		Action by
48.	<p><b>REVIEW 1: REVIEW OF REGULATIONS AND BYELAWS RELATING TO CEMETERIES AND BURIAL GROUNDS WITHIN HILLINGDON</b> (<i>Agenda Item 5</i>)</p> <p>The Committee discussed the revised draft regulations that had been circulated electronically prior to the meeting. Members welcomed the document and thanked officers for producing a worthwhile and workable document.</p> <p>During discussion, members highlighted and welcomed the fact that the suggested maximum period for the grant of 'exclusive right of burial' had been set at 30 years. This could be extended in 10 year blocks for up to 100 years from the date it was granted.</p> <p>Members also welcomed the fact that the 30 years of 'exclusive right of burial' had been tied in with the requirement for works on grave space to be carried out only by a Memorial Mason accredited to the British Registration of Approved Monumental Masons Scheme (BRAMM) or National Association of Memorial Masons (NAMM), and subject to a "Guarantee of Conformity" granted by the mason for a minimum of 30 years.</p> <p>The Committee indicated that residents must have the option of selecting the type of graves that was preferable to them. However, it was noted that service users had to be aware of the additional cost implications to those preferring to opt for the full 'traditional' grave, due to higher maintenance costs involved, as well as which cemetery could accommodate the type of grave requested (i.e. lawn or traditional).</p> <p>The committee members acknowledged the fact that maintenance of Cemeteries and Burial grounds were recently brought back in-house as this would have been one of the recommendations of the report.</p> <p>The Committee considered the following recommendations:</p> <ol style="list-style-type: none"> <li>1. Officers to support any 'friends' groups set up relating to cemeteries.</li> <li>2. Give consideration to the purchase of machinery to break down clay soil which could be used to fill up graves</li> <li>3. Conduct safety inspection of memorials, as recommended by the Health &amp; Safety Executive and notify grant owners of the outcome.</li> <li>4. Re-instate the supply of 'user friendly' leaflets setting out regulations to funeral directors for distribution to bereaved families and to re-establish relations with funeral directors.</li> <li>5. Winter rolling programme to be publicised to residents to advise them if works could not be completed on time, when it will be re-scheduled for.</li> <li>6. Consider the provision of toilet facilities and the provision of a shelter for families to congregate at Cherry Lane cemetery in the absence of a place of prayer.</li> <li>7. Give consideration to what actions could be taken to address the issue of the state of disrepair of the arch at the entrance of Hillingdon cemetery.</li> <li>8. That officer's continue to work closely with the Safer</li> </ol>	

	<p>Neighbourhood Team (SNT).</p> <p>9. Officers in consultation with the SNT to agree a protocol of how to deal with anti-social behaviour at cemeteries.</p> <p>Officers advised that the grass cutting season would commence in March 2013 and announced that the Winter Working Programme began at the end of September/early October 2012. It was noted that vast improvement could already be seen at Hillingdon and at West Drayton cemeteries where shrubs had been cleared and new trees had been planted.</p> <p>The Chairman of the Committee informed Members that Officers would compile a draft final report and would circulate this to Members for comment. The Chairman of the Committee requested Members to send any comments or amendments to Nadia Williams in Democratic Services.</p> <p><b>Resolved that:</b></p> <ol style="list-style-type: none"> <li>1) <b>The above proposed list of recommendations from the final recommendations of the Committee's review of Regulations and Byelaws relating to Cemeteries and Burial Grounds within Hillingdon.</b></li> <li>2) <b>Members would send any comments or amendments on the final report to Democratic Services officers.</b></li> <li>3) <b>The Committee agreed to delegate work on the final report to the Chairman and officers.</b></li> </ol>	Paul Richards
49.	<p><b>SELECTION OF SECOND REVIEW TOPIC - BRIEFING NOTE/VERBAL PRESENTATION (Agenda Item 6)</b></p> <p>The Committee considered the possible review topics for their second review.</p> <p>Members were provided with a briefing report on the Control and Enforcement of Noise Nuisance which contained information on the current arrangements for dealing with noise nuisance.</p> <p><b>Control and Enforcement of Noise Nuisance</b></p> <p>Ed Shaylor, ASB &amp; Investigations Service Manager introduced the briefing report which provided a brief outline of the Council's arrangements for the Control of Enforcement and Noise Nuisance. He highlighted the following points:</p> <ul style="list-style-type: none"> <li>• There were three categories of noise/nuisance and were namely; commercial based, domestic and non-statutory.</li> <li>• Commercial noise; such as licensed premises or construction sites were dealt with by the Environmental Protection Unit (EPU).</li> <li>• Noise arising from domestic premises was dealt with by the Anti-Social Behaviour Investigations Team (ASBIT).</li> <li>• Noise nuisance which occurred during office hours on weekdays were responded to on an, as needed basis by EPU and Calls</li> </ul>	Action by

