6.0 BACKGROUND INFORMATION

6.1 The premises had a licence until December 2021 when the Licensing Sub-Committee revoked it following a review which stemmed from a serious incident – a stabbing where one of the four victims was a 16-year-old girl who had been drinking at the premises. An appeal by the premises licence holder was unsuccessful and the revocation took effect in February 2022.

6.2 A new premises licence application was received from Game Measure Limited in March 2023. The premises planned to offer a similar experience to that which was there prior to the

licence being revoked i.e. food (including late night refreshment), drinks (including alcohol), regulated entertainment and shisha.

6.2 The application attracted 3 representations from the Responsible Authorities, 3 Representations from Interested Parties and 3 Representations of support.

6.3 The application was heard by the Licensing Sub-Committee in April 2023 and a premises licence was granted but with reduced hours from that which were originally applied for and subject to 43 conditions designed to combat the issues that the premises had previously had.

7.0 OFFICER'S OBSERVATIONS

7.1 This application seeks to extend the hours for the existing licensable activities authorised by the current premises licence.

7.2 The premises is situated in an area where there is residential accommodation so the potential for public nuisance is a consideration.

7.3 According to our records, the premises has submitted six Temporary Event Notices (TEN) since February 2023 – one was withdrawn, and one was refused following an objection from Police Licensing.

7.4 The Licensing Service is aware of seven complaints that have been made about the Prince of Wales since April 2023. Six of these complaints relate to loud amplified music and noise from the rear garden and one concerns planning consent for parking patrons' vehicles at Green Cottage – this arrangement was proposed at the April 2023 Licensing Sub-Committee hearing in order to address residents' concerns about parking issues at the premises. One of the noise complaints was made on 18th November 2023 at 14:00 hours when there was a TEN in place for a private party from 13:00 – 19:00 hours. The most recent noise complaint was received on 27th April 2024 and concerned loud amplified music, cars being parked on the pavement outside and behind the bus stop at Coney Green and an alleged breach of a planning order to remove a retractable roof.

7.5 There have been three members enquiries since February 2023. Two relate to planning and one relates to an enquiry about a TEN.

7.6 The representations received mainly raised the following issues:

a) The Prevention of Crime and Disorder

Metropolitan Police Licensing have expressed concerns that the removal of conditions combined with an increase in hours will have a negative impact on the public and the licensing objectives. They are of the view that stringent conditions are required in order to ensure that the premises is managed appropriately, prevents crime and disorder, protects the public and upholds the licensing objectives.

A recent unannounced visit to the venue on Saturday 27th April 2024 at 22:25 hours revealed failings with conditions on the licence not being complied with.

A subsequent follow up meeting at the premises on 2nd May 2024 revealed further failings. To not adhere to licence conditions undermines the licensing objective and this has reduced the trust and confidence that the Police has in the management of the premises.

The Licensing Authority reflect similar concerns. In their opinion the licensing objectives would be undermined if the licensable activities were extended, and key current conditions removed. The findings of the 27th April and 2nd May visits leaves the Licensing Authority questioning whether management would be fully compliant should the variation be granted.

Cllr Bennett is concerned about a return of knife crime, underage drinking, illegal parking and property damage that residents have suffered previously.

Cllr Gohil notes that when the premises previously operated with late hours, the Police were often called to deal with incidents and that the premises would be mentioned frequently in discussions with the Police at local SNT meetings. Cllr Gohil echoes Cllr Bennett's concerns that an extension to the hours would lead to an increase in crime as well as disorderly behaviour from customers under the influence of alcohol.

b) The Prevention of Public Nuisance

Concerns have been raised by the Licensing Authority that the proposed finishing times for licensable activities coupled with the absence of conditions from the current premises licence designed to uphold the Prevention of Public Nuisance licensing objective, in the proposed operating schedule would likely cause disturbance for residents living in the vicinity of the premises.

The Street Scene Enforcement Team/Environmental Protection Team also have concerns, following recent complaints of noise nuisance (music and entertainment outside in the garden) and anti-social behaviour e.g. parking issues. The most recent complaint being received on 27th April 2024.

Metropolitan Police Licensing have echoed the concerns of the Licensing Authority in relation to the increase in hours and the removal of conditions having a negative impact on the public and the licensing objectives. They are of the view that stringent conditions are required in order to ensure that the premises is prevented from causing a public nuisance.

