are still reviewing services with a view to identifying further savings opportunities and the Leader of the Council will be undertaking a further restructure of the Council over the forthcoming year.
63. Additionally, the 2011/12 budget is the first year of a new settlement, currently anticipated to cover only 2 years. A review of local government finance has been announced, which will commence early in 2011, and will deliver the framework for the following finance settlement. However the wider picture of the state of public finances is well documented and the reality of the need for significant cuts to all areas of public sector funding, including local government, has been factored into the medium term forecast.
64. The savings proposals outlined in the report should be capable of delivering a balanced budget in 2011/12. However, at present there is still a budget gap remaining for the following 3 years. Work is continuing to produce further proposals to bridge this projected gap over future years.

Greater London Authority Precept

65. The Mayor of London is expected to issue his draft budget proposals for 2011/12 on 22 December 2010. The Mayor of London has already announced that he expects to freeze the GLA precept meaning that the overall impact of the draft budget will be a zero increase in the Council Tax in total for Hillingdon's residents. It is recommended that the Corporate Director of Finance and Business Services in consultation with the Leader of the Council be authorised to endorse a response to the Mayor's budget consultation on behalf of Hillingdon.

CAPITAL PROGRAMME

Background to the Capital Programme

66. The capital programme for 2010/11 was approved by Cabinet and Council as a one-year capital budget that focused on maximising the use of identified funding in order to minimise the level of new borrowing that ultimately impacts on budget requirements funded through Council Tax.
67. The process of developing a capital programme has again focused on identifying and sustaining available funding streams whilst simultaneously managing the impact of increased demand for primary school places in the borough. The Primary Capital Programme is expected to require an investment in the region of £100m over the period 2010-15, to be financed from a combination of funding streams yet to be announced by central government.
68. The draft capital programme may need to be revised once the final impact of the settlement is known as this may impact on the affordability of the programme. A summary of the draft capital programme is shown in Appendix 10.

Funding of the Capital Programme 2011/12 – 2014/15

69. The Council has a range of key funding sources for the capital programme that are summarised in Table 8 below:

Table 8: Capital Programme Funding

| Funding Source | Funding 2011/12 (£m) | Funding 2012/13 (£m) | Funding 2013/14 (£m) | Funding 2014/15 (£m) |
|--|----------------------|----------------------|----------------------|----------------------|
| Unsupported Borrowing | 16.3 | (11.4) | 11.1 | 22.3 |
| Unsupported Borrowing funded by Revenue Savings (Invest-to-Save) | 5.3 | 0 | 0 | 0 |
| Capital Receipts - General Fund | 15.6 | 27.6 | 4.3 | 0.4 |
| Total Council Resources | 37.2 | 16.2 | 15.4 | 22.7 |
| Supported Borrowing | 20.5 | 3.0 | 2.8 | 2.8 |
| Specific Capital Grants | 36.8 | 25.7 | 25.7 | 25.7 |
| Capital Receipts – Housing Revenue Account | 3.6 | 0 | 0 | 0 |
| Other Funding Sources | 6.9 | 3.8 | 3.9 | 3.8 |
| Total Other | 47.3 | 29.5 | 29.6 | 29.5 |
| Total | 105.0 | 48.7 | 47.8 | 55.0 |

70. The proposed budget detailed in Appendix 10 requires borrowing (supported and unsupported) of £42.1m, representing the largest source of funding for the capital programme with anticipated grants following at £36.8m. In line with the funding position for the revenue budget, allocations of most capital grants for 2011/12 onwards are yet to be announced and the programme has been prepared on the basis of estimates. Capital grants tend to be provided for key statutory services, in particular schools and housing – the largest elements of capital grant for 2011/12 are schools programmes (£17.4m) and the Major Repairs Allowance for the Housing Revenue Account (£8.2m). The level of grant funding for schools includes remaining allocations from prior years and forecast allocations from 2011/12.

71. Capital receipts reflect the disposal programme of surplus Council assets identified through the Strategic Property Group review process, including £17.4m of capital receipts in 2012/13 from self-financing schemes undertaken in 2010/11 and 2011/12. These relate to the sale of flats on the South Ruislip, Hayes End Library and Yiewsley Pool sites that will take place the year after the spend on the development of the sites takes place. It is for this reason that the unsupported borrowing figure for 2012/13 is negative i.e. unsupported borrowing on these sites being repaid the following year through the sale of the flats.

72. Other external funding available to support the capital programme includes funding of approximately £4m in 2011/12 for local transport improvements funded by Transport for London, as well as funding from Section 106 agreements and the Housing Revenue Account.

73. Unsupported borrowing under the Prudential Code falls into two categories. The first type is for projects that are funded on an 'invest-to-save' basis, where the capital investment will lead to either a revenue saving or source of income sufficient to cover the financing costs of the initial borrowing. Funding for this type of project is an important lever for

improvement and maximising efficiency, which include in the draft capital programme the Council's strategy for replacing leased vehicles with outright purchase.

74. The second type of unsupported borrowing is for key capital developments that involve service enhancement, where the resulting revenue financing costs are effectively equivalent to a growth item impacting on the Council's budget requirement funded through the Council Tax. An example of this is the Council's on-going Library Refurbishment programme. This type of funding also includes items where upfront capital investment is needed in order to release future capital receipts that make the capital expenditure effectively self-financing over the life of the project – examples of this are the Hayes End Library and South Ruislip developments.

New Capital Schemes

75. The draft capital programme includes funding of £8.3m for two new General Fund capital projects that will enhance the Council's future service delivery and generate capital receipts and additional revenue resources to fund future years' capital programmes. These are summarised in the following table:

Table 9: New Capital Projects 2011/12

| Project | Capital Expenditure 2011/12 (£000s) |
|---|--|
| Libraries Refurbishment - Central Library | 2,000 |
| Health Centre at Yiewsley Pool site | 6,304 |
| Total New Schemes | 8,304 |

76. A major refurbishment of Uxbridge's Central Library as part of the wider Libraries refurbishment programme has been included over 2011/12 and 2012/13 at a cost of £3m, £2m of which will be incurred during 2011/12. The figure of £3m is an estimate of the value of works and may have scope to be varied.

77. Yiewsley Swimming Pool has been closed and replaced by new facilities at Hillingdon Sports and Leisure Complex and Botwell Park Leisure Centre. This project is to develop a new health centre which will be leased to Hillingdon PCT (and its successor organisations), generating income from lease payments and the sale of residential properties to support future capital investment.

Ongoing Capital Schemes

78. Continuing programmes of works are included in the draft programme for 2011/12 at a cost of £8.8m, predominantly funded from council resources, as follows:

- Disabled Facilities Grant (DFG) (ASCHH) £2.5m
- Private Sector Renewal Grant (PSRG) (ASCHH) £0.5m
- Leader's Initiative (DCE) £0.2m
- Chrysalis Programme (PE&CS) £1.0m
- Civic Centre Enhancements (PE&CS) £1.2m
- Environmental Assets (PE&CS) £1.0m
- Highways Localities Programme (PE&CS) £0.3m

- Highways Structural Works (PE&CS) £1.0m
- Property Enhancements Programme (PE&CS) £0.6m
- Road Safety (PE&CS) £0.2m
- Street Lighting (PE&CS) £0.2m
- Town Centre Initiatives (PE&CS) £0.3m

79. An indicative budget for the Transport for London has been set at £4.0m on the basis of the schemes set out in the Local Improvement Plan 2011-14. The level of funding received may vary from this figure and the programme will be adjusted accordingly.