	<p>relating to this issue would usually be reported via the Customer Contact Centre, where staff would also try to establish whether the reported noise nuisance was persistent.</p> <ul style="list-style-type: none"> <li>• There was a distinction between one off noise (Statutory) such as noise from parties (loud music), which may be investigated immediately and non statutory noise, which are dealt with in other ways.</li> <li>• The volume of calls received by the Council tended to be higher (as shown in the graph in Annex A attached to the report) during the summer months, mainly relating to parities and loud music, than in the winter months were issues related mainly to dogs barking, domestic noise and shouting.</li> <li>• Many noise nuisance issues occurred in the evenings or at weekends and initial out of hours inspections of noise from commercial, as well as domestic premises were carried out by ASBIT.</li> <li>• Two officers worked four evenings per week as follows: <ul style="list-style-type: none"> <li>- Thursday 5pm to 2am (responding to calls from 8pm).</li> <li>- Friday and Saturday 6pm to 3am (responding to calls from 9pm).</li> <li>- Sunday 4pm to 1am (responding to calls from 7pm).</li> </ul> </li> <li>• Suggested consideration be given to the issues of meeting residents' expectations of responding to one-off noise nuisance and managing the expectations where noise was persistent (including daytime noise nuisance).</li> </ul> <p>During discussions the following points were raised and noted:</p> <ul style="list-style-type: none"> <li>• That although there had been changes in the law relating to Temporary Events Notices (TEMP), the control of noise had not been weakened.</li> <li>• Further clarification was needed regarding the change in the Law on TEMP Notices.</li> <li>• Although no out of hours routine coverage was in place for Bank Holidays, arrangements were usually put in place on an ad hoc basis.</li> </ul> <p><b>Pest Infestation/Waste Management</b></p> <p>Nigel Dicker, Deputy Director, Public Safety and Environment presented a verbal outline of the Council's arrangements for Pest Infestation/Waste Management as follows:</p> <ul style="list-style-type: none"> <li>• Pest control and waste management were covered by different departments in the Council.</li> <li>• Recognised the need for the different units to work as a team to solve problems.</li> <li>• Suggested that the approach had been fragmented in dealing with issues relating to Commercial waste and issues relating to residents putting rubbish out at the wrong time for collection.</li> <li>• The issue of how waste was presented for collection needed to be examined, as residents would need to be made aware of how they contained waste and how best to present them for</li> </ul>

## Residents' and Environmental Services Policy Overview Committee Review Scoping Report 2012/13

### **OBJECTIVE**

#### **Title and aim of review**

**A REVIEW OF LOCAL PEST CONTROL SERVICES AND THE IMPACT OF  
WASTE MANAGEMENT PROCESSES ON THESE**

#### **Terms of Reference**

1. To understand the Council's roles and responsibilities in this area;
2. To examine the current and planned service provision for pest control (domestic and commercial) and its relationship to waste management and anti-social behaviour;
3. To understand the different types of pests, populations and likely infestation trends, including how this may impact public health and social stigma;
4. To examine the problems pests cause to individuals, local neighbourhoods, commercial businesses and the wider environment;
5. To review the effect of temperature, climate, urban development and underground infrastructure (and any other factors) on pest populations;
6. To explore how waste management processes and practices in Hillingdon (by residents, businesses, contractors and the Council) can help to mitigate any pest infestations.
7. In particular, to explore how food waste generated by residents and businesses is managed prior to, during and after the collection process;
8. To review any existing policies in this area and best practice elsewhere;
9. To consider the importance, relevancy and adequacy of public information available to residents and businesses;
10. To examine opportunities for improved partnership working to ensure pest problems are addressed as efficiently and swiftly as possible;
11. To bring forward considered (and costed, where applicable) proposals to Cabinet for consideration.

