6.0 BACKGROUND INFORMATION

6.1 Designated Premises Supervisor

The applicant has not included a DPS on the application form and has stated that alcohol will not be sold until a Designated Premises Supervisor has been added to the Licence if granted. The absence of a DPS on the application does not prevent the application from being granted.

6.2 Map of the area and photos of the premises and the surrounding area are attached as **Appendices 6 and 7.**

6.3 There have been no recorded Members' Enquires for this premises.

7.0 OFFICER'S OBSERVATIONS

- 7.1 This is an application for a premises licence for a restaurant. This premises previously benefitted for a premises licence for a restaurant known as Ortenzi, that was surrendered on 19 November 2018 attached as **Appendix 8**.
- 7.2 The representations received mainly raise the following issues:
- a) **The prevention of crime and disorder** - Two of the representations received from interested parties refer to the crime and disorder objective but they are based on general problems in the area that cannot be attributed to the premises as they have not started trading.
 - b) **The prevention of public nuisance** - All three of the representations received from interested parties refer to the public nuisance objective. The main concerns raised were directly connected to the proposed hours of sale of alcohol. The view taken is that the hours of operation were excessive and would cause noise disturbance for residents in the residential premises above the premises, along with litter and a nuisance being caused by additional traffic outside the premises. In accordance with the Council's Licensing Policy, arbitrary restrictions that would undermine the principle of flexibility are best avoided and each case is judged on its individual merits. As Hillingdon does not have a Cumulative Impact Policy there is no fixed restriction on terminal hours for any particular areas of the borough. The applicant has reduced the hours applied for, withdrawn recorded music and offered additional conditions following concerns raised by the objectors to demonstrate the promotion of this licensing objective.
 - c) **The protection of children from harm** - One representation refers to the protection of children from harm objective regarding disturbance that may be caused to children who live in the residential premises above the restaurant. It should be noted that the premises does not have shared access with the residential properties.

8.0 Relevant sections of S.182 Guidance

Determining actions that are appropriate for the promotion of the licensing objectives

At paragraph 9.42 it states that "Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be".

At paragraph 9.43 it states that "The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve".

At paragraph 9.44 it states that "Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is 76 Revised Guidance issued under section 182 of the Licensing Act 2003 imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is

appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination".

Proportionality

At paragraph 10.10 it states that "The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessels or identity scanners where they would not be appropriate to the specific premises. Conditions that are considered appropriate for the prevention of illegal working in premises licensed to sell alcohol or late night refreshment might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check is retained at the licensed premises. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives".

Hours of trading

At paragraph 10.13 it states "The Government acknowledges that different licensing strategies may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of its licensing policy statement. Licensing authorities are best placed to make decisions about appropriate opening hours in their areas based on their local knowledge and in consultation with responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application"

At paragraph 10.15 it states "Shops, stores and supermarkets should normally be free to provide sales of alcohol for consumption off the premises at any times when the retail outlet is open for shopping unless there are good reasons, based on the licensing objectives, for restricting those hours".

Licensing hours

At paragraph 14.51 it states "With regard to licensing hours, the Government acknowledges that different licensing approaches may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions regarding licensed opening hours as part of the implementation of its licensing policy statement and licensing authorities are best placed to make such decisions based on their local knowledge and in consultation with other responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application".

At paragraph 14.52 it states "Statements of licensing policy should set out the licensing authority's approach regarding licensed opening hours and the strategy it considers appropriate for the promotion of the licensing objectives in its area. The statement of licensing policy should emphasise the consideration which will be given to the individual merits of an application. The Government recognises that licensed premises make an important contribution to our local communities, and has given councils a range of tools to effectively manage the different pressures that licensed premises can bring. In determining appropriate strategies around licensed opening hours, licensing authorities

cannot seek to restrict the activities of licensed premises where it is not appropriate for the promotion of the licensing objectives to do so".

The need for licensed premises

At paragraph 14.19 it states "There can be confusion about the difference between the "need" for premises and the "cumulative impact" of premises on the licensing objectives, for example, on crime and disorder. "Need" concerns the commercial demand for another pub or restaurant or hotel and is a matter for the planning authority and for the market. This is not a matter for a licensing authority in discharging its licensing functions or for its statement of Revised Guidance issued under section 182 of the Licensing Act 2003 I 109 licensing policy".

9.0 Relevant sections of the Licensing Policy

Licensing Hours

At Paragraph 21.1 it states that "Prior to the introduction of the Licensing Act 2003, it was believed that fixed and artificially early closing times (established under the Licensing Act 1964) were one of the key causes of rapid binge drinking prior to closing times and one of the causes of disorder and disturbance when large number of customers were required to leave the premises simultaneously".

At Paragraph 21.2 it states that "The aim through promotion of the licensing objectives should be to reduce the potential for concentrations and achieve a slower dispersal of people from licensed premises through flexible opening times".

At Paragraph 21.3 it states that "Arbitrary restrictions that would undermine the principle of flexibility will therefore be avoided. The four licensing objectives will be paramount at all times and the Council will always consider the individual merits of each case".

At Paragraph 21.4 it states that "In accordance with guidance there is no fixed restriction on terminal hours for any particular areas of the borough. Such a restriction could cause the migration of patrons from one area to another and create the circumstances that the legislation is attempting to avoid. Each application will be dealt with on its merits. It is for the applicants to detail in their Operating Schedule exactly what times they intend to open and close the premises and what measures they will take to ensure that they do not cause nuisance or disturbance to their neighbours in the vicinity. The later the terminal hour applied for, the greater will be the need to address the issues of disturbance and nuisance".

At Paragraph 21.5 it states that "Shops, stores and supermarkets licensed to sell alcohol will normally be allowed to do so for the full duration of their trading hours. Restrictions may be applied, for example where representations are made indicating the particular premises or patrons of the premises are linked to disorder and or disturbance".