Cllr Bennett is concerned that the anti-social behaviour which includes reports of excessive noise and patrons bumping their cars up the kerb of Harlington Road and then driving across and parking on the pavement will not only continue but increase.

Cllr Gohil has expressed concerns over the effect that an extension of the hours will greatly disturb the lifestyle of residents, many of whom have young children. It is her opinion that the existing hours and conditions has played a key part in achieving a reduction in the anti-social behaviour experienced previously. It is feared that granting the variation will bring a swift return to the public nuisance that residents suffered before. In addition, there are concerns that the current parking problems will worsen with an increase in visitors to the venue.

Cllr Chamdal has advised that having spoken to residents, the majority are against a change to the closing hours with issues concerning noise, parking and taxi pickups being cited.

Mr Craig notes that since the restrictions on the licence have been in place they have had several disturbances but far fewer than before. He has expressed concerns over an increase of noise from the music and belly dancing at the rear of the premises and from patrons leaving the venue late at night/early in the morning should the variation be granted.

c) **Public Safety**

Cllr Bennett, Cllr Gohil and Cllr Chamdal have all highlighted problems being caused by patrons of the premises parking irresponsibly along Harlington Road and the surrounding areas including driving across and parking on pavements and parking on double yellow lines.

- 7.7 The representation from Janice Hopper in support of the application states that extending the licence by an extra hour is not unreasonable and that the measures currently in place to manage patrons seem to have been successful. Kate Hendrick states that they have not had any trouble, the staff are polite and help them to park their car by managing the venue's parking and that the premises brings a community feel to the area.

8.0 Relevant sections of s.182 Guidance

Where representations are made

- 8.1 **At paragraph 9.3** it states that "Where a representation concerning the licensing objectives is made by a responsible authority about a proposed operating schedule and it is relevant (see paragraphs 9.4 to 9.10), the licensing authority's discretion will be engaged. It will also be engaged if another person makes relevant representations to the licensing authority, which are also not frivolous or vexatious (see paragraphs 9.4 to 9.10). Relevant representations can be made in opposition to or in support of, an application and can be made by any individual, body or business that has grounds to do so.

Relevant, vexatious and frivolous representations

- 8.2 **At paragraph 9.4** it states that "A representation is "relevant" if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to the subject matter of the variation. There is no requirement for a responsible authority or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises."
- 8.3 **At paragraph 9.9** it states that "It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making the representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it."

Determining actions that are appropriate for the promotion of the licensing objectives

- 8.4 **At paragraph 9.42** it states that "Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be".

- 8.5 **At paragraph 9.43** it states that "The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve".
- 8.6 **At paragraph 9.44** it states that "Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination".

Proportionality

- 8.7 **At paragraph 10.2** it states, "Conditions include any limitations or restrictions attached to a licence or certificate and essentially are the steps or actions that the holder of the premises licence or the club premises certificate will be required to take or refrain from taking in relation to the carrying on of licensable activities at the premises in question. Failure to comply with any condition attached to a licence or certificate is a criminal offence, which on conviction is punishable by an unlimited fine or up to six months' imprisonment. The courts have made clear that it is particularly important that conditions which are imprecise or difficult for a licence holder to observe should be avoided."
- 8.8 **At paragraph 10.8** it states, "The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives. In order to promote the crime prevention licensing objective conditions may be included that are aimed at preventing illegal working in licensed premises. This provision also applies to minor variations."
- 8.9 **At paragraph 10.9** It is possible that in some cases no additional conditions will be appropriate to promote the licensing objectives.
- 8.10 **At paragraph 10.10** it states that "The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessels or identity scanners where they would not be appropriate to the specific premises. Conditions that are considered appropriate for the prevention of illegal working in premises licensed to sell alcohol or late night refreshment might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as

part of a right to work check is retained at the licensed premises. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives".

Hours of trading

- 8.11 **At paragraph 10.13** it states "The Government acknowledges that different licensing strategies may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of its licensing policy statement.
- 8.12 Licensing authorities are best placed to make decisions about appropriate opening hours in their areas based on their local knowledge and in consultation with responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application".
- 8.13 **At paragraph 10.14** it states "Where there are objections to an application to extend the hours during which licensable activities are to be carried on and the licensing authority determines that this would undermine the licensing objectives, it may reject the application or grant it with appropriate conditions and/or different hours from those requested."