80. In addition to the programmes set out above, the capital programme for 2011/12 provides £19m of funding for the following ongoing major projects, £13m of which is expected to be rephased from 2010/11 budgets:

- Arundel Road Development HIP (PE&CS) £2.0m
- CCTV Programme (PE&CS) £0.2m
- Farm Barns (PE&CS) £0.2m
- Hayes End Library Development (PE&CS) £2.1m
- Highgrove Pool Phase II (PE&CS) £3.8m
- Libraries Refurbishment (PE&CS) £0.6m
- New Years Green Lane (PE&CS) £1.6m
- Ruislip High School - Expansion (E&CS) £1.4m
- South Ruislip Development (PE&CS) £6.6m
- Willow Tree Centre (PE&CS) £0.3m

81. The Housing Revenue Account capital programme includes £11m ongoing works to the Council's housing stock, plus the continuation of new build schemes for general needs of £4.5m and extra care schemes for vulnerable residents of £7.2m. Both new build schemes are partly funded through grants successfully obtained from the Homes and Communities Agency.

82. The general schools capital programme is primarily funded from Department for Education resources. Final determinations of these allocations for 2011/12 onwards are not yet known and assumed levels of funding are included in the above programme. The £9.1m schools capital budget included in the latest draft programme is dependent on these external funding streams and will be adjusted to match available resources.

83. Primary school expansions are continuing, with major works to a number of schools in the borough due to be completed by September 2012. As noted above the £29.8m scheduled for 2011/12 is expected to be financed from existing funding allocations and other external contributions, reducing any call on Council Resources in 2011/12.

Revenue Impact of the Capital Programme

84. Revenue financing costs for the draft capital programme have been taken into account in producing the revenue budgets set out above. These will be kept under review and opportunities for improving the funding of the capital programme such as through external funding bids will be sought in order to minimise any impact on revenue financing costs.

85. The anticipated impact of the major investment in provision of school places beyond 2011/12 in the borough has been factored into future revenue budgets, with additional funding for capital financing of £2.9m being included by 2012/13.

86. To finance the proposed programme outlined in Appendix 9, council resources and supported borrowing of £57.7m is required, of which it is anticipated that asset disposals will generate £15.6m. The revenue impact of the remaining £42.1m of borrowing will be approximately £3.1m per year from 2012/13 in interest and MRP charges.

Summary of the Capital Programme

87. A summary of the Council's proposed capital programme by project themes is set out in Table 10 below:

Table 10: Summary of Proposed Capital Programme

| Programme Type | Draft Programme 2011/12 (£000s) | Draft Programme 2012/13 (£000s) | Draft Programme 2013/14 (£000s) | Draft Programme 2014/15 (£000s) |
|-----------------------------|---------------------------------|---------------------------------|---------------------------------|---------------------------------|
| New Capital Projects | 8,304 | 1,000 | 0 | 0 |
| Programmes of Works | 8,813 | 7,798 | 7,728 | 6,613 |
| Transport for London | 4,000 | 4,000 | 4,000 | 4,000 |
| Continuing Capital Projects | 18,764 | 569 | 0 | 0 |
| Schools Capital Budgets | 9,119 | 6,656 | 6,656 | 6,656 |
| Primary School Expansions | 29,861 | 17,615 | 18,546 | 26,886 |
| General Fund Contingency | 2,547 | 0 | 0 | 0 |
| Housing Revenue Account | 23,600 | 11,026 | 10,850 | 10,850 |
| Programme Total | 105,008 | 48,664 | 47,780 | 55,005 |

SCHOOLS BUDGETS

88. The outcome of the Spending Review for schools revenue budgets includes a headline increase of 0.1% per year in real terms (i.e. after assumed inflation) in each year of the Spending Review period.

89. This equates to a cash increase of £3.6 billion nationally in the schools budget by 2014/15. £2.5 billion of this will be contained in the new Pupil Premium for disadvantaged pupils. The remaining cash increase will be needed to cover demographic pressures on pupil numbers, so that the basic per pupil amount of funding is likely to be frozen in cash terms over the Spending Review period.

90. The Spending Review also signals a major reduction in the number of specific grants associated with school funding. Remaining specific grants are likely to be rolled into either the Dedicated Schools Grant (DSG) or a new unringfenced Early Intervention Grant.

91. It is expected that local authority level and per pupil allocations of funding will only become available during December 2010. These allocations will then be translated into provisional proposals for consultation with schools that will be set out in a consultation paper to be issued following approval by the Cabinet Member for Education and Children's Services, and initial discussion with the Schools Forum.

92. The consultation will run until 17 January 2011, after which Schools Forum will consider the results of the consultation at its meeting on 25 January 2011, when decisions will be made on funding proposals for 2011/12. These decisions will be incorporated into a report to Cabinet on 17 February 2011. Schools will be issued with indicative budgets in early March 2011 for the 2011/12 financial year. Final budgets will be issued to schools by 31 March 2011.

HOUSING REVENUE ACCOUNT (HRA)

93. For 2011/12 the HRA budget setting process will continue to be largely dependent upon the HRA Subsidy Determination which is the responsibility of Department for Communities and Local Government. The draft Determination includes the parameters for the calculation of subsidy including management, maintenance and major repairs allowances. Since the introduction of rent restructuring in 2002, the Determination effectively has also provided government direction for individual council rents.

94. The draft Determination for 2011/12 was issued on 5th November 2010 and re-issued five days later on 10th November 2010 as the original contained minor errors for consultation. Responses are required by 16th December 2010. An analysis of the draft Determination proposals indicates that average rents in Hillingdon will need to increase by 5.9% so that the current average rent of £89.89 per week will increase by £5.26 to £95.24 per week. However, from 2011/12 Hillingdon as a 'first and second round' ALMO, are due to have their Decent Homes ALMO Allowance converted to debt for subsidy purposes which will attract interest relief within the subsidy system and the corresponding financial benefit from decent homes funding will be spread over the long term.

95. As these figures have been calculated from draft Determination data they are likely to change when the final Determination is issued in January. However, in recent years the change between the draft and final Determinations has not been significant. The main reason for this is that over the last three years DCLG has kept stable the broad parameters for the subsidy system to reduce volatility from year to year pending the HRA Review. The outcome of this review should mean that this is the last year for the HRA subsidy system as the government has planned to replace this with self-financing from April 2012 subject to parliamentary approval of the Localism Bill.

96. Self-financing will then be implemented through a mandatory one-off settlement payment between each local authority and central government, which will be determined by a valuation of each local authority's social housing business. These valuations will take account of income and expenditure needs over 30 years and the level of housing debt. DCLG are planning to publish a policy document in January detailing the methodology behind the settlement. It will also include a model with updated data that will enable local authorities to calculate the likely impact for them of the self-financing deal. Such a model along with data was published as part of the consultation document '*Council housing: a real future*' in April 2010. The indicative figures for Hillingdon within the consultation document were favourable mainly due to the current system being disadvantageous and any change would therefore most likely improve the HRA finances.

97. The consultation document was published before the new coalition government plans for reducing the public sector deficit had been worked up. These are very likely to impact on the self-financing settlement and as noted above the changeover will be mandatory. The impact on the Hillingdon HRA will be reported to Cabinet soon after the policy document including the updated data that DCLG has planned for January is published.

Financial Implications

This is a financial report and the financial implications are included throughout.

EFFECT ON RESIDENTS, SERVICE USERS & COMMUNITIES

What will be the effect of the recommendation?

The draft budget proposals in this report result in a zero increase in Council Tax for the third successive year. The Medium Term Financial Forecast contains the funding strategy for delivering the Council's objectives as set out in the Council Plan. The effects are therefore extremely wide ranging, and are managed through the performance targets and outcomes that will be delivered through the resources approved in the draft budget.