#### PART 1 – MEMBERS, PUBLIC AND PRESS

Residents' and Environmental Services Policy Overview Committee Meeting  
22 January 2013

**Reasons for the review**

It is estimated the number of rodents has rocketed by over 40 per cent in the last decade due to a variety of factors. Housefly populations are predicted to more than double by 2080. Members will also be aware of the recent stories around the increase in bed bug infestations. Nationally, this is a significant issue impacting on all local authority, particularly those in urban areas.

Trends and patterns in population, development, cleanliness standards, waste processes, funding for pest control services and even the weather (amongst many others factors) all impact upon pest populations. Pest infestations can affect individuals, their health and have knock on consequences for others and the local environment.

The Committee is keen to ensure that the services Hillingdon Council provides aim to tackle this problem in a proactive and joined-up way.

**Types of Pests**

The dictionary definition of “pests” is that it is a general term for organisms which cause a nuisance, but more specifically may cause illness, damage or consume food crops and other material important to humans. Environmental Health Practitioners consider the following pests to be the ones which are of Public Health significance – Rats/Mice; Cockroaches; Pigeons, Bedbugs; Fleas; Lice. Other key pests include Foxes and Pigeons.

Prevention of Damage by Pest Act 1949 defines “infestation” as the presence of rats, mice, insects or mites in numbers which involve an immediate or potential risk of substantial loss or damage to food.

**Responsibilities for Local Authorities**

Local Authorities are not legally required to provide a pest control service, but the Prevention of Damage by Pests Act 1949 (PDPA) imposes a duty on a local authority to “take such steps as may be necessary to secure as far as practicable that their district is kept free from rats and mice” and in particular to keep the local authority’s own land and land the local authority occupies free from rats and mice. The PDPA also imposes a duty on local authorities to enforce the same duty on other owners and occupiers of land. It is worth noting that occupiers of land (except agricultural land) are required to give written notice to the local authority if it comes to their knowledge that rats or mice are present on the land in substantial numbers.

## **Current Service Provision**

Pest control, waste collection and enforcement of waste management in food and non-food premises are covered by different teams and there is a need for the different units to work as a team to solve problems.

It is suggested that the approach had been fragmented in dealing with issues relating to Commercial waste and issues relating to residents putting rubbish out at the wrong time for collection.

The issue of how waste was presented for collection need to be explored, as residents would need to be made aware of how they contained waste and how best to present them for collection days.

## **Current Service Provision (Open Spaces)**

In Green Spaces and Golf Courses, the Council uses Rentokil to undertake surveys and provide control measures for rats in parks and mice in buildings.

The Council has also been using a local pest controller to assist with moles in fine turf. There is also an issue with foxes on the golf courses as both numbers and damage is increasing.

## **Current Service Provision (Domestic Premises)**

London Borough of Hillingdon Residents Services Directorate provides a pest control service for rats (and mice internal to properties only). The Council has landlord responsibility for Hillingdon Housing Services tenants and a free service is provided to them. In April 2011, however, fees were introduced for non-council tenants and owner occupiers resulting in a reduction in demand for the service. Consequently, the in-house pest control service has assumed pest control work around the Civic Centre and the Council tenant service from Hillingdon Housing Services.

Callers can book appointments and make payment either by telephone or on-line on the Council website. Information and advice on the website for Pest control was up-dated in the summer of 2012.

The charges for the service can be categorised as follows:

1. Resident Owner Occupiers were no concessions apply - £60 for x 3 visits
2. Resident Owner Occupiers were concessions apply, i.e. in receipt of benefits - £15 for x 3 visits
3. Any additional visit or initial visit £36 or £15 were concessions apply
4. Private Landlords (rented houses) £93.60 for x 3 visits
5. Hillingdon Housing Services tenant's request – no charge
6. Council Buildings – Civic Centre requirements, Green spaces and any council buildings – internally re-charged at cost.

**Current Service Provision (Commercial Premises)**

The Residents Services Directorate's Food Safety Team carries out an inspection programme of food business, dealing with structural, operational and hygiene requirements. The inspection considers the layout and design of the food business concerned to ensure good food hygiene practices including protection against contamination and in particular pest control. Inspections cover provisions for storage and disposal of food waste, non-edible by-products and other refuse. The officer will consider the design and management of refuse stores so as to ensure that they may be kept clean and free from animals and pests. Hygiene Improvement Notices may be served on the food business operator where there is a record of continued non-compliance.