Licensing hours

- 8.14 **At paragraph 14.51** it states "With regard to licensing hours, the Government acknowledges that different licensing approaches may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions regarding licensed opening hours as part of the implementation of its licensing policy statement and licensing authorities are best placed to make such decisions based on their local knowledge and in consultation with other responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application".
- 8.15 **At paragraph 14.52** it states "Statements of licensing policy should set out the licensing authority's approach regarding licensed opening hours and the strategy it considers appropriate for the promotion of the licensing objectives in its area. The statement of licensing policy should emphasise the consideration which will be given to the individual merits of an application. The Government recognises that licensed premises make an important contribution to our local communities and has given councils a range of tools to effectively manage the different pressures that licensed premises can bring. In determining appropriate strategies around licensed opening hours, licensing authorities cannot seek to restrict the activities of licensed premises where it is not appropriate for the promotion of the licensing objectives to do so".

9.0 Relevant sections of Hillingdon's Licensing Policy

Licensing Objectives – The Prevention of Crime and Disorder

- 9.1 **At paragraph 10.1** Licensed premises, especially those offering late night/early morning entertainment, alcohol and refreshment, can be a source of crime and disorder. The Licensing Authority will expect operating schedules to satisfactorily address these issues from the design of the premises through to the daily operation of the business. Applicants are recommended to seek advice from the Police Licensing Officer and Licensing Authority Officers prior to making any application as early advice can alleviate representations being made once an application is submitted. Full contact details for both are contained within the Responsible Authorities contact in appendix B.
- 9.2 **At paragraph 10.3** Where a number of premises may be in close proximity it may be difficult to attribute the disorder to patrons of particular premises, however there is a duty on Premises Licence Holders or Club Management Committees to act responsibly to ensure their own customers do not contribute to crime and disorder whilst in their premises and in the vicinity of their premises.
- 9.3 **At paragraph 10.6** Applications referred to the Licensing Sub-Committee where relevant representations have been received will be determined on the individual merit of each case. The Licensing Sub-Committee has the power to impose specific conditions when considered appropriate in respect of the Crime and Disorder objective.

Licensing Objectives – Public Safety

- 9.4 **At paragraph 11.5** Applications referred to the Licensing Sub-Committee will be determined on the individual merit of each case. The Licensing Sub-Committee have the power to impose specific conditions when considered necessary in respect of the Public Safety objective.

Licensing Objectives – The Prevention of Public Nuisance

- 9.5 **At paragraph 12.1** Licensing Sub Committees will be mindful that licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping in the vicinity of the premises. When addressing public nuisance the applicant should identify any particular issues that are likely to affect adversely the promotion of the licensing objective to prevent public nuisance. They should then include in the operating schedule how they will deal with those matters. The concerns mainly relate to noise nuisance from within the premises or from the use of any outside areas, light pollution, smoke and noxious smells. This may also include patrons outside a premises and the dispersal of customers. Due regard will be given to the impact these may have and the Licensing Authority will expect operating schedules to satisfactorily address these issues.
- 9.6 **At paragraph 12.7** Applications referred to the Licensing Sub-Committee will be determined on the individual merit of each case. The Licensing Sub-Committee have the power to impose specific conditions when considered necessary in respect of the Prevention of Public Nuisance objective.

Representations

- 9.7 **At paragraph 17.2** Representations can be made to the Council, as Licensing Authority, by a 'Responsible Authority' or by 'Interested Parties' which include individuals such as

residents or bodies such as a residents association, trade associations and other businesses operating. Representations can be made concerning:

- Applications for new premises licences or club premises certificates
- Applications to vary premises licences or club premises certificates
- Personal licence applications on criminal grounds (only by the Police)

9.8 **At paragraph 17.9** The Licensing Act 2003 also permits Elected Members to make representations on their own behalf as well as on behalf of their constituents. Members of the public who are making representations may also request that their Ward Councillor speaks on their behalf at public hearings to determine applications.

9.9 **At paragraph 17.11** Written representations include letters and emails. Representations received after the end of the public consultation period cannot legally be accepted and will not be considered by the Licensing Authority.

