Interested Parties	Ground for Representation	Appendix
Mr Jon Harris	Prevention of Public Nuisance	3

5.2 The response received from the Metropolitan Police, a Responsible Authority under the Act, confirming that they have no objections to this new premises licence application can be found in **Appendix 4**.

5.3 No Members' Enquiries have been received by the Licensing Service for this premises.

6.0 BACKGROUND INFORMATION

6.1 Designated Premises Supervisor

The proposed Designated Premises Supervisor is Rachel Huynh, who holds a Personal Licence issued by the London Borough of Hillingdon.

6.2 A map of the area and photos of the premises can be found in **Appendix 5 and 6** respectively.

7.0 OFFICER'S OBSERVATIONS

7.1 This is an application for a new Premises Licence for a family orientated establishment which it is anticipated will mostly serve local residents, families and businesses in the area. The applicant plans to serve fresh continental cuisine with dishes that vary depending on seasonal produce. The menu will include charcuterie boards with meat, vegetarian and vegan options, fresh handmade burgers with chips, salads and healthy options for the children's menu. Alcohol will be served from 11:30 hours and typically with a meal or small plate e.g., olives, hummus, cold meat selection. There are plans to offer a breakfast menu from 08:00 hours once the lunch and evening menus have been established. No alcohol will be served before 11:30 hours and the sale of alcohol will cease at 23:00 hours. Patrons will leave the premises no later than 23:30 hours.

The premises was formerly a bank and is located in a high street area of Northwood.

7.2.1 The representation received from Mr Harris indicates that turning an empty building into a family restaurant with a menu based on seasonal produce is to be welcomed. However, he raises the issue of 'The prevention of public nuisance'.

He is concerned that the level of noise and disturbance in Green Lane, which he states has already increased greatly over the years especially late in the evenings with the number of restaurants and cafes already in the area, will only be increased further by another restaurant with late hours. Mr Harris has advised that Green Lane is not just a business area but is home to families with young children, the elderly and people who work and has highlighted that the ability to sleep is very important. Noise at closing time is a particular concern as groups of people congregate on the street talking loudly despite businesses requesting that patrons leave quietly. Mr Harris also refers to incidents where the Police have been called to deal with disorderly behaviour from 10pm onwards. He would like the operating hours and days reduced. Mr Harris also expresses concerns about noise from deliveries to the premises which has not been addressed in the application or the operating schedule.

It should be noted that there is no fixed restriction on terminal hours anywhere in the Borough. This is in accordance with the Guidance where the aim is to reduce the potential for concentrations and achieve a slower dispersal of people from licensed premises through flexible opening times. The Council's Licensing Policy also mirrors the Guidance and states that arbitrary restrictions which would undermine the principle of flexibility must be avoided. The four licensing objectives will be always paramount, and each case will be considered on their individual merit. Several licenced premises in the vicinity have later hours which can be viewed at paragraph 3.5 above and therefore the ones proposed by the applicant are not considered as excessive for the area. The applicant has detailed in their Operating Schedule the times they intend to open and close the premises and what measures they will take to ensure that they do not cause nuisance or disturbance to their neighbours in the vicinity. The later the terminal hour applied for, the greater will be the need to address the issues of disturbance and nuisance. It should be noted that the Council's Environmental Protection Team have not objected to this application.

7.3 Mr Harris was sent a copy of the application form and operating schedule in an attempt to ascertain if the additional operating schedule would address and allay his initial concerns and to see if he was open to negotiation. A mediation meeting subsequently took place on 1st November 2023 and Mr Harris requested time to reflect upon the discussions. As a result, a concession in terms of the closing hours originally asked for in his representation was offered by Mr Harris, who suggested a closing time of 22:30 hours with 22:00 hours for the last sale of alcohol. Mr Harris also requested:

- a letter of intent confirming that the business would only operate six days a week
- a letter of intent confirming that food deliveries would not take place or a licence condition restricting such an activity from taking place a licence condition in relation to stock delivery hours

Unfortunately, an agreement could not be reached.

8.0 RELEVANT SECTIONS OF S.182 GUIDANCE

8.1 Determining actions that are appropriate for the promotion of the licensing objectives

At paragraph 9.42 it states that "Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be".