Other provisions in relation to the cleanliness of the work place and facilities for rest and eating meals etc extend to non-food business. These controls may be applied through the Health and Safety at Work Act and associated workplace health, safety and welfare regulations.

The Hygiene Improvement Notice does not deal with accumulations of rubbish or harbourage of pests in non food related locations. Non-food establishments are inspected in response to reports by the Residents Services Directorate's Anti Social Behaviour Investigations Team.

On the first inspection, advice will be given by the officer to the trader to make sure they are aware of their responsibilities, with particular effort made to assist small traders to be aware of the steps they must take to manage waste.

If advice is not effective in resolving the problem, consideration will be given to serving a Legal Notice (see above) on the person responsible and or the owner of the land. With regard to commercial waste the following additional provisions apply:

- Environmental Protection Act 1990
  - S.47 requirement to store trade refuse in a suitable container
  - S.34 duty of care for persons responsible for waste to take all measures applicable to prevent any contravention by any other person of law and to ensure that transfer of waste is only to a person authorised for transport purposes
  - Regulations under s.34 relating to the requirement to have in place a waste management plan and if necessary a contract with a provider of waste removal and transfer services

**Costs to the Council of providing the Pest Control Service**

<b>Cost</b>	2011/2012	£113,000
<b>Income</b>	2011/2012	£76,000 (£36,000 external income and £40,000 recharges from other Council departments)
<b>Net Cost</b>	2011/2012	£37,000

**Proposed changes to the pest control service from April 2013**

Following a BID review, it is proposed that the delivery of the Pest Control Service will be outsourced to local contractors to cover the following services within one maintenance service:

- Hillingdon Housing Services tenants - free service
- Owner Occupiers were concessions apply – charge £15
- Residents in receipt of state pension (over age of 65 years) - free service
- Council Buildings, Civic Centre, Green spaces

The offer of Pest Control Service to owner occupiers or private tenants who do not qualify for concessions will be discontinued - they will be directed to private sector local contractors.

Concessions and Over 65 requests will be directed to Hillingdon Housing Service to action and monitor alongside their own requests from tenants - this will allow a simplified billing system for the Council and contractor.

Hillingdon Housing Service will identify eligibility for those that qualify for concessions by asking for National Insurance Number or using Council Tax records. Older people will be classed as those in receipt of state pension.

**Enforcement of the duties of occupiers of land**

Properties are inspected by the Residents Services Directorate's Anti Social Behaviour Investigations Team in response to reports, as it is deemed that not dealing properly, either deliberately or negligently, with waste accumulations, or build up of undergrowth providing food or shelter for rodents is anti-social by nature as it is likely to cause nuisance for other people or a health risk.

On the first inspection, advice will be given by the officer to the occupier to make sure they are aware of their responsibilities, with particular effort made to assist older or vulnerable residents to be aware of the steps they must take to manage their property, or how to seek assistance if they cannot manage it themselves.

## APPENDIX 1

If advice is not effective in resolving the problem, consideration will be given to serving a Legal Notice on the occupier and / or owner under one of the following provisions:

- Environmental Protection Act 1990
  - S.46 requirement to present refuse in a prescribed manner
  - S.59 requirement to remove waste stored or deposited on land not licensed for such
  - S.80 requirement to abate a statutory nuisance connected to land in such a state as to be prejudicial to health or a nuisance
  - S.92 requirement to remove litter from land where it is detrimental to the amenity of the area
- Prevention of Damage by Pest Act 1949
  - S.4 requirement to remove or prevent conditions which provide harbourage for rodents
- Public Health Act 1961
  - S.34 requirement to remove waste from land which is seriously detrimental to the amenities of the neighbourhood
- Public Health Act 1936
  - S.78 requirement to sweep or cleanse passages or yards
  - S.79 requirement to remove noxious matter from land
  - S.83 requirement to cleanse filthy and verminous premises
- Town and Country Planning Act 1990
  - S.215 requirement to remedy the condition of land which is seriously adverse to the amenities of an area

If these notices are not complied with there are various penalties set out in legislation and in most cases, the Council will carry out the necessary work ("work in default") and charge the cost to the person responsible.

