It was noted that at the meeting on 8<sup>th</sup> October 2008, the Committee overturned officer recommendation for refusal and approved this application, subject to S106 agreement and, subject to conditions and informatives. The wording for the conditions and informatives were now being reported back to Committee for agreement.

It was proposed, seconded and on being put to the vote was agreed that the conditions and informatives set out in the officer's report be approved.

In answer to a question as to the reason for the delay in the S106 Agreement not being completed within the required 6 months, the Legal Advisor responded that negotiation of the agreement took longer than expected.

The Committee noted that as the agreement was not finalised, within the 6 months period stipulated at the meeting on 17<sup>th</sup> July 2008, the Committee's approval was now required prior to issuing a decision on the application.

A Member asked whether the 6 months time scale for negotiations of S106 agreements should be increased. The Legal Advisor advised that the majority of legal agreements could be completed within the stipulated 6 month period however; there may be some applications which may have some technical difficulties and may take longer to finalise.

It was moved, seconded and agreed that the application be approved.

**RESOLVED – That the application be approved subject to the conditions and informatives set out in the officer’s report dated 17<sup>th</sup> July 2008.**

The officer drew the Committee’s attention to two additional conditions on the Addendum Sheet recommended by the Landscape officer.