At paragraph 9.43 it states that "The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve".

At paragraph 9.44 it states that "Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives.

However, the Revised Guidance issued under section 182 of the Licensing Act 2003 informs that it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business.

Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination".

8.2 Proportionality

At paragraph 10.2 it states, "Conditions include any limitations or restrictions attached to a licence or certificate and essentially are the steps or actions that the holder of the premises licence or the club premises certificate will be required to take or refrain from taking in relation to the carrying on of licensable activities at the premises in question.

Failure to comply with any condition attached to a licence or certificate is a criminal offence, which on conviction is punishable by an unlimited fine or up to six months' imprisonment. The courts have made clear that it is particularly important that conditions which are imprecise or difficult for a licence holder to observe should be avoided."

At paragraph 10.8 it states, "The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations and it is satisfied as a result of a hearing (unless

all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives.

In order to promote the crime prevention licensing objective conditions may be included that are aimed at preventing illegal working in licensed premises. This provision also applies to minor variations.”

At paragraph 10.10 it states that "The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided.

For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessels or identity scanners where they would not be appropriate to the specific premises. Conditions that are considered appropriate for the prevention of illegal working in premises licensed to sell alcohol or late-night refreshment might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check, either physical or digital (e.g. copy of any document checked or a clear copy of the online right to work check) is retained at the licensed premises. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions.

These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives".

8.3 Hours of Trading

At paragraph 10.13 it states "The Government acknowledges that different licensing strategies may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of its licensing policy statement.

Licensing authorities are best placed to make decisions about appropriate opening hours in their areas based on their local knowledge and in consultation with responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application”.

At paragraph 10.14 it states, “Where there are objections to an application to extend the hours during which licensable activities are to be carried on and the licensing authority determines that this would undermine the licensing objectives, it may reject the application or grant it with appropriate conditions and/or different hours from those requested.”

8.4 Licensing Hours

At paragraph 14.51 With regard to licensing hours, the Government acknowledges that different licensing approaches may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions regarding licensed opening hours as part of the implementation of its licensing policy statement and licensing authorities are best placed to make such decisions based on their local knowledge and in consultation with other responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application.

At paragraph 14.52 Statements of licensing policy should set out the licensing authority’s approach regarding licensed opening hours and the strategy it considers appropriate for the promotion of the licensing objectives in its area.

The statement of licensing policy should emphasise the consideration which will be given to the individual merits of an application. The Government recognises that licensed premises make an important contribution to our local communities and has given councils a range of tools to effectively manage the different pressures that licensed premises can bring. In determining appropriate strategies around licensed opening hours,

licensing authorities cannot seek to restrict the activities of licensed premises where it is not appropriate for the promotion of the licensing objectives to do so.

8.5 The Need for Licensed Premises

At paragraph 14.19 There can be confusion about the difference between the “need” for premises and the “cumulative impact” of premises on the licensing objectives, for example, on crime and disorder. “Need” concerns the commercial demand for another pub or restaurant or hotel and is a matter for the planning authority and for the market. This is not a matter for a licensing authority in discharging its licensing functions or for its statement of licensing policy.

9.0 RELEVANT SECTIONS OF HILLINGDON’S LICENSING POLICY

9.1 Licensing Objectives – The Prevention of Crime and Disorder

At paragraph 10.1 Licensed premises, especially those offering late night/early morning entertainment, alcohol and refreshment, can be a source of crime and disorder. The Licensing Authority will expect operating schedules to satisfactorily address these issues from the design of the premises through to the daily operation of the business. Applicants are recommended to seek advice from the Police Licensing Officer and Licensing Authority Officers prior to making any application as early advice can alleviate representations being made once an application is submitted. Full contact details for both are contained within the Responsible Authorities contact in appendix B.

At paragraph 10.3 Where a number of premises may be in close proximity it may be difficult to attribute the disorder to patrons of particular premises, however there is a duty on Premises Licence Holders or Club Management Committees to act responsibly to ensure their own customers do not contribute to crime and disorder whilst in their premises and in the vicinity of their premises.