9.10 **At paragraph 17.15** All valid representations will form part of a committee report that will become a public document. It will be given to the applicant, their agent, responsible authorities, other persons making representations and any other party requesting a copy as well as the Licensing Sub-committee 10 working days prior to the hearing. Anonymous representations will not be accepted.

Licensing Hours

9.11 **At Paragraph 25.1** it states that "Prior to the introduction of the Licensing Act 2003, it was believed that fixed and artificially early closing times (established under the Licensing Act 1964) were one of the key causes of rapid binge drinking prior to closing times and one of the causes of disorder and disturbance when large number of customers were required to leave the premises simultaneously".

9.12 **At Paragraph 25.2** it states that "The aim through promotion of the licensing objectives should be to reduce the potential for concentrations and achieve a slower dispersal of people from licensed premises through flexible opening times".

9.13 **At Paragraph 25.3** it states that "Arbitrary restrictions that would undermine the principle of flexibility will therefore be avoided. The four licensing objectives will be paramount at all times and the Council will always consider the individual merits of each case".

9.14 **At Paragraph 25.4** it states that "In accordance with guidance there is no fixed restriction on terminal hours for any particular areas of the borough. Such a restriction could cause the migration of patrons from one area to another and create the circumstances that the legislation is attempting to avoid.

9.15 Each application will be dealt with on its merits. It is for the applicants to detail in their Operating Schedule exactly what times they intend to open and close the premises and what measures they will take to ensure that they do not cause nuisance or disturbance to their neighbours in the vicinity. The later the terminal hour applied for, the greater will be the need to address the issues of disturbance and nuisance".

Licence Conditions

9.16 **At Paragraph 20.1** it states that "Conditions on premises licences and club certificates are determined by:

- a) The measures put forward on the Operating Schedule
- b) Mandatory conditions within the Act
- c) Measures decided at a hearing by the Licensing Sub Committee"

9.17 **At Paragraph 20.2** it states that "Conditions attached to licences by the Licensing Authority that have been proposed by the applicant in their operating schedule should be consistent with the steps set out in the operating schedule. This means that the effect of these conditions should be substantially the same as that intended by the terms of the operating schedule".

9.18 **At Paragraph 20.3** it states that "Any conditions attached to licences following relevant representations will focus on matters within the control of the Premises Licence Holder or Club Management Committees. They will address matters which have a direct impact on those living, working or engaged in normal activities in the vicinity, as well as patrons of the licensed premises. They will not be used as a means of attempting to attach responsibility to Premises Licence Holders or Club Management Committees for matters outside their reasonable control, such as anti-social behaviour once away from the premises or licensable activity".

9.19 **At Paragraph 20.4** it states that "The Licensing Authority will not impose standard conditions upon every licence issued, however it may have regard to model conditions produced by the Government and/or the Institute of Licensing and it may choose to impose these in appropriate circumstances".

10.0 LEGAL CONSIDERATIONS

10.1 When considering licence variation applications the Sub-Committee is required carry out its functions with a view to promoting the licensing objectives. The licensing objectives are:

- Prevention of crime and disorder
- Public Safety
- Prevention of public nuisance
- Protection of children from harm

10.2 An application for variation of a premises licence may be made pursuant to s.34 of the Licensing Act 2003 and is essentially governed by Licensing Act 2003, reg.12 of the Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005/42), Licensing Act 2003 (Hearings) Regulations 2005/44) and s.182 Secretary Code of Guidance.

10.3 The Sub-Committee must ensure that all licensing decisions have:

- A direct relationship to the promotion to the promotion of one or more of the four licensing objectives;
- regard to the Council's statement of licensing policy;
- regard to the Secretary of State guidance; and
- not be made as a result of a blanket policy which is applied so rigidly that an exercise of discretion in each individual case is precluded

10.4 Applications must be considered with regard to the principles of fair process and the Human Rights Act 1998 and must have regard to its public sector equality duty under section 149 of the Equality Act 2010. In summary, section 149 provides that a Public Authority must, in the exercise of its functions have due regard to the need to:

- i. eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - ii. advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and
 - iii. foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- 10.5 Section 149(7) of the Equality Act 2010 defines nine relevant protected characteristics examples are; race, sex, age, disability and religious beliefs
- 10.6 When considering an application for the variation of an existing Premises Licence, only the variation is subject to determination. An application to vary the premises licence concerns variation of the conditions attaching to the licence or of the authorised licensable activities.
- 10.7 The application to vary must be accompanied by the Premises Licence (unless that is impracticable when a statement explaining why must be provided).
- 10.8 The authority must make the variation as applied for, subject to the mandatory conditions, unless relevant representations are made, in which case a hearing must be held.
- 10.9 Where relevant representations are made, the Licensing Authority must hold a hearing to consider them, unless it is agreed that a hearing is unnecessary ([s.35\(3\)\(a\)](#)).
- 10.10 The Licensing Authority must then take such of the following steps as it believes to be appropriate for the promotion of the licensing objectives:
 - a) modify the conditions of the licence or
 - b) reject the whole or part of the application ([s.35\(3\)\(b\)](#) and [\(4\)](#)).
- 10.11 When determining applications to vary an existing Premises Licence, the Sub-Committee must consider all relevant representations that are made before taking such steps (if any) as it considers necessary for the promotion of the licensing objectives. The steps that may be taken are as follows:
 - grant the variation as applied for;
 - modify the conditions of the licence (conditions are deemed to be modified if they are altered/omitted or new conditions are added); or
 - reject whole or part of the application to vary the licence.
- 10.12 Any modification of conditions should be confined to those considered appropriate in respect of the particular variation sought.
- 10.13 The Sub-Committee must also have regard to the London Borough of Hillingdon's Statement of Licensing and the Secretary of State's Guidance issued under the Licensing Act 2003 when deciding what action, if any, to instigate. The terms of the Statement of Licensing Policy and Guidance are highly persuasive however, are not binding on the Licensing Sub-Committee.
- 10.14 Officers have provided the Sub-Committee with recommendations related to this application. Subject to the above-mentioned factors having been properly considered, the Sub-Committee may depart from the recommendations if there are good reasons for doing so. The Sub-Committee is advised that such departures could give rise to an appeal or judicial review.

- 10.15 In order for representations to be 'relevant' they must have been made by an interested party or a responsible authority (see the definitions in [section 13](#) Licensing Act 2003) and they must relate to the likely effect on the promotion of the licensing objectives if the application were to be granted.
- 10.16 If the representations are made by an interested party there is a further requirement that the licensing authority does not consider them to be frivolous or vexatious. If it thinks they are, it must explain its decision to the person who made the representations.
- 10.17 The need for a hearing can be dispensed with by agreement of the authority, the applicant for the variation and all of the parties who have made relevant representations.
- 10.18 The authority must notify its decision to the applicant, the interested party and any person who has made relevant representations and, must give reasons for its decision.
- 10.19 A variation of a premises licence may impose different conditions on different parts of the premises or impose different conditions in relation to different licensable activities.
- 10.20 Conditions should also be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. Conditions will not be necessary if they duplicate a current statutory requirement. Licensing Authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives.

Dear Mrs King,

LICENSING ACT 2003
PRINCE OF WALES (SAHARA CITY), 1 HARLINGTON ROAD, HILLINGDON UB8 3HX

I am writing to you as the Officer duly authorised to make representations on behalf of the Licensing Authority. This representation concerns the application submitted by Game Measure Limited on 6th April 2024 for a variation of a premises licence.

The application proposes to extend the hours for the licensable activities. They propose for the Sale of Alcohol, Recorded Music and Performance of Dance, Sunday to Wednesday from 10:00 until 00:30 and Thursday to Saturday from 10:00 to 01:30 hours. They propose the same days and terminal hours for the provision of Late Night Refreshment. Finally, they have applied for Live Music, Monday to Sunday from 10:00 to 23:00 hours.

The Licensing Authority wishes to make a representation against this application based on the following licensing objectives:

The Prevention of Public Nuisance
The Prevention of Crime & Disorder

The Prevention of Public Nuisance

We have concerns about the proposed finishing times for licensable activities. For example, Regulated Entertainment in the form of Recorded Music and Performance of Dance is proposed until 01:30 hours Thursday to Saturday for both indoors and outdoors. We feel there is the risk of potential disturbance to residents living within the vicinity. Earlier finishing times may wish to be considered by the applicant, so they are more appropriate for the local area.