### Hillingdon's Waste Management Services

Hillingdon operates three separate collection services to households across the Borough:

- Residual waste collection (black bags to landfill)
- Co-mingled recycling (paper, card, glass, plastic, tins,)
- Garden waste – including vegetables peelings etc.

Residual waste and co-mingled recycling are collected weekly. Garden waste is collected fortnightly.

Schedules are designed to ensure that the fortnightly collection of green waste co-insides with the collection of other waste collections.

In all circumstances, residents are required to:

---

#### PART 1 – MEMBERS, PUBLIC AND PRESS

Residents' and Environmental Services Policy Overview Committee Meeting  
22 January 2013

- Place bags out for collection in their front garden, drive or path, but not on the pavement or grass verge
- Not to place bags out for collection earlier than 17:30 on the evening before
- If collection is via rear service road, waste to be placed at a regular and convenient collection point
- At no time during the week should refuse/recycling be stored anywhere other than within the property boundary.

Waste Services also collect trade waste under contract from commercial premises and rent to them waste collection bins. This is a chargeable service with the Authority duty bound to recover its costs.

The Street cleaning Service will collect dumped rubbish from roads and pavements, green and open spaces where these are the duty of the local authority to maintain. There are a number of locations in the Borough where private land; such as rear access roads, attract fly-tipped rubbish and often pests. In some areas, Council adds private roads like this to street cleansing regimes, but this does set a precedent and could expose the Council to a permanent arrangement and a considerable increase in costs. Unless the circumstances are unique, householders and fly-tippers become aware and may leave even more waste in the knowledge that it will be taken away at regular intervals.

### **Public health considerations**

Public health problems arising from pests are not limited to diseases. Quality of life for people can be affected by infestations of pests such as mice, fleas, cockroaches and bedbugs, in particular among vulnerable people.

It is said the presence of rats and mice in a home could “trigger psycho/social stresses on people of all ages and backgrounds”, and mental anxiety could be caused by embarrassment from lice and flea bites. The report by the World Health Organization said demonstrated “a clear association between pest-infested premises, depression, migraines, allergies and asthma”. These ailments could result from anxiety, lack of sleep and allergic reactions.

### **Supporting the Cabinet & Council’s policies and objectives**

Hillingdon Cabinet’s decision not to reduce the frequency of waste collection will have assisted in tackling this problem. This is in stark comparison to a large number of Councils (almost half) who have stopped collecting bins on a weekly basis, resulting in more fly-tipping and more refuse being piled up outside properties and consequential pest infestation problems.

## **INFORMATION AND ANALYSIS**

### **Key Issues**

- A clear definition of what the Council classes as pests
- Clarification of what the Council is responsible for dealing with and who is responsible for the cost occurred
- Establish whether there are policies in place for dealing with rats and mice and see whether these need to be reviewed
- Consider the legislation relating to public health issues and environmental laws and explore the issue of enforcement
- To find out what the trend is in Hillingdon
- Concern about issues relating to people living in social housing, particularly about who is responsible for dealing with pest control and the issue of finance
- Recurring problems of pest infestation arising from commercial premises
- Action to be taking against persistent occurrences after a warning has been given

### **Remit - who / what is this review covering?**

The review covers the remit of the following Council services:

- Public Protection / Consumer Protection
- Community Safety (Anti-social behaviour)
- Housing Services (tenants)
- Waste Services
- Public Health (from April 2013)

The review covers the following Cabinet portfolios:

- Cabinet Member for Finance, Property and Business Services (Public protection)
- Cabinet Member for Social Services, Health and Housing (Housing / Public Health)
- Cabinet Member for Planning, Transportation and Recycling (Waste)
- Cabinet Member for Community, Commerce and Regeneration (Anti-social behaviour)

**Connected work** (recently completed, planned or ongoing)

The Committee will need to be mindful of the BID review recently completed on this service area (as indicated earlier in the report) with any recommendations proposed to Cabinet having regard to this and compatibility with other BID review outcomes.

This will enable any issues identified by the Committee to be tackled in the most comprehensive, cost effective and efficient way possible.