The draft budget includes changes to several services which will impact on the level of service provision for some users. Overall the package of proposals is designed to secure the most effective combination of service outcomes across the whole of the Council's business, by improving the value for money offered by services and by maximising funding, procurement, efficiency and service effectiveness gains.

Consultation Carried Out or Required

Following consideration at Cabinet, this report will form the basis of consultation with Policy Overview Committees during January 2011. Comments from the Policy Overview Committees will be reported back to Cabinet by the Corporate Services and Partnerships Policy Overview Committee when Cabinet meets on 17 February 2011. Cabinet will then agree a set of budget proposals for recommendation to the annual Council Tax setting meeting of full Council on 24 February 2011.

The Council also has a statutory responsibility to consult on its budget proposals with business ratepayers in the borough. Schools Forum will also be consulted on those proposals that have a potential impact on schools budgets.

Individual service Groups will also be undertaking consultation with service users, staff and other stakeholders over this period on the key elements of their service proposals prior to full implementation in the new financial year.

CORPORATE IMPLICATIONS

Corporate Finance

This is a corporate finance report and the corporate financial implications are noted throughout.

Legal

The Cabinet is responsible for the preparation of the Council's Budget. Therefore the Budget and Policy Framework Procedure Rules, as set out in the Constitution, require it to make proposals on its budgets in accordance with the timetable which it has publicised.

The Cabinet is free to amend the proposals in this report as it wishes. It must nevertheless have regard to the need for the budget to be soundly based, adequate to fund the expected level of

service provision next year, and to provide for unexpected events through contingencies and balances.

Following this meeting, the Cabinet's proposals will be published and will form the basis of consultation with Policy Overview Committees and other consultees such as business ratepayers in the Borough and the Schools Forum who will have a period of six weeks to put forward their views.

The Cabinet will ultimately consider any responses from the Policy Overview Committees and other consultees and take them into account in drawing up firm proposals for submission to full Council at its meeting on 24 February 2011. Its report will reflect the comments made by consultees and its response to them.

Relevant Service Groups

The draft budget proposals included in this report result from a substantial corporate process involving all service Groups. In particular, individual Corporate Directors and CMT collectively have endorsed the proposals in this report. The implications for all services of the individual budget proposals are set out in detail in the attached appendices.

BACKGROUND PAPERS

Report to Council 25 February 2010 – General Fund Revenue Budget and Capital Programme 2010/11.

| Corporate Summary | 2010/11 £(000s) | 2011/12 £(000s) | 2012/13 £(000s) | 2013/14 £(000s) | 2014/15 £(000s) |

|-------------------------|---|-------------------|-------------------|-------------------|-------------------|
| Prevention | | | | | |
| PR1 | Improved Commissioning and Contracting This item summarises a number of proposals involving i) better commissioning ii) obtaining better value for money from current providers of services through a reduction in unit costs and other methods iii) recommissioning similar services into a single lower cost package without reducing quality or service levels to Hillingdon residents. | 1,000 | 1,100 | 1,200 | 2,000 |
| PR2 | Review of the Paradigm Care and Repair (C&R) and Handyperson Scheme following formal notification that the current providers do not wish to tender. | 45 | 45 | 45 | 45 |
| PR Total | | 1,045 | 1,145 | 1,245 | 2,045 |
| Reablement | | | | | |
| RE1 | Reablement Service The proposal seeks to remodel the current in-house home care service into a specialist reablement service that will deliver improved outcomes for older people through short-term, intensive support that will reduce the level of on-going support required. This will involve the transfer of existing long term home care clients who need long term help, to alternative P&V service providers, thus freeing up in house home care resources for reablement. The proposal includes expansion of Assistive Technology (Careline/Telecare), to include an enhanced service offer including a mobile response service. This is integral to reablement and prevention of residential admission and will help more people to be maintained in their own homes | 1,278 | 1,606 | 3,707 | 4,707 |
| RE1a | Reshaping Learning Disability Housing & Support The redesign and development of a range of housing options for people with a learning disability by supporting people with a learning disability to move from residential care to supported living accommodation or properties that meet their individual needs. By supporting people to maintain or regain a more independent lifestyle there will be a significant reduction in costs from a diversion from long-term residential placements. A range of services will be designed to provide individually tailored housing and support options including personal budgets that will deliver better outcomes for customers and will to enable individual choice about how they wish to live their lives. This will promote choice, independence and wellbeing in line with 'Putting People First' and personalisation. | 1,240 | 2,285 | 2,785 | 3,285 |
| RE1b | Reshaping Physical Disability Housing & Support This proposal builds on the current MTFF saving of £500k included in the 2010/11 base, to shift the balance from residential and nursing care for people of 18 to 64 with physical disabilities needing a service by redesigning and developing a range of housing options. Savings will be achieved by supporting people with a physical disability to move from residential care to supported living accommodation or properties that meet their individual needs. By supporting people to maintain or regain a more independent lifestyle there will be a significant reduction in costs from a diversion from long-term residential placements. | 0 | 75 | 100 | 125 |

| ASC, HH Ref | Description | 2011-12 £000's | 2012-13 £000's | 2013-14 £000's | 2014-15 £000's |
|--------------------------|---|-------------------|-------------------|-------------------|-------------------|
| In-House Services | | | | | |
| RE2 | Learning Disability In-House Services, Day Services & Client Transport The proposal is based on a review of Learning Disability day services to change delivery from a traditional approach, to supporting people to access more community services and help to proactively maintain independence. Part of the overall strategy will be rationalisation of the number of building based services resulting in services being concentrated on adults with the highest level of vulnerability and complex needs. All other current users will receive alternatives either from their residential home or voluntary sector and community based options. As part of the day services strategy, overall transport needs have been reviewed, and the proposal includes the adoption of an eligibility criteria that determines the circumstances in which transport is provided free of charge. | 298 | 661 | 979 | 1,069 |
| RE3 | Older People In-House Services, Day Services & Client Transport Review of Day Services for Older People to change delivery from a traditional approach, to supporting people to access more community services. This will help to proactively maintain independence and reablement potential. Part of the overall strategy will be rationalisation of the number of building based services resulting in services being concentrated mainly on specialist dementia support. This will include an associated reduction in transport provision and review of eligibility. | 323 | 332 | 452 | 512 |
| RE4 | Residential Services Review of use of four establishments to maximise number of units of supported housing and move away from residential model. | 122 | 122 | 122 | 122 |
| RE5 | Healthy Hillingdon / Public Health Review of Healthy Hillingdon service to achieve a funding level equal to external funding sources (£325k). Further review of all health related initiatives to achieve an £80k savings. | 405 | 405 | 405 | 405 |
| RE Total | | 1,148 | 1,520 | 1,958 | 2,108 |
| External Services | | | | | |
| ES1 | West London Alliance Home Care Framework & High Cost Packages Market management through the West London Alliance for residential and non-residential services, leading to cost reductions and greater efficiencies. A new framework of home care providers has led to an increase in the supply of providers and a reduction in hourly costs. Additional savings from further discounts through providers are being worked on. A review of high cost residential care packages will reduce costs further albeit in conjunction with RE1a and RE1b to avoid double counting. | 483 | 602 | 702 | 702 |
| ES2 A | In-House PSL Changed arrangements for the provision of temporary housing for homeless households. The £196k saving represents the full year effect of the £250k already included in the 2010/11 base. | 196 | 196 | 196 | 196 |
| ES2 B | HRA Review To review the levels of expenditure supported by the HRA and identify opportunities for maximisation. This will include recharges between the two in addition to looking for opportunities to increase support from the HRA for services delivered across the council, taking opportunities afforded by the transfer back to the council of Hillingdon Homes. | 500 | 500 | 500 | 750 |
| ES6 | This refers to the retendering of the meals service which created £110k fye savings in 2011/12. | 110 | 110 | 110 | 110 |