The applicant has proposed 41 conditions in their document entitled, 'Operating Schedule'. However, it is noted that a number of conditions on their current premises licence, MAU029895, have been left out of their 'Operating Schedule' under the heading, 'The Prevention of Public Nuisance'. These current conditions include:

- 33. No Patrons shall be permitted to use the external area of the premises after 2300hours between Sunday to Thursday and 0000 hours on a Friday and Saturday.
- 34. There shall be no admittance or re-admittance to the premises after 2200 hours on any day save for patrons being permitted to temporarily leave the premises to smoke.

- 35. Patrons permitted to leave the premises temporarily to smoke shall be restricted to a designated smoking area defined as (the front of the premises) and limited to (5) persons at any one time.
- 37. There shall be no amplified noise/music or speakers permitted in the external area of the premises.
- 38. Noise limiters shall be in use to ensure that any noise emanating from the TV does not cause a nuisance to nearby residents.
- 39. Dispersal policy to be provided to and approved by the Anti-Social Behaviour and Environmental Team.
- 42. Hourly noise patrols during Regulated Entertainment with a record kept of noise patrols to be kept at the premises available for inspection by the Anti-Social Behaviour and Environmental Team.

Our view is that the removal of these conditions coupled with the proposal for the extension of hours will likely cause disturbance for local residents.

The Prevention of Crime & Disorder

On Thursday 2nd May 2024 at midday, I attended a joint meeting at the premises with Police Licensing to meet Management. We met with the Designated Premises Supervisor, Mr Mohamed Hassan, Mr Sheikh Sheraz, Director of Game Measure Limited and their Licensing Consultant, Mr Noel Samaroo. We discussed their variation application. However, we also discussed Police Licensing's recent visit that took place at the premises on Saturday 27th April 2024 at about 22:15 hours. A number of conditions were not being complied with on their visit, for example:

- 14. All Patrons entering the premises 6pm on Friday's, Saturday's and UK Bank Holiday's shall be required to have their identity verified via the ID scanner machine.
- 34. There shall be no admittance or re-admittance to the premises after 2200 hours on any day save for patrons being permitted to temporarily leave the premises to smoke.

We were advised that the premises was very busy with an event occurring however it is concerning that Management were unable to comply with some of their current premises licence conditions. We have to question whether Management would be fully compliant should their variation be granted with the numerous conditions they have proposed in their 'Operating Schedule'.

In conclusion, the Licensing Authority feel that the licensing objectives would be undermined if the licensable activities were extended and a number of key current conditions were removed from the premises licence. Furthermore, we are currently not fully confident that Management would comply with all conditions attached to their premises licence, if granted.

I am happy to attend a hearing, if required, to verbally deliver my representation and to also to answer any queries from the Licensing Sub-Committee.

If you have any queries regarding this matter, then please feel free to contact me.

Afternoon,

I object to the variation, due to recent incidents related to noise nuisance and ASB namely, music and entertainment outside in garden area and cars parked on the pavement outside and behind the bus stop, causing disruption for local residents.

	<p>Date: 02/05/2024 Re: Application for a Variation</p>

The Police Licensing Team wish to submit a representation regarding the variation to the premises licence at Prince of Wales, 1 Harlington Road, Uxbridge, Hillingdon, UB8 3HX. The premises is trading as "Sahara City".

The representation against the variation is because of the negative impact it will have on the licencing objectives, namely the prevention of crime and disorder, prevention of public nuisance, protection of children from harm and public safety.

On 09/04/2024 Police Licensing received the application to vary the licence. The application sought to extend the hours for licensable activities and an operating schedule was submitted which included most of the existing conditions but with some amendments and some omissions.

A summary of the hours shown currently and what they wish to be varied to be are shown below:

Sale of Alcohol (on and off premises) and recorded music

Was	Sun – Thurs	10:00 – 23:00	vary to	Sun – Weds	10:00 – 00:30
Was	Fri – Sat	10:00 – 00:00	vary to	Thurs to Sat	10:00 – 01:30

Late Night Refreshments

Was	Sun – Thurs	None	vary to	Sun – Weds	23:00 – 00:30
Was	Fri – Sat	23:00 – 00:00	vary to	Thurs – Sat	23:00 – 01:30

Regulated Entertainment to include Performance of dance – Belly dancer show

This was internal regulated entertainment only and it now seeks to include the external area