At paragraph 10.6 Applications referred to the Licensing Sub-Committee where relevant representations have been received will be determined on the individual merit of each case. The Licensing Sub-Committee has the power to impose specific conditions when considered appropriate in respect of the Crime and Disorder objective.

9.2 Licensing Objectives – Public Safety

At paragraph 11.5 Applications referred to the Licensing Sub-Committee will be determined on the individual merit of each case. The Licensing Sub-Committee have the power to impose specific conditions when considered necessary in respect of the Public Safety objective.

9.3 Licensing Objectives – The Prevention of Public Nuisance

At paragraph 12.1 Licensing Sub Committees will be mindful that licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping in the vicinity of the premises. When addressing public nuisance the applicant should identify any particular issues that are likely to affect adversely the promotion of the licensing objective to prevent public nuisance. They should then include in the operating schedule how they will deal with those matters. The concerns mainly relate to noise nuisance from within the premises or from the use of any outside areas, light pollution, smoke and noxious smells. This may also include patrons outside a premises and the dispersal of customers. Due regard will be given to the impact these may have and the Licensing Authority will expect operating schedules to satisfactorily address these issues.

At paragraph 12.7 Applications referred to the Licensing Sub-Committee will be determined on the individual merit of each case. The Licensing Sub-Committee have the power to impose specific conditions when considered necessary in respect of the Prevention of Public Nuisance objective.

9.4 Licensing Objectives – The Protection of Children from Harm

At paragraph 13.7 Applications referred to the Licensing Sub-Committee will be determined on the individual merit of each case. The Licensing Sub-Committee have the power to impose specific conditions when considered necessary in respect of the Protection of Children from Harm objective.

9.5 Representations

At paragraph 17.2 Representations can be made to the Council, as Licensing Authority, by a 'Responsible Authority' or by 'Interested Parties' which include individuals such as residents or bodies such as a resident's association, trade associations and other businesses operating. Representations can be made concerning:

- Applications for new premises licences or club premises certificates
- Applications to vary premises licences or club premises certificates
- Personal licence applications on criminal grounds (only by the Police)

At paragraph 17.9 The Licensing Act 2003 also permits Elected Members to make representations on their own behalf as well as on behalf of their constituents. Members of the public who are making representations may also request that their Ward Councillor speaks on their behalf at public hearings to determine applications.

At paragraph 17.11 Written representations include letters and emails. Representations received after the end of the public consultation period cannot legally be accepted and will not be considered by the Licensing Authority.

At paragraph 17.12 Representations must contain;

- a) The name, full address & post code, of the person making them;
- b) The reasons for their representation;
- c) Which of the four Licensing Objectives the representation relates to i.e. Crime and disorder; Public Nuisance; Public safety; Protection of children from harm.

At paragraph 17.14 Representations based on 'Need' for licensed premises, concerns the commercial demand for another pub, restaurant, off licence or hotel. This is not a matter for the licensing authority in discharging its licensing functions. 'Need' is a matter for planning committees and for the market. Representations made on the basis of need are likely to be rejected.

At paragraph 17.15 All valid representations will form part of a committee report that will become a public document. It will be given to the applicant, their agent, responsible authorities, other persons making representations and any other party requesting a copy as well as the Licensing Sub-committee 10 working days prior to the hearing. Anonymous representations will not be accepted.

9.6 Licensing Hours

At paragraph 25.1 Prior to the introduction of the Licensing Act 2003, it was believed that fixed and artificially early closing times (established under the Licensing Act 1964) were one of the key causes of rapid binge drinking prior to closing times and one of the causes of disorder and disturbance when large number of customers were required to leave the premises simultaneously.

At paragraph 25.2 The aim through promotion of the licensing objectives should be to reduce the potential for concentrations and achieve a slower dispersal of people from licensed premises through flexible opening times.

At paragraph 25.3 Arbitrary restrictions that would undermine the principle of flexibility will therefore be avoided. The four licensing objectives will be paramount at all times and the Council will always consider the individual merits of each case.