| DEPUTY CHIEF EXECUTIVE'S OFFICE | | | | | |
| HR/Learning and Development | | | | | |
| HR1 | BID review of Human Resources (HR) Service Initial savings in 2011/12 relate to the review of the HR structure in 2010/11, with the full year effect of restructuring already implemented being reflected in 2011/12. The proposal also includes the implementation of an automated expenses reimbursement process and a review of Occupational Health provision as well as savings that have been identified that can be delivered in 2012/13 and thereafter reflecting the impact of the Council downsizing in future years as well as the BPR of key processes. | 157 | 249 | 329 | 341 |
| HR2 | Learning & Development (L&D) Activity and Budgets - revenue generation & in-house delivery Savings potential from reviewing current spend on L&D, reviewing the core offer and responding to a downsizing workforce. | 165 | 202 | 227 | 227 |
| HRBS1 BID Review of Business Support | | | | | |
| | The saving in 2011/12 is the initial saving from the review of the structure and relates to the full year effect as the restructuring has already been implemented to deliver BID savings in 2010/11. Further restructure proposals will be progressed once the Senior Manager of the team is in post (October 2010). Savings from 2012/13 take into account the future downsizing of the Council and the transfer of further Business Support posts from Groups as part of the roll out of the operating model. | 47 | 68 | 89 | 110 |
| HRBS2 | Review of Stationery Contract New contract in place with effect from 1 November 2010 | 9 | 9 | 9 | 9 |
| Total HR/Learning and Development | | 378 | 528 | 654 | 687 |
| Legal Services | | | | | |
| LS1 | BID Review of Legal Services This reflects the saving from the review of the structure. The figure reported here is the saving that can be achieved in the General fund, the remaining balance relates to savings within the HRA (the HRA team lost the most posts). This is the full year effect as the restructuring has already been implemented to deliver BID savings in 2010/11. Further opportunities should exist going forward as the Council downsizes. | 74 | 128 | 128 | 128 |
| Total Legal Services | | 74 | 128 | 128 | 128 |
| Democratic Services | | | | | |
| DS1 | Review of Special Responsibility Allowances Potential impact of Review of Cabinet Member Structure | 27 | 27 | 27 | 27 |
| DS2 | BID review of Democratic Services - phase 2 Phase 1 has already been implemented, which related to a review of the Registration of Births, Deaths and Marriages and Registrar of Elections services. Phase 2 is looking at the potential for efficiencies in other areas of Democratic Services. | 25 | 25 | 25 | 25 |

|--|--|-------------------|-------------------|-------------------|-------------------|
| Policy and Performance | | | | | |
| PP1 | BID Review of Policy and Performance Services Savings in 2011/12 relate to the review of the structure in 2010/11. This is the full year effect as the restructuring has already been implemented to deliver BID savings in 2010/11 including the deletion of a Head of Service post. It also includes savings from reviewing the central structure supporting performance, policy and partnerships. The business process review of policy and performance, which is in line with the BID proposal will deliver savings in 2012/13 and thereafter. | 140 | 180 | 280 | 380 |
| PP2 | Review of London Boroughs Grant Scheme The responsibility for the budget will transfer back to each authority w.e.f. 1.4.11. Potential opportunities for savings (or capacity to take on non core services from the Council) should be possible from 2012/13 onwards depending on the final details of the protection arrangements for voluntary sector Groups previously funded by the LBGS. | 0 | 43 | 101 | 160 |
| Total Policy and Performance | | 140 | 223 | 381 | 540 |
| Health and Safety | | | | | |
| HS1 | BID Review of Health & Safety functions across the Council A review of Health & Safety has just started following agreement for its transfer to central services. This is the minimum level of savings that the review should be capable of delivering. | 44 | 97 | 97 | 97 |
| Total Health and Safety | | 44 | 97 | 97 | 97 |
| Communications | | | | | |
| CC1 | BID Review of Communications Service This relates to the proposed rationalisation of staffing structures following an in-depth review of the service, which is currently at the consultation stage | 200 | 200 | 200 | 200 |

| Ref | Description of proposal | 2011/12 £000's | 2012/13 £000's | 2013/14 £000's | 2014/15 £000's |
|--------------------------------------|--|-------------------|-------------------|-------------------|-------------------|
| FINANCE AND BUSINESS SERVICES | | | | | |
| Finance Services | | | | | |
| FS1 | BID Finance Review - Restructuring of Debtors and Creditors functions Centralisation/rationalisation of 3 teams into 1, and of 3 systems into 2, combined with significant systems development involving Oracle debtors and a new Capita system for phone/internet payments. The figure includes opportunities to reduce the cost of cash handling and collection which is another key aim of the project. | 305 | 305 | 305 | 305 |
| FS2 | BID Finance Review The Finance teams for each Group handle all work from the high level strategic to the very low (journals, virements etc). There is scope to centralise the low value added low level work, thus enabling the teams to concentrate on important value added work on monitoring, MTFF, development of savings etc. In addition, as the Council downsizes over the coming years and concentrates on a more limited core offer and employing less staff, the Finance support requirements should reduce. Opportunities for more systems led BPR work and the continued move away from specific grants should reduce finance support requirements. | 184 | 384 | 504 | 504 |
| FS3 | Review of Insurance Insurance has been split out from Internal Audit and moved into Finance. A review will be undertaken of how the Insurance service runs and this should provide opportunities for efficiencies. | 21 | 50 | 50 | 50 |
| FS4 | Audit Fees Reduced external audit fee due to deletion of CAA requirement. There should be the scope for further savings from 2012/13 and onwards as the Audit Commission is deleted and authorities are free to tender for External Audit Services | 50 | 100 | 100 | 100 |
| Total Finance Services | | 560 | 839 | 959 | 959 |
| Business Services | | | | | |
| BS1 | BID Service Review - Apply Operating Model to Business Services Following the transfer of the service to the new Finance & Business Services Directorate, a review of the structure has started. In particular the BID work undertaken on Passenger Services so far suggests the potential to save money through the setting up of an Integrated Passenger Services Team. | 170 | 170 | 170 | 170 |
| BS2 | BID Expenditure Review of Bereavement Services Potential savings in staffing and non staffing budgets have been identified as part of the initial review of this service | 43 | 43 | 43 | 43 |
| BS3 | Review of Bereavement Services fees and charges A review of the fees and charges for this service indicates that Hillingdon is in some instances well below the benchmark across London. In this financial year a minimum of 50 plots have been purchased by non-residents. A number of authorities also offer a Pet Burial Service, this is something that could be introduced quickly with minimal investment. | 213 | 213 | 213 | 213 |