# Agenda Item 6

## BUDGET PROPOSALS REPORT FOR RESIDENTS SERVICES 2013/14

**Contact Officer:** Andy Evans  
**Telephone:** 01895 250994

### REASON FOR ITEM

To comply with the Budget and Policy Framework procedure rules as part of the agreed consultation process for the General Fund revenue budget, Housing Revenue Account budget and capital programme for 2013/14, this report sets out the draft revenue budget and capital programme of Residents Services (excluding Housing & Education) for 2013/14, along with indicative projections for the following two years. Following consideration by Cabinet on 20 December 2012, these proposals are now under consultation, and the proposals for each Group are being discussed at the January cycle of Policy Overview Committees.

Cabinet will next consider the budget proposals on 14 February 2013, and the report will include comments received from Policy Overview Committees. At the meeting on 14 February 2013 Cabinet will make recommendations to full Council regarding the budget and Council Tax levels for 2013/14. Full Council will meet to agree the budgets and Council Tax for 2013/14 on 28 February 2013.

The Committee needs to consider the budget proposals as they relate to the Residents Services Group, but within the corporate context and the constraints applying as a result of the aggregate financial position of the authority.

### OPTIONS AVAILABLE TO THE COMMITTEE

It is recommended that the Committee notes the budget projections contained in the report, and comments as appropriate on the combined budget proposals put forward by the Residents Services Group, within the context of the corporate budgetary position.

### INFORMATION

#### Background

1. As reported to Council in February 2012, the budget report for Council Tax setting for 2012/13 contained an initial savings requirement of £12.1m for 2012/13. The budget strategy developed in response to the CSR 2010, which is reliant on the HIP Business Improvement Delivery project, contained challenging savings targets totalling in excess of £60m over the subsequent four year period. Having delivered budgeted savings of around £15.6m in 2010/11, £26.2m in 2011/12 and being well on track to deliver an

additional £17.7m savings in 2012/13, initial plans had been developed to deliver the £12.8m savings required in 2013/14. Alongside this, Groups were also tasked with reviewing all pressures and a review also commenced of all corporate pressures.

2. Since February 2012, Central Government has published a large number of consultation papers that will potentially impact on council funding, including a number in relation to Education funding. In addition, the local government finance settlement issued in late December laid out a new 2 year settlement for local government as well as incorporating fundamental changes to the local government finance system. The estimated impact of these numerous changes on the likely level of council funding have been incorporated into the draft budget and the budget gap currently stands at £12.8m. However, there is clearly a high degree of uncertainty that will not be removed until the settlement has been analysed in detail. This analysis will be incorporated into the February 2013 Cabinet budget report.
3. The timetable for the development of the 2013/14 budget was brought forward as in previous years with work commencing as soon as the 2012/13 budget was agreed by Council in February 2012. The initial technical consultation for the proposed Business Rates Retention scheme released in July included a commitment to maintain funding stability for local government as far as possible. This provided a basis for the development of the MTFF for 2013/14 building upon the total government funding agreed for 2012/13 and enabled estimation of the likely budget gap for 2013/14 and the plans to bridge this gap to be developed.
4. Work on the development of savings proposals was integrated with service transformation work programmes and managed through the HIP Business Improvement Delivery programme. Over the year, two blocks of six challenge sessions were held covering the three groups, Corporate Budgets, BID cross cutting proposals and the Housing Revenue Account. These sessions focussed on the latest in year position, a review of existing and emerging pressures, and progress on the development of savings proposals for 2013/14. As a result of this work the draft 2012/13 budget was comprehensively updated and early draft budget reports were provided to the Leader at the end of July and then to the Cabinet and CMT awayday in November.
5. The structure of the report reflects the budget proposals reported to Cabinet on 20 December 2012, and sets out the aggregate corporate position, followed by the Residents Services Group's proposals extracted from the corporate budget.