Was	Sun – Thurs	10:00 – 23:00	vary to	Sun – Weds	10:00–00:30 external area until 23:00
Was	Fri – Sat	10:00 – 00:00	vary to	Thurs – Sat	10:00 – 01:30 external area until 23:00

Opening hours

Was	Sun – Thurs	10:00 – 23:30	vary to	Sun – Weds	10:00 – 01:00
Was	Fri – Sat	10:00 – 00:30	vary to	Thurs to Sat	10:00 – 02:00

I would summarise the main proposed changes to the conditions as follows:

- The condition that states regulated entertainment consisting of live music, recorded music and performance of dance is permitted inside the premises at restricted times (condition number 2) has been removed which would allow it to take place for the extended hours requested.
- The condition that states no live music or performance of dance will take place in the external area of the premises (condition number 3) has been removed which would allow it to take place outside for the extended hours requested. The original condition also restricted the hours of recorded music in the external areas. This part of the condition has also been omitted / removed and so allowing recorded music to be played outside until later.
- Additions have been made to the conditions on Thursdays to mirror what is in place for a Friday and Saturday with regards to having SIA and the use of ID scanners (current condition numbers 13 and 14).
- The current condition limiting the capacity of the venue to 154 (condition number 30) has been omitted / removed from the new proposal.
- The current condition limiting the number of smokers in the outside smoking area to five (condition number 35) has been omitted / removed from the new proposal.
- The current condition stating that there shall be no amplified noise/ music or speakers permitted in the external area of the premises (condition number 37) has been omitted / removed from the new proposal.
- The condition stating that there shall be no admittance/ re-admittance after 22:00 hours (condition number 34) has been omitted / removed from the new proposal.
- The conditions stating that waste collections and deliveries will not take place between 21:00 hours and 08:00 hours (conditions numbers 32 and 33) have been pushed back to 23:00 hours, rather than 21:00 hours.

Police Licensing have concerns that the removal of these conditions combined with the increase in hours will negatively impact the public and the licensing objectives. The premises need stringent conditions to ensure that it is managed appropriately, preventing crime and disorder as well as preventing it from causing a public nuisance. These conditions and restrictions are necessary for the protection of the public and to uphold the licensing objectives.

A brief and recent history at the premises, which illustrate why the conditions are on the licence, can be summarised as followed:

- The premises licence was reviewed in 2019 following a serious incident when a male was assaulted in a fight. The premises did not call police and there were concerns about public nuisance with complaints associated to shisha smoking, entertainment and noise. There were also concerns about underage drinking at the time.
- As a result of this review, further conditions were imposed on the licence and Mr ABOUZEID was removed as DPS and replaced by Mr EL-MENSHAWI.
- On 27/11/2021 there was another serious incident at the Prince of Wales whereby there was a stabbing. Four people received knife injuries and one of the injured victims was a 16 year old girl. She had been drinking in the premises for hours before the assault with friends who were all under the age of 18 years old.
- Following this serious assault there was a summary review which resulted in the premises licence being revoked. Interim steps were put in place to suspend the licence and this was challenged. The decision, however, was upheld.

- In February 2023 there was an application for a new premises licence at the address under new management. This received representations and there was a hearing on 11/04/2023. On the day of the hearing a new Designated Premises Supervisor (DPS) was proposed who was not on the original application. The decision was made to grant a licence with forty three conditions.
- The Sub-Committee noted in their decision notice that the conditions offered at the time showed a commitment to upholding the licensing objectives and that the robust conditions attached to the licence would “serve to combat many of the issues that have previously plagued the venue, striking a fair balance in relation to the concerns raised by residents and the operating schedule of the business.”
- The Sub –Committee also noted they were concerned that there were reports of noise nuisance believed to be emanating from the premises in March 2023 (before the licence was granted).

After the premises licence was granted, Police Licensing delivered training (Welfare and Vulnerability Engagement) to Mr Mohamed Mosad Hassan (DPS) on 17/05/2023.