| Ref | Description of proposal | 2011/12 £000's | 2012/13 £000's | 2013/14 £000's | 2014/15 £000's |
|--------------------------------|---|-------------------|-------------------|-------------------|-------------------|
| BS4 | BID Review of Imported Food Unit An initial BID review of the service suggests that potential savings can be achieved from a review of the operating model and introduction of a rota work system, rather than relying on overtime. A number of new initiatives have also been introduced, which will allow Port Authorities to levy fees on checks that need to take place on imported goods. | 578 | 578 | 578 | 578 |
| Total Business Services | | 1,004 | 1,004 | 1,004 | 1,004 |
| ICT Services | | | | | |
| ICT1 | BID Review and consequent Restructuring of ICT Service Savings in 2011/12 relate to the review of the structure in 2010/11 and reflects the Full Year Effect as the restructuring has already been implemented. The gross saving delivered in a full year was £364k, however of this £160k has been used to fund a new transformation team, with a further £60k being used to fund a Business Partner post. The new structure has also provided the capacity for the in-house team to deal with internal office moves saving a further £30k, with the result that the saving is the net position. Savings from 2012/13 relates to the continuation of the unification of ICT services and exploiting the opportunities that arise as the authority downsizes over the coming years. | 174 | 384 | 414 | 414 |
| ICT2 | Potential Opportunities from Re-tendering ICT Contracts The Council's ICT current managed services contract terminates in April 2012 and preparations are currently being made to go through the tender process. It is intended to also wrap up other major ICT contracts into the same tender, although in separate lots, so as not to reduce competition. It is expected that this will then enable the Council to exploit fully the potential of Cloud Technology in 2014/15. At present it is believed this cannot sensibly be delivered earlier due to data security issues needing to be sorted. | 0 | 0 | 0 | 400 |
| ICT3 | Review of Telephone and Mobile Phone contracts and usage Introduce improved Procurement processes, offsetting future increased usage | 25 | 25 | 25 | 25 |
| ICT4 | Impact of Microsoft Migration This includes both staffing and non-staffing budget savings and continues the payment holiday that has been taken on Microsoft Licences, which has already delivered savings of £130k. | 0 | 0 | 30 | 30 |
| ICT5 | Process development within Contact Centre Opportunities through the use of improved technology and investigating different delivery models, including considering the outsourcing of individual services. | 0 | 90 | 180 | 270 |

| Youth and Connexions | | | | | |
| 4.1 Youth and Connexions Review (Youth) | | | | | |
| | Undertake a comprehensive review and restructure of youth services. Savings to be achieved through more effective ways of working and services delivered through our compliment of young people's centres. The proposal relates to two interrelated phases. Phase one is concerned with delivering less complex and more readily achievable changes in areas such as training, mobile provision, part time youth work contracts and part-time projects. Phase two is the more substantive and complex aspect of the project. It will involve a comprehensive review of the current youth service function and will lead to the remodelling of the whole service workforce. It is anticipated that a new service delivery model will emerge that will provide a new consolidated offer through seven young people's centres. | 288 | 863 | 963 | 963 |
| 4.2 Youth and Connexions Review (Connexions) | | | | | |
| | Continue process of reducing cost of service already commenced by re-negotiate contract for the provision of information, advice and guidance and tracking services at a reduced contract price for 2011 – 2012 alongside review of management support structures for the Connexions element of the Youth and Connexions Service. | 1,000 | 1,000 | 1,041 | 1,041 |
| 4.3 BID Review of the Fiesta programme | | | | | |
| | Reduce the costs of and increase the income from the FIESTA programme whilst, where possible, maintaining the quality and quantity of the offer. | 65 | 65 | 65 | 65 |
| Total Youth and Connexions | | 1,353 | 1,928 | 2,068 | 2,068 |
| School Improvement Service (SIS) | | | | | |

Introduction

This appendix sets out the current 2010/11 charge and any proposed changes to the fees and charges for 2011/12.

Recommendations

It is recommended that discretionary charges for Adult Social Care and Housing Services are amended as followed:

- (a) That the maximum charge for Homecare which is currently £260.00 per week is removed
- (b) That the charge for services subject to VAT are increased by 2.5%
- (c) Residential based respite care, continue with 28 nights free residential based respite care in any one financial year; thereafter a flat rate charge equal to Income Support / Pension Credit levels less the personal expense allowance
- (d) That for those clients in receipt of a personal budget the maximum charge will be set at 100% of their personal budget amount

The full cost of Adult Social Care services is recharged to Other Local Authorities; therefore the maximum charge in some cases refers to the amount that would be charged should another LA use that service.

A number of LBH social care charges are linked to the DWP and DCLG rate and are therefore based on current information although subject to confirmation. Cabinet are asked to delegate authority to Officers to amend the proposed charges contained in this report should these rates subsequently confirmed by the DWP and DCLG be different.

A number of LBH Housing charges are linked to DCLG directives and Cabinet are asked to delegate authority to Officers to amend the proposed charges contained in this report should these rates subsequently confirmed by the DCLG be different.

Adult Social Care Services

The regulations governing the Adult Social Care (Social Services) charging regime are complex and therefore, as an aid to decision making, the report provides Members with background information on the statutory framework which regulates it.

Residential Services

Local authorities (LA's) are obliged to charge persons provided with accommodation under Part 3 of the National Assistance Act 1948. Section 22 of the Act requires LA's to fix a standard rate for such accommodation at an amount equivalent to the full cost to the authority in providing or purchasing it. LA's must assess an individual's ability to pay for services and decide what amount should be charged using the 1992 Assessment of Resources Regulations. Residents must be given a clear explanation of their financial assessment and informed of any proposed changes.

Residents will pay their assessed charge direct to the LA except when placed in the independent sector when residents may pay their contribution direct to the home or to the LA with the LA paying the remainder. LA's remain responsible for the full amount of the debt should the resident default on payment. A charge should not be made for aftercare services provided under section 117 of the Mental Health Act 1983.

Clients may choose accommodation anywhere in England and Wales and at a more expensive rate than the council would usually expect to pay providing that the resident or a third party is willing and able to pay the 'top up' difference. Failure to meet top up arrangements could result in the resident being moved to other cheaper accommodation. Similarly self-funding clients with diminishing resources could find themselves being moved to lower cost accommodation. However, if their assessed needs can only be met in their current accommodation neither the resident nor a third party should be asked for a top up. Any arrangements made between the council, a resident and third parties will need to be reviewed regularly to take account of changes to accommodation fees and the council's usual costs which may not change in line and at the same rate. It must be made clear to residents and third parties whether the council intends to share the costs of future accommodation price increases.

Funding councils may refer to their own "usual costs" when making placements in another council's areas. A council's usual cost policy should be set at the start of each financial year, planning period or in response to significant market changes. The calculation of usual costs should be based on actual cost of providing care, other local factors and best value requirements. Councils should not set arbitrary ceilings on the amount they expect to pay for services nor should residents be charged more as a result of market inadequacies or commissioning failures. Councils need to be able to demonstrate that set costs are sufficient to meet assessed care needs to provide residents with the level of care services that they could reasonably expect to receive.

Non-Residential Services

Section 17 of the Health and Social Services and Social Security Adjudications Act 1983 gives councils a discretionary power to charge adult recipients of non-residential services. Section 17 of the Act provides that councils may recover such charges as they consider reasonable; this necessitates taking account of a user's financial means. Particular care needs to be taken to avoid an adverse impact on a user's income and guidelines have been published by the DH and are contained in "Fairer Contributions Guidance, Calculating an Individual's Contribution to their Personal Budget" published in July 2009. In the opinion of Officers the charging policy for non-residential care meets these revised DH guidelines and therefore formal consultation is not necessary. Councils can justify charging a flat rate for services such as meals which substitute for ordinary living costs.

In considering what is reasonable in their local circumstances councils may need to go beyond the DH minimum requirements that a user's net income should not be reduced below defined basic levels of income support or the Guarantee Credit of Pension Credit plus a 25% buffer. This minimum level is set so as not to undermine policies for social inclusion and the promotion of independence

It is not proposed to increase the currently hourly rate of £13.80. However it is necessary to consider increasing the maximum charge per week from £260 to full cost recovery. This is because if the limit remains unchanged then the implementation of the personalisation agenda could encourage clients who currently fund themselves to apply for a personal budget. For example should their care package exceed £260 then the council would effectively be subsidising those who currently are ineligible for council funded support due to their financial circumstances. At the present time there are 6 clients out of approx 800 being billed at the £260 maximum level.