### **The Budget and Policy Framework Procedure Rules**

6. The consultation on the budget proposals commenced on 21 December 2012 following decisions taken by Cabinet on 20 December 2012.
7. There will be a further consideration by Cabinet of the budget proposals on 15 February 2013, including comments from Policy Overview Committees. These will be collated and reported back to Cabinet by the Corporate Services and Partnerships Policy Overview Committee. Council will be requested to approve the Cabinet's proposals on

28 February 2013, and if approved without further amendment they will be effective immediately.

## **Corporate Summary**

8. While the focus of the discussion for the Policy Overview Committee should be the specific services within its remit, it is important that this discussion is conducted in the context of the overall corporate financial position.
9. The budget proposals included in this report represent Cabinet's budget strategy for 2013/14 and beyond. The revenue budget proposals have been developed to deliver a zero increase in Council Tax for 2013/14 whilst maintaining balances and reserves at well above the minimum recommended level.
10. The main challenge in delivering a balanced budget for 2013/14, as in the previous two years, is the development of significant savings - around £12.8m, on top of the £60m delivered over the last three years. However, the Council's Business Improvement Delivery Programme is now well established and is driving the delivery of these savings. The month 7 budget monitoring for 2012/13 shows that good progress is being made in responding to this challenge; with the latest year end forecast showing a projected budget underspend of £2,066k and 86% of the 2012/13 savings being on track for delivery.
11. The final funding settlement for 2013/14 has only just been announced, but not yet fully analysed, and so the budget has therefore been drafted on the latest estimated position.
12. Detailed within the draft budget proposals, in addition to the £12.8m savings proposals are £2.4m of corporate reductions, £3.9m of contingency provisions and service pressures and an allowance of £2.9m for inflation.
13. The development of savings proposals has continued to concentrate on more efficient service delivery methods, the rolling out of the new Council operating model, focusing on core services and by not creating new pressures by providing services that are no longer funded by Central Government.
14. The draft general fund capital programme for 2013/14 amounts to £220m over three years, with £149m of that investment focused on meeting demand for Primary School Places across the Borough. In addition this programme will provide an additional £2m investment in highways & pavements; complete the borough wide libraries refurbishment programme; over £1m investment on improvements at Ruislip Lido; the re-provision of West Drayton Boys Club and £1.2m for grounds maintenance vehicles.

## **Residents Services Group Budget Proposals**

## **Summary of Key Financial Issues**

15. The approach to the delivery of savings within Residents Services continues to be driven through a programme of transformational reviews of every service area, and is managed through the established HIP Business Improvement Delivery Programme. This includes large scale reorganisation, restructuring and removal of duplication. Within this over-arching work, the opportunity is being taken to question the need for services and examine alternative methods of service delivery, through process efficiency, use of technology or combining previously discrete service areas.
16. The Group has undertaken its annual review of the scale of fees and charges, within which there continues to be an emphasis on differentiating Hillingdon resident and non-residential charges. However, for 2013/14 and 2014/15 it is proposed to freeze most fees and charges to residents, including parking charges and waiver of pest control fees for over 65's.
17. A number of workstreams will continue to focus on procurement, alongside an ongoing review of contract-related expenditure across all services. Alongside the procurement work, the robust process and controls for controlling and challenging expenditure decisions that were already in place have been updated, and applied to the new service configuration.
18. The services are on track to deliver £4.6m of savings in 2012/13 out of an overall total 2012/13 programme of £8.6 million, once Education and Housing services are also considered.

## **Group Revenue Budget 2013/14**

19. The movement between the current year's budget and the draft budget requirement for 2013/14 is summarised in Table 1 below. Each of the lines in Table 1 is set out in the following sections and in Appendix A.

Table 1: Group Revenue Budget 2013/14

	<b>Budget  (£000s)</b>
Budget 2012/13	52,830
Inflation	1,197
Corporate Items	-292
Service Pressures	945
Priority Growth	956
Savings	-2,715
Other Adjustments	1,130
Draft Group Revenue Budget 2013/14	54,051

## **Development and Risk Contingency and Service pressures**

20. The Development and Risk Contingency provides for resources within the revenue budget that are unallocated at the beginning of the year, but that can be applied to issues as they arise during the year. The contingency is therefore used to budget for items where the probability or value of items is uncertain at the beginning of the year. The current draft Development and Risk Contingency includes items totalling £2.6m for 2013/14 for the Residents Services Group.
21. The key items within this are £1.4 million for the West London Waste Levy, £402k for Carbon Reduction Commitment Energy Efficiency Scheme, and £217k for a contingency against outsourced Leisure income streams.

## **Priority Growth**

22. A number of items for the Residents Services Group have been included in the draft budget for consultation. This is based on Cabinet's known expenditure commitments, and is drawn from the items included in Table 1 above. The proposals include £1 million for Highways and Footpaths investment, £108k for Community Safety Projects and £65k for Enhanced Litter Collection. The full list is shown in Appendix B.