Licence Conditions

At Paragraph 17.1 it states that "Conditions on premises licences and club certificates are determined by:

- a) The measures put forward on the Operating Schedule
- b) Mandatory conditions within the Act
- c) Measures decided at a hearing by the Licensing Sub Committee"

At Paragraph 17.2 it states that "Any conditions attached to licences following relevant representations will focus on matters within the control of the Premises Licence Holder or Club Management Committees. They will address matters which have a direct impact on those living, working or engaged in normal activities in the vicinity, as well as patrons of the licensed premises.

They will not be used as a means of attempting to attach responsibility to Premises Licence Holders or Club Management Committees for matters outside their reasonable control, such as anti-social behaviour once away from the premises or licensable activity".

At Paragraph 17.3 it states that "The Licensing Authority will not impose standard conditions upon every licence issued, however it may have regard to model conditions produced by the Government and/or the Institute of Licensing and it may choose to impose these in appropriate circumstances".

10.0 LEGAL CONSIDERATIONS

LEGAL COMMENTS

1. When considering an application for a grant of a new Premises Licence, the Sub-Committee shall carry out its functions with a view to taking steps it considers appropriate for promoting the licensing objectives. The licensing objectives are:
 - Prevention of crime and disorder
 - Public Safety
 - Prevention of public nuisance
 - Protection of children from harm
2. Members should note that each objective is of equal importance. There are no other licensing objectives, and the four objectives are paramount considerations at all times.
3. The Sub-Committee must ensure that all licensing decisions:
 - Have a direct relationship to the promotion of one or more of the four licensing objectives
 - Have regard to the Council's statement of licensing policy
 - Have regard to the Secretary of State guidance
 - Must not be subject to a blanket policy to the extent that it is applied so rigidly that an exercise of discretion in each individual case is precluded.
4. Relevant representations are those that relate to the effect of the granting of the application on the promotion of the licensing objectives made by an interested party or responsible authority that have not been withdrawn and are not, in the opinion of the relevant licensing authority, frivolous or vexatious s.18(7) Licensing Act 2003.
5. The Sub-Committee can only consider matters within the application that have been raised through representations from interested parties and responsible authorities. Interested parties must live in the vicinity of the premises. This will be decided on a case to case basis.
6. Following a hearing, the Sub-Committee must consider all relevant representations, and having taken into account the promotion of the licensing objectives, under s.18(3)(b) and (4) Licensing Act 2003, a decision can be taken to:
 - I. To grant the licence, subject to the mandatory conditions and conditions consistent with the operating schedule;
 - II. To impose additional relevant conditions to such an extent as is considered necessary for the promotion of the licensing objectives;
 - III. To exclude any of the licensable activities to which the application relates;
 - IV. To amend the times for all or some of the licensable activities;
 - V. To refuse to specify a person in the licence as the premises supervisor
 - VI. To reject the application

7. Conditions will not be necessary if they duplicate a current statutory requirement. The Licensing Authority may therefore only impose such conditions that are necessary to promote the licensing objectives arising out of the consideration of the representations.
8. If the Sub-Committee determines that it is necessary to modify the conditions, or to refuse the application for a Premises Licence application, it must give reasons for its decision.
9. The Council in its capacity as Licensing Authority has a duty to have regard to its public sector equality duty under section 149 of the Equality Act 2010. In summary section 149 provides that a Public Authority must, in the exercise of its functions, have due regard to the need to:
 - i. eliminate discrimination harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - ii. advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and,
 - iii. foster good relations between persons who share a relevant protected characteristics and persons who do not share it.
10. Section 149 (7) of the Equality Act 2010 defines the relevant protected characteristics as age, disability, gender reassignment, race, religion or belief, sex sexual orientation, marriage and civil partnership and pregnancy and maternity.
11. Interested Parties, Responsible Authorities and the applicant have the right to appeal the decision of the Sub-Committee to the Magistrates' Court within a period of 21days beginning with the day on which the applicant was notified by the licensing authority of the decision to be appealed against.

Mark

Thanks for clarifying, sorry about my rushed message on my phone, typing on the phone, Thanks also for contact numbers. I am a nurse and have lived here for 10 years now so This is will be an issue for me. I work all days of the week with 12 hour shifts. How can this restaurant /bar/club reassure this will not affect me.

My son is a carpenter/builder. He too has to be up very early and travel all over London.

They have not consulted myself or neighbours in any discussion, they went ahead and placed the ventilation systems above his shop, I do not understand how he was able to just do this without any thought or consideration of others.

From my experience they are unlikely to keep their back doors closed from 7.30 in the evenings, the kitchen noise will be disruptive especially the late hours, LaHore evidence this every time. They don't consider the flats are immediately above, and not built for the purpose of clubs/restaurants scenes.

I am grateful for your uptodate information.

Kind regards

Care

So my lease deems that I am permitted to live in pleace and quiet without disturbance.

Dear Caren,

Thanks for getting back to me and clarifying. The installation of extractors are dealt with under planning and you need to contact Planning Services regarding this Tel no. 01895 250230 email planning@hillington.gov.uk.

Also with regard to you and your sons objection, we cannot attribute general anti social problems to the applicant and he is not responsible for the patrons of other premises but i do understand that this adds to general public nuisance in the area and demonstrable harm linked to this premises will need to be based upon the evidence. For your information we have a provisional committee hearing date of 30/7/2019.

Kind regards,

Hi thanks however i would still dispute this. They have vents and fans and kitchens at the rear which would be disruptive at weekends I work shifts and this includes weekends. Our bedrooms at the rear will mean continous distrupction weekdays and worse so at weekends. I will dispute this again.