It is not acceptable to make a charge on disability benefits without assessing the reasonableness of doing so for each user. The guidance expects earnings of disabled people and their carers to be disregarded for assessment purposes so as to provide an incentive for them to enter and progress in the work environment. Councils have a responsibility to seek to maximise the incomes of users, where they would be entitled to benefits and therefore should ensure that comprehensive benefits advice is provided to all users at the time of a charge assessment. Councils need to monitor the impact of charging policies on users and need to know how much it costs to administer their system.

In November the DH published new guidance on charging for residential based respite care which requires a necessary change to the LBH financial assessment process. Currently if someone receives residential based respite care there is no charge for the first 28 nights but from the 29th night a Fairer Contribution is undertaken to determine their financial charge. The DH guidance which is now incorporated within CRAG[1] now includes the following:

“An assessment of ability to pay is not required for the first eight weeks of a stay. It is for the local authority to decide whether it will carry out a financial assessment or whether it will charge an amount that it appears reasonable for the resident to pay. If it is decided to carry out a financial assessment the calculation should be in accordance with Sections 4 to 12 of CRAG.”

As a result the council needs to amend its approach and could amend its policy to one of the following:

- (a) continue with 28 nights free residential based respite in any financial year and a flat rate charge thereafter
- (b) continue with 28 nights free residential based respite care in any financial year and a CRAG financial assessment thereafter
- (c) levy a flat rate charge that the council deems reasonable for the resident to pay from day one
- (d) financially assess under CRAG regulations from day one
- (e) waive the charge for up to 8 weeks

Prior to removing the charge for the first 28 nights the council charged a flat rate sum equal to Income Support levels less the personal expense allowance. This was a simple and administratively efficient approach as it did not require a financial assessment to effect the charge.

It is therefore recommended that option a) above is adopted and that the flat rate should be equal to Income Support / Pension Credits levels less the personal expense allowance after the first 28 nights in any one financial year. This would represent an interim solution pending a full assessment of all the options available to the department relating to this (November) published DH guidance.

At the present time the number of people in receipt of a personal budget is in a minority but over the course of the next 2 years this is expected to rise to a majority and the current method of charging for non-residential care cannot be applied to this growing group. There is therefore a need to recommend a methodology by which a charge can be raised.

The DH guidance[2] allows authorities to choose the percentage of a persons personal budget that should be subject to a charge and thereby determines the maximum charge according to their individual financial circumstances.

Experience from those authorities further ahead in this implementation suggest that this percentage should be set at 100% as by doing so it makes the outcome more transparent, less complicated and therefore less open to challenge. Once substantial numbers are in receipt of a personal budget this percentage can be reviewed and changed if required.

Income Management

Assessment of a person's need for care should not be confused with the financial assessment, of a person's ability to pay a charge. Once someone has been assessed as needing a service that service should not be withdrawn because the user refuses to pay the charge. The Council should continue to provide the service while pursuing the debt which may involve taking action through the civil courts.

The Council's solicitor advises that the Council has no course of redress should a client default on payment in such circumstances where a client is charged the full rate without them having completed a financial assessment. The solicitor advises also that where a person has power of attorney over a client's affairs and defaults on making a payment on their behalf the council would have to sue the client who in turn would have to counter sue the person with power of attorney. This course of action is not considered feasible due to the fact vulnerable clients are reluctant to pursue the matter.

Housing (General Fund) Services

Introduction

The appendix below lists all the Housing General Fund rents and fees, with officers proposed changes to the current charges. Brief details of each item are given below.

Coine Park Caravan Site

As regards the main rental charge and following consultation with Hillingdon Housing Service, and in line with HRA dwelling increases, a 5% inflationary increase is recommended for all plots at the caravan site. This inflationary rise is set in comparison to the main council dwelling rents.

Increased water charges from the Water supplier requires an increase of 7p per week.

As part of the Government funded improvements to the caravan site, two new double plots were created by combining single plots. Rental charge for the two new doubles plots need to be adjusted to reflect the size of the double plots.

It is recommended that rent for the two double plots is set at 175% of a single plot rent for the year 2011/12. It should be noted that all residents at the site are housing benefit claimants and 100% of the rent charged is rebatable, as such any permitted rent increase at the site will not cause hardship to caravan site residents.

Careline

The cost of providing Careline to private residents is charged to the General Fund (GF), whilst the cost of Careline provided to council tenants is charged to the HRA. Following a review of the Careline charging policy in 2003/04, the Council decided to harmonise Careline charges between the HRA and GF residents, by reducing Careline charges to private sector users. The primary aim of this policy was to ensure that the residential alarm service was affordable to all residents; the current monthly cost is £4.91 (£5.77 inclusive of VAT) and has remained unchanged since April 2005. It is recommended that this remains unchanged.

Private Sector Enforcement Notice

A charge can be made when a formal enforcement notice is served under the Housing Act 2004, as was the case with the previous legislation it replaced. The service has in the past charged the maximum allowed under the statutory order and confirmation of this charge for 2011/12 is awaited from the DCLG.

HMO Licensing

This relates to Houses in Multiple Occupation, which depending on size are now subject to more detailed regulation and licensing. The Council's costs are recoverable via a fee which is set according to a formula agreed by the West London Housing sub-regional group.

Works in Default

Officers will, after appropriate notice, ensure that works to property are carried out, where there is a safety or health concern. Costs incurred are recoverable which, following legal advice, are based on the cost of the officers' time involved in resolving the issue.

Homelessness / Temporary Accommodation

Two main types of temporary accommodation are used for homeless residents of the borough:

- a) Private Sector Short-term Leases (PSL).
- b) Bed & Breakfast accommodation (B&B).

a) PSL

In 2002/03 the Government provided new incentives to local authorities which made PSL properties affordable for local authorities for use in accommodating homeless clients. Rent charges for PSL properties are constrained; the Government sets maximum rent levels for Housing Benefit eligibility. In recent years the practice has been at Hillingdon for officers to set the precise level of rent, with appropriate member consultation, within the cap level, once the announcement has been received. Rents were increased by over inflation levels for 2006/07, to take account of the impact of the 2010 target – e.g. reducing numbers in PSL and less ability to spread costs.

From 2010/11 the Government reviewed the subsidies paid for Housing Benefit on PSL properties and significantly revised the cap level and now apply this across homes according to the number of bedrooms. This had the effect of reducing the council's income by around £6m per annum. The 2010/11 rates along with an estimated rates for 2011/12 are shown in the table below.

| Weekly Rent Charged | 1 Bed | 2 bed | 3 bed | 4 bed | 5 bed |
|-----------------------------|---------|---------|---------|---------|---------|
| 2011/12 Rent pw (Estimated) | £190.17 | £226.41 | £267.84 | £309.26 | £350.69 |
| 2010/11 Rent pw | £190.58 | £226.92 | £268.47 | £310.00 | £375.00 |

The housing benefit cap levels, which are based on the local housing allowance (LHA), that will be apply for PSL properties will be fixed on the January 2011 LHA levels. However, these are likely to be similar to the November 2010 rates shown in the table above.

b) Bed & Breakfast

From 2010/11 the housing benefit threshold for B&B has been similarly set at the January 2011 LHA rates. Officers are recommending a rental charge to recover cost of procuring and managing B&B accommodations be set at the appropriate LHA bed levels for 2011/12.

2011/12 MTFF

The planned increases for discretionary charges proposed for 2011/12 are as set out in the recommendations above and are estimated to increase income by £100k. The total income base is approx £20.6m; this marginal increase in income is because the majority of the departments charges (and therefore income) is effectively set by Government.