At paragraph 25.4 In accordance with guidance there is no fixed restriction on terminal hours for any particular areas of the borough. Such a restriction could cause the migration of patrons from one area to another and create the circumstances that the legislation is attempting to avoid. Each application will be dealt with on its merits. It is for the applicants to detail in their Operating Schedule exactly what times they intend to open and close the premises and what measures they will take to ensure that they do not cause nuisance or disturbance to their neighbours in the vicinity. The later the terminal hour applied for, the greater will be the need to address the issues of disturbance and nuisance.

9.7 Licence Conditions

At paragraph 20.1 Conditions on premises licences and club certificates are determined by:

- The measures put forward on the Operating Schedule
- Mandatory conditions within the Act (current list included as Appendix G)
- Measures decided at a hearing by the Licensing Sub Committee

At paragraph 20.2 Conditions attached to licences by the Licensing Authority that have been proposed by the applicant in their operating schedule should be consistent with the steps set out in the operating schedule. This means that the effect of these conditions should be substantially the same as that intended by the terms of the operating schedule.

At paragraph 20.3 Any conditions attached to licences following relevant representations will focus on matters within the control of the Premises Licence Holder or Club Management Committees. They will address matters which have a direct impact on those living, working or engaged in normal activities in the vicinity, as well as patrons of the licensed premises.

They will not be used as a means of attempting to attach responsibility to Premises Licence Holders or Club Management Committees for matters outside their reasonable control, such as anti-social behaviour once away from the premises or licensable activity. Conditions imposed by the Licensing Authority shall be appropriate, reasonable, and proportionate and should be determined on a case-by-case basis.

At paragraph 20.4 The Licensing Authority will not impose standard conditions upon every licence issued, however it may have regard to model conditions produced by the Government and/or the Institute of Licensing and it may choose to impose these in appropriate circumstances.

10.0 LEGAL CONSIDERATIONS

10.1 When considering an application for a grant of a new Premises Licence, the Sub-Committee shall carry out its functions with a view to taking steps it considers appropriate for promoting the licensing objectives. The licensing objectives are:

- Prevention of crime and disorder
- Public Safety
- Prevention of public nuisance
- Protection of children from harm

10.2 Members should note that each objective is of equal importance. There are no other licencing objectives, and the four objectives are paramount considerations at all times.

10.3 An application for a new premises licence may be made pursuant to s.16 and s.17 of the Act, and with regard to the Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005/42 and the licensing Act 2003 (Fees) Regulations 2005/79.

10.4 The Sub-Committee must ensure that all licensing decisions:

- Have a direct relationship to the promotion of one or more of the four licensing objectives
- Have regard to the Council's statement of licensing policy
- Have regard to the Secretary of State guidance
- Must not be subject to a blanket policy to the extent that it is applied so rigidly that an exercise of discretion in each individual case is precluded

10.5 Where relevant representations are made, the Licensing Authority must hold a hearing to determine the application, unless all are agreed that such a hearing is unnecessary s.18(3)(a) Licencing Act 2003.

10.6 Relevant representations are those that relate to the effect of the granting of the application on the promotion of the licensing objectives made by an interested party or responsible authority that have

not been withdrawn and are not, in the opinion of the relevant licencing authority, frivolous or vexatious s.18(7) Licensing Act 2003.

