petitioners) and responded to the points raised. Councillor Burrows explained that the petition would be taken into account in a forthcoming report which would incorporate all representations received during the statutory consultation period. Any proposals would need to be supported by the majority of residents who would be affected by the proposals.

Resolved - That the Cabinet Member:

- 1. Noted that a petition had already been heard asking for footway parking in Corwell Lane as a consequence of which a consultation subsequently took place.**
- 2. Met with the present petitioners and discussed with them their request to review the current proposals for the footway parking scheme for Corwell Lane, Hillingdon.**
- 3. Asked officers to include the petition request and the outcome of discussions with petitioners in the separate report that will include all the representations received from statutory consultation on the proposed footway parking scheme in Corwell Lane.**

REASONS FOR RECOMMENDATION

Following statutory consultation on footway parking proposals all comments received must be considered by the Council before a final decision is made. A report will subsequently be drafted detailing these comments which will include this petition with the outcome of discussions with the Cabinet Member at the petition evening.