Street naming and numbering

New fees for this service were agreed by Cabinet on the 18th November 2010

Legislative empowerment

Hillingdon Council is responsible for the naming and numbering of new or existing streets and buildings within the borough boundaries. The council carries out these functions under The London Building Acts (amendment) Act 1939 – Part 11.

Section 5 allows an intended name of a road to be proposed to the Council, and if the Council objects to that name it must do so within one month. The Council will place a public notice about the name and consult the postal and emergency services and any interested party affected by the name. However

Section 6 allows the Council to assign any name it thinks fit, after carrying out consultations outlined above.

The council has sole right to:

- Name new streets and pathways (parks are excluded)
- Name new buildings (licensed premises and theatres are excluded)
- Rename existing streets and buildings
- Decide on numbering and renumbering of buildings

Procedure

The decision to name streets and the numbering of buildings follows council guidelines and various legal statutes. In May of this year it was agreed by Cabinet that:

The guidelines for street naming be reviewed and updated with agreed criteria

Approval be given for the Leader of the Council to have discretionary authority to consider and agree the use of names relating to contemporary, local or national events and activity, and

Approval be given for the Leader of the Council to have discretionary authority to agree the use of names of an individual or notable person who was born or lived in the area or had a significant connection with the area/site or building.

The above recommendations were agreed by Cabinet and immediately implemented. The introduction of charges for street naming and numbering would not affect any of these recommendations.

The processing of proposals for new street naming and numbering require quick turn around of decisions and do not attract extensive public interest. For proposals to name new streets the developer is asked in the first instance for suggestions within Council guidelines. If the developer cannot think of a name, officers look into the local history of the area to find out whether there are any appropriate names that might be considered. In appropriate cases that can involve liaison with local history societies (RAF Eastcote Street naming involved input from the local history society).

When it is a Council Scheme the housing association or the Council may also suggest names, but a formal process must be followed. The general rule is that if the name of a person is suggested; for example, government officers, MPs, Royalty, Councillors etc this person must have been dead for ten years. In the rare event that this principle is disregarded then written permission must be obtained from that person or next-of-kin.

Formal consultation is carried out with the Post Office, Fire Brigade and Ambulance Service to check whether they have any objections to the proposed name. If there are no objections the name and postal number for each dwelling is officially allocated and a notice issued to the developer. Confirmation is sent to those consulted and then the Post Office allocates the postcode/s. Each month officers issue a list of all new addresses distributed to a number of council departments as well as adjoining boroughs, the Police, BT, Cable Corp, and Bartholomew Maps. Ordnance Survey is also advised. Site visits are often required to verify application details. There is thus quite a lot of work involved in the various administrative processes carried out by Council technical support staff.

Potential to generate income from naming of streets and buildings

Section 93 of the Local Government Act 2003 confers a general power to charge for discretionary services with the intention of allowing local authorities to recover costs, though not to generate surplus.

Section 93 is already used to justify charged pre-application advice to developers by the Planning Service. (In 2009-2010 this advice generated close to £100K income).

The constraints that exist under Section 93 are (as outlined in the Act):

(2) Subsection (1) does not apply if the authority:-

(a) has power apart from this section to charge for the provision of the service, or
(b) is expressly prohibited from charging for the provision of the service.

(3) The power under subsection (1) is subject to a duty to secure that, taking one financial year with another, the income from charges under that subsection does not exceed the costs of provision.

Section 2(a) is effectively stating that authorities should not double charge. One example is a fee being paid on submission of a planning application, should not be followed by another fee under Section 93.

Charges for Hillingdon

To name or rename a road: £250 + VAT

To name or rename a building/street numbering £100.00 + VAT

Research on possible names for roads or buildings: £60:00 + VAT per hour, chargeable in 15 minute units.

It should be noted that for RAF Eastcote there was considerable research into suitable names linked to the history of the site as an RAF base. The research charge would therefore be very sensible in light of future re-development plans for other RAF sites in the Borough.

Examples of charging from Authorities covered by the London Building Act Part II Amendment of 1939

| | | | | |
|----------------------------------|--|--|---|---|
| Overall Highest London charges | KENSINGTON & CHELSEA | To name or rename an existing road or building: £125.00 | To name a new road or building £515.00 | Research on possible names for roads or buildings: £50:00 per hour, chargeable in 15 minute units |
| Medium Charge/Easy to Apply fees | EALING | Street Naming £ 250 | Building Naming £ 100 Street Numbering £ 100 | |
| Lower charge/Complicated fees | BARKING & DAGENHAM Charges exclude VAT: | New property (1) = £40 Change of approved address = £40 | New Road Name = £210 New Property Name = £190 | Conversion of existing property to up to 4 units = £95 New plots within a development (from 2 to 25) each = £31.50 New plots within a development (26 to 99) each = £26.25 New plots within a development (100 or more) each = £21 |

Hillingdon have implemented charges in a 'mid-range', similar to those which Ealing have in place. These have the advantage of being relatively straightforward to apply and administer. The £515 charge to re-name a building imposed by Kensington and Chelsea may be appropriate in the context of the very high house land values in that Borough, but is arguably not appropriate to Hillingdon. Furthermore it could lead to conflict with Section 93 subsection (3) if applied in Hillingdon. The vast majority of requests (between 100 and 200 requests a year for Hillingdon) are for new building names or street numbering.

Highways Act Charges

Charges under the Highways Act 1980 regard the regulation of the erection of banners on street furniture and erection of festive lights and decorations.

It is a requirement of S 117 and S 171 of the Highways Act 1980 to obtain the permission of the local authority for the erection of banners and also the erection of festive lights or decorations on street furniture or guardrails. This is to ensure that the liability of the council to claims that might result from any accidents arising from or caused by the activity, is retained by the applicant.

The charging of fees to community groups or charities has been the subject of recent concern as such groups have suggested that it is unfair or unreasonable for the council to charge when their funds are generated entirely for the benefit of residents, local business groups or charitable activities.

The principal has been accepted in relation to Street Trading applications and as a consequence Cabinet in October authorised that fees from community groups may be waived for Street Trading applications during the current regulations amendment consultation period, subject to the individual approval of the Corporate Director of Planning, Environment & Community Services and the Leader. A final report regards the results of consultation concerning these proposed changes to Street Trading will be considered by Cabinet in January when a final decision will be taken.

It is quite common for residents associations and chambers of commerce to seek permission for banners promoting events and for erection of lights and decorations in town centres.

Consequently, it is considered that there should be similar dispensation for community groups and charities regards licenses and permits issued under the Highways Act 1980 for matters such as banners on guardrails, decorative lights, where there has previously been a charge of £143.50 per application.

Community groups are defined as one which is based within the boundaries of the borough, and are self funding, run by volunteers, and / or established to benefit residents groups, business groups or charities. Community groups may not seek to waive the fees of commercial organisations associated with, working for or contributing to their events or activities, unless their premises front onto the location of the community event and for that occasion only.

PROPOSED RECOMMENDATION

That Cabinet approve the waiving of fees for community groups and charities in relation the erection of banners, festive lights and similar.

Recommendations:

- a) Agree the adoption of the new 'pay as you throw' West London Waste Authority (WLWA) levy mechanism for use from 1 April 2011 onwards.
- b) Agrees the LATS (Landfill Allowance Trading Scheme) Trading Policy 2010-2015 as agreed by WLWA on 21 July 2010.

Background:

The new levy mechanism will improve transparency of charges from WLWA for waste disposal and the implications of changes in waste and recycling collection methods. The increased responsiveness of the new mechanism, through focusing on actual rather than predicted tonnages, should act to incentivise waste minimisation and recycling. The proposed LATS trading policy is required to ensure an equitable approach is taken in apportioning any potential financial liabilities resulting from LATS.