- 10.7 The Sub-Committee can only consider matters within the application that have been raised through representations from interested parties and responsible authorities. Interested parties must live within the vicinity of the premises. All applications will be decided on a case-by-case basis.
- 10.8 Following a hearing, the Sub-Committee must consider all relevant representations, and having taken into account the promotion of the licensing objectives, under s.18(3(b) and (4) Licensing Act 2003, a decision can be taken: -
- i. To grant the licence, subject to the mandatory conditions and conditions consistent with the operating schedule;
 - ii. To impose additional relevant conditions to such an extent as is considered necessary for the promotion of the licensing objectives;
 - iii. To exclude any of the licensable activities to which the application relates;
 - iv. To amend the times for all or some of the licensable activities;
 - v. To refuse to specify a person in the licence as the premises supervisor;
 - vi. To reject the application.
- 10.9 Conditions will not be necessary if they duplicate a current statutory requirement. The licencing Authority may therefore only impose such conditions that are necessary to promote the licensing objectives arising out of the consideration of the representations.
- 10.10 If the Sub-Committee determines that it is necessary to modify the conditions, or to refuse the application for a Premises Licence application, it must give reasons for its decision.
- 10.11 The Council in its capacity as Licensing Authority has a duty to have regard to its public sector equality duty under s.149 of the Equality Act 2010. In summary, s.149 provides that a Public Authority must, in the exercise of its functions, have due regard to the need to:
- i. Eliminate discrimination harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - ii. Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and
 - iii. Foster good relations between persons who share relevant protected characteristics and persons who do not.
- 10.12 Section 149(7) of the Equality Act 2010 defines nine relevant protected characteristics these are:
- i. age
 - ii. gender reassignment
 - iii. being married or in a civil partnership
 - iv. being pregnant or on maternity leave
 - v. disability
 - vi. race including colour, nationality, ethnic or national origin
 - vii. religion or belief
 - viii. sex
 - ix. sexual orientation
- 10.13 Officers have provided the Sub-Committee with recommendations related to this application. Subject to the above-mentioned factors having been properly considered, the Sub-Committee may depart from the recommendations if there are good reasons for doing so. The Sub-Committee is advised that such departures could give rise to an appeal or judicial review.
- 10.14 Interested parties, Responsible Authorities and the Applicant have the right to appeal the decision of the Licensing Sub-Committee to the Magistrates' Court within a period of 21 days beginning with the day on which the applicant was notified by the Licensing Authority of the decision to be appealed against.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

We believe neighbouring residents in the immediate vicinity were not notified either, so there is reason to suggest the application should be republished and residents notified.</p> <p>Prevention of Public Nuisance Overall, bringing this building back to life with a family-oriented restaurant, offering a menu based on seasonal produce, is to be welcomed.</p> <p>However, as a resident living directly opposite the premises who has also lived here for over 20 years, the level of noise and disturbance in the street has increased greatly in recent years. This is particularly the case in the late evenings as the number of restaurants and cafes is already significant - a point noted by the applicant themselves.</p> <p>It is important that the Licensing Sub-Committee takes note of the fact that Green Lane is not just a business area, it is also a residential area. There are in fact hundreds of people who live above the shops and restaurants on Green Lane and Maxwell Road. These include many families with young children, the elderly, and people of working age for whom the ability to sleep is very important. The impact on them of increased noise, especially when people leave restaurants late at night, is already substantial and will only increase more if further late night openings, such as this application, are approved as they stand.</p> <p>At restaurant closing time, it is common for groups of people to linger out on the street for some time and talk loudly and exuberantly, especially if they have had a few drinks. This happens despite several restaurants asking diners to leave quietly.</p> <p>In addition, there have been incidents recently when the police have been called to deal with disorder in the streets at the same time, from around 10pm onwards until the early hours of the morning. Such incidents are even more disruptive.</p> <p>Therefore this application should be reviewed not only on its own merits, but also in relation to the number of other restaurants already on Green Lane and Maxwell Road, as well as the increase in noise and disturbance over recent years.</p>
--	--

The outcome you are seeking from the Licensing Authority (See note 6);

The application should only be granted if the late night hours are reduced from 11.30pm closing time as currently, to 10pm closing time, with the last serving of alcohol brought back to 9.30pm. With plans to eventually serve breakfast as well from 8am onwards, this reduction will not greatly affect the amount of hours and therefore trade the business is able to do.

Additionally, the licence should only be for six days a week, not seven days a week. Otherwise this is effectively a 24/7 business which again impacts on local residents who live in very close proximity above, below, to the side of, and opposite, the new restaurant. This gives just **one day per week** when there is a break from the inevitable noise caused by the business, which is not unreasonable to suggest or request, as there will inevitably be noise and potential disturbance on all other days throughout the morning, daytime and evening.

Lastly, it should be stipulated that deliveries should only take place during trading hours and should not take place outside those times, as these also lead to noise and disturbance.

Subject: RE: New Premises Licence application - The Farm Restaurant & Bar

Good Morning,

Having examined this application in its current form there will be no objections from Police Licensing.

Could we propose that the Operating schedule and response to the licensing objectives be incorporated into the conditions of the licence. In addition, some form or condition relating to the keeping and maintaining of an incident/refusals log for the premises.

Kind regards.

Dave.