## **Savings**

23. The savings proposals contained within this draft budget have been developed through the HIP Business Improvement Delivery programme (BID), which is the Council's response to Central Government's austerity programme.
24. Savings proposals currently developed total £12.8m for 2013/14 across the council. The total savings figure for each group is net of the redundancy costs contained within their package of proposals. The savings included in the draft budget for the Residents Services Group (excluding Education and Housing) total £2.7m and are included in Appendix A.

## **Fees and Charges**

25. The Council is empowered to seek income from fees and charges to service users across a wide range of activities. Some of these fees and charges are set by the Government or other stakeholders, but many others are set at the discretion of the Council, based on Cabinet's recommendations.
26. The inflation assumption included in the budget does not take account of any increase in income from fees and charges. However, within their detailed savings proposals groups will take account of any projected increases as was the case in 2012/13.

27. Schedules detailing the proposals relating to fees and charges for 2013/14 for the Residents Services Group are attached at Appendix D. As noted above it is proposed to freeze most residents fees and charges for 2013/14.

## **Capital Programme**

28. The capital programme for 2013/14 was approved by Cabinet and Council as a one-year capital budget that focused on maximising the use of identified funding in order to minimise the level of new borrowing that ultimately impacts on budget requirements funded through Council Tax.
29. The process of developing a capital programme has again focused on identifying and sustaining available funding streams whilst simultaneously managing the impact of increased demand for primary school places in the borough. The Primary Capital Programme is expected to require an investment in the region of £149m over the period 2010-15, to be financed from a combination of funding streams yet to be announced by central government.
30. The draft capital programme may need to be revised once the final impact of the settlement is known as this may impact on the affordability of the programme. A summary of the draft capital programme for the Residents Services Group is shown in Appendix C. Key items within the draft capital programme include the South Ruislip and Queenswalk Developments, Yiewsley Pool Self-financing scheme, and the Central Library refurbishment
31. Also included within the capital budget are the annual programme of works type schemes. These include continuation of the Chrysalis programme, Civic Centre enhancements, Highways Structural, Street Lighting and Road Safety schemes. The Council's 2013/14 Highways programme will be complemented by a further £2 million of Highways Priority Growth and the annual TfL programme which is provisionally estimated at £2 million for 2013/14, and is funded by a ringfenced central government grant.

## **SUGGESTED COMMITTEE ACTIVITY**

To consider the report and make comments on the detail. Comments will then be considered by Corporate Services and Partnership Policy Overview Committee who will then submit composite POC comments to Cabinet.

# Agenda Item 7

## FORWARD PLAN JANUARY – APRIL 2013

Contact officer: Nadia Williams  
Telephone: 01895 277655

### REASON FOR ITEM

To review the Cabinet Forward Plan of forthcoming executive decisions to be made and any items on a published Cabinet agenda (if applicable).

### OPTIONS OPEN TO THE COMMITTEE

- To comment on items going to the Cabinet or Cabinet Members for decision.
- Or to note the items and decide not to comment.

### INFORMATION

#### The Forward Plan

The Committee's terms of reference enable it to monitor the Cabinet's Forward Plan and comment, if required, to the relevant decision-maker (Cabinet or Cabinet Member) on future decisions within the Committee's remit before they are made. Comments made by the Committee, depending upon publication timings, can be included within forthcoming reports to the Cabinet or Cabinet Member.

The current edition of the published Forward Plan is attached showing those items that are within this Committee's remit. The Forward Plan is published around the middle of each month (at least 28 clear days before the next Cabinet meeting) to comply with regulations around giving advance notice of future executive decisions.

Committee Members can ask questions they have about a particular Forward Plan item in advance and if necessary, through the agreement of the Chairman, request an officer to be present at the Committee meeting to give advice.

#### The Cabinet agenda

If the Cabinet agenda has been published and the Committee meets before the date of the Cabinet meeting, the Committee is entitled to provide comments on a report under their remit to Cabinet. This is normally added to an addendum sheet tabled on the night.

### SUGGESTED COMMITTEE ACTIVITY

- To consider whether there are comments or suggestions that the Committee wishes to make that will aid Cabinet's decision-making.

---