The Treasurer of WLWA commissioned PriceWaterhouseCoopers (PwC) to carry out an independent review of the Levy and LATS models and they signed off with no significant changes.

The adoption of these policies requires approval by each of the six constituent authorities before they can be implemented. The report approved by WLWA in July is attached below

(i) West London Waste Authority Levy

The Council has paid a levy to West London Waste Authority to facilitate the disposal of waste since it was established by Statute in 1986. Over time, the levy mechanism has been amended to reflect waste collection changes, such as, the Collected Organic Waste Statutory Levy Offset Payment Scheme (COWSOPS) mechanism to rebate authorities for food and green waste stream separation. However, with an increasing proportion of the waste stream being recycled, and tonnages becoming less predictable, it was considered appropriate to look at alternative levy mechanisms.

The current levy mechanism is based on a levy calculated in three parts:

- a) Tonnage of household waste,
 - b) Civic Amenity site waste,
 - c) Other costs (apportioned on Council Tax base),
- supplemented by Section 52(9) charges^[1] and the payment of COWSOPS (organic food and garden waste) rebates.

Whilst the current mechanism is to some degree responsive to changes in tonnage levels there can be delays. It inherently lacks flexibility given that it is based upon estimates that are submitted prior to the financial year. Having a number of different elements makes forecasting and accounting complex, and creates an administrative burden in terms of the invoicing and rebate payments.

[1] Section 52(9) of the Environmental Protection Act 1990 allows a waste disposal authority to be reimbursed by collection authorities for disposal of commercial waste. At WLWA these charges are applied to all waste above the tonnages submitted by each borough through the household waste levy element.

A series of workshops were convened involving officers from the constituent Boroughs and WLWA to discuss the options for revision of the levy mechanism. The overarching principles of the review were to develop a transparent system that would encourage boroughs to maximise recycling and the diversion of waste from landfill. In view of this a number of key criteria for the new mechanism were identified.

- Ability to respond more quickly to changes in tonnages.
- Allowing for the uptake of new waste streams.
- Reducing the administrative burden of invoicing/rebates under the current system.
- Encouraging recycling and waste minimisation
- Encouraging composting and recovery/re-use
- Maximising transparency / ease of understanding
- Enabling the recovery of WLWA fixed costs
- Allowing WLWA to assess the impact on LATS apportionment
- Ensuring equity across Boroughs
- Giving consistency of rates across all of the boroughs' waste streams

Following the workshops and discussions between WLWA and the constituent boroughs it was concluded that, from both the non-financial options appraisal and an assessment of the financial implications, a move to a "Pay as You Throw" (PAYT) levy mechanism was the most favourable option. An important aspect of the new mechanism is that it focuses on waste tonnages actually deposited for disposal or treatment, rather than predicted tonnages (which is the basis for the current levy), and gives constituent boroughs the opportunity to influence their costs better than before with changes to tonnage levels taking effect as they occur. It should prove to be more transparent when compared to the current system, and give a clearer basis for Boroughs to model alternative options and changes in terms of their collection methodologies.

A model was developed to demonstrate how the proposed levy mechanism would compare to the current mechanism. **Table 1** shows the impact of the change in the levy mechanism by re-casting the 2010/11 Levy budget using the new mechanism and comparing this to the current levy. The percentage changes are relatively modest, with the impact on Hillingdon neutral.

Table 1

| | Total under "Pay as You Throw" | Current Levy | s52(9) | COWSLOPS | Comparative Cost | Difference | % change |
|-------------------|--------------------------------|---------------|--------------|----------------|------------------|------------|--------------|
| | £000 | £000 | £000 | £000 | £000 | £000 | |
| Brent | 9,462 | 9,410 | 715 | (569) | 9,556 | (94) | -1.0% |
| Ealing | 10,004 | 9,827 | 609 | (350) | 10,086 | (82) | -0.8% |
| Harrow | 6,339 | 6,983 | 257 | (780) | 6,460 | (121) | -1.9% |
| Hillingdon | 7,606 | 7,930 | 145 | (461) | 7,614 | (8) | -0.1% |
| Hounslow | 8,639 | 7,952 | 907 | (441) | 8,418 | 221 | 2.6% |
| Richmond | 6,632 | 6,539 | 276 | (265) | 6,550 | 83 | 1.3% |
| TOTALS | 48,683 | 48,641 | 2,908 | (2,866) | 48,683 | 0 | |

It is intended that the new levy mechanism will be put in place for the 2011/12 financial year. In practice it will operate as follows. There will be a levy for the fixed costs element (covering all the Authority's overheads, fixed costs and Household Reuse and Recycling Centres (HRRC) waste disposal costs). This will be allocated on the basis of council tax base across the six Boroughs, and levied monthly. Costs relating to the transport and disposal of waste will be charged in relation to the tonnages deposited for disposal by the Boroughs, using a schedule of rates (covering the methods of waste treatment). This will be known as the "Pay As You Throw" element (PAYT). To aid cash flow, an estimated monthly charge will be made, with a quarterly reconciliation, so that Boroughs only pay for actual waste tonnages.

The model used to develop the new levy mechanism has been independently verified by PwC with no significant changes. The work by PwC on the Levy and LATS model outlined below was approved by the WLWA chair under the WLWA's urgency procedure at a cost of £15,000.

(ii) Landfill Allowance Trading Scheme (LATS)

The LATS scheme has been in operation for some time now, and to date WLWA has not had to procure additional allowances. However under LATS the allowable tonnages decrease each year and the margin between the allowable tonnages that can be sent to landfill and those being delivered is closing. There has been no agreement to date as to how any potential liability for LATS would be apportioned amongst the boroughs. It is therefore an issue that needs addressing before any liabilities are incurred.

To ensure an equitable approach across all six constituent boroughs, the basis for allocating LATS allowances proposed within the WLWA trading policy is to use individual borough waste tonnages as reported to DEFRA in 2001-02, as these were used in the original allocation of Landfill Allowances to WLWA. The proposal is to effectively give each Borough its own LATS allocation, in proportion to the baseline information. These proportions will then be applied to the total WLWA LATS allowances allocated to the Authority for each year from 2010-11 onwards. **Table 2** below shows the proportion of LATS allowances to each Borough on this basis.

Table 2

| Borough | Brent | Ealing | Harrow | Hillingdon | Hounslow | Richmond |
|-------------------|-------|--------|--------|------------|----------|----------|
| % LATS allowances | 17.42 | 19.35 | 13.68 | 14.77 | 16.44 | 18.34 |

Hillingdon will not pay any LATS penalties if it contains the amount of waste sent for landfill within its LATS allocations. In the event that WLWA has an overall LATS surplus and allowances are available to sell, the benefits will be shared (in proportion) among those Boroughs that have a positive LATS balance. Those that have a LATS deficit will not receive any benefit. In the reverse situation, costs for the purchase of additional LATS allowances will be shared across those boroughs with a LATS deficit. Boroughs with a LATS surplus will not have any costs.

DEFRA are currently reviewing the future of the LATS scheme as part of a response to the consultation on EU landfill diversion targets. Their final decision is not due until Spring 2011, however even if retained in the short-term, it is considered that the long-term future of LATS is doubtful. The government's commitment to the retention of the Landfill Tax accelerator of £8 per annum continues to provide an increasing incentive to divert waste from Landfill.

The scheme as exemplified in the attached WLWA reports shows potential LATS penalties impacting on four of the six constituent Boroughs from 2012/13, including Hillingdon. However these projections are based on tonnage projections from earlier this year and they do not account for additional steps that may be taken to divert waste from landfill between now and then. They also make assumptions about LATS allowance trading prices that are very difficult to predict with any accuracy.