Since the premises was granted a licence around a year ago, there have been the following calls to police:

- On Tuesday 01/08/2023 at about 00:15 hours a sign was stolen from the front of the venue and reported to police online the following day by the DPS, Mr Hassan. He stated that there was CCTV of the offence. The investigating officer called Mr Hassan several times with no answer and no facility to leave a voicemail. They also emailed him twice and stated that if he did not make contact the report would have to be closed without any further investigation. There was no response and so the investigation was shown complete (crime report 0917673/23 refers).
- On Monday 30/10/2023 at 18:35 hours a member of staff called to say that there was a drunk person at the venue refusing to leave and being verbally abusive to staff and customers. There was no security on duty and police assistance was requested. The individual left of their own accord and police attendance was cancelled six minutes later (Cads 6451 and 6498 refers).

On Saturday 27/04/2024 at about 22:15 hours Police Licensing conducted an unannounced visit to the venue and found that there were failings with conditions on the licence not being adhered to.

These were:

- Entry was permitted and unchallenged into the venue at 22:15 hours. Condition 34 prohibits entry after 22:00 hours and so this condition was breached.
- On entry at 22:15 hours there was no request for ID and no ID was scanned. Condition 14 of the licence makes it a requirement for all patrons to have their ID scanned on entry after 18:00 hours and so this condition was breached.
- There was a DJ performing in the OUTSIDE area at the rear of the venue. There are three current conditions relating to the music / regulated entertainment in the inside/ outside areas.
 - Condition 2 on the licence specifies that regulated entertainment consisting of recorded music is permitted to take place INSIDE at restricted times. This is to prevent the noise being made outside and causing a public nuisance.
 - There is the same intent behind condition 3 which prohibits live music and performance of dance in the external area. We were informed that there had been a belly dancer performer earlier in the evening, which would be a breach of the licence. The condition allows for recorded music only in the external area until restricted times, which would have been 23:00 hours on Saturday.

- Condition 37 states that “there shall be no amplified noise/ music or speakers permitted in the external area of the premises.” The DJ was playing loud music in the external area, clearly in breach of this condition.

The above points were discussed with Mr Hassan at the time, although not in great depth as it was a busy Saturday night and so it did not seem appropriate to go through the entire licence. I therefore contacted Mr Hassan following the visit and arranged a meeting at the venue to discuss the failings at a more appropriate time. I also made the Council Licensing Team and Noise Nuisance Teams aware of my visit and extended the invitation to the meeting.

Prior to the meeting, I was made aware of a complaint that was made to the Hillingdon Out of hours Team about the noise emanating from the venue which was disturbing the peace for the caller and their children on the same night as my visit.

On 02/05/2024 at 12:00 hours Police Licensing attended the venue for the arranged meeting with Mr Hassan. Also present was his agent, Mr Samaroo, and Mr Daniel Ferrer from the Council Licensing team.

My concerns that conditions mentioned were not being adhered to were pointed out.

Mr Hassan had a number of logs present which he was able to show. This included a refusals log, incident log, SIA register and training record. These are all required as conditions on the licence.

It was disappointing to find there were some further failings:

- The SIA register only had one SIA recorded for many of the dates. This was checked during the meeting as being on Fridays and Saturdays when there is a requirement for a minimum of two door supervisors to be on duty (condition number 13). Mr Hassan stated that CCTV could show that there were two working (although he was unable to playback CCTV footage to us at the time). It is a condition that there is a register kept of all door staff on duty (condition number 15) and this was clearly incomplete, or there were not enough SIA on duty at the relevant times.
- The incident Log only had three entries; 04/08/2023, 30/10/2023 and 20/04/2024. It was pointed out that the police visit on 27/04/2024 should be recorded. I would also have expected to see the theft report that Mr Hassan made on 01/08/2023 included.
- Mr Hassan showed us the CCTV coverage of the venue with the live camera feeds but was unable to show us any recorded footage. He did state that this could be provided but he would need to contact another person, not on site, to arrange this at a later time. Condition 17b states that “at least one member of staff trained to operate the CCTV system and download images shall be on duty at all times”. This condition was therefore not being adhered to.

Having met with Mr Hassan and his agent, I believe they would be willing to make further improvements to their proposal but I have reservations in all conditions being adhered to. I would like to, and expect to, see that they are all adhered to in their entirety.

Last entry times being enforced, the correct minimum number of SIA being on duty and being recorded, scanning of ID and incident log entries are all important in the prevention of crime and disorder as well as being able to show CCTV to officers at any given time. To remove any of these or not adhere to them would be undermining the licensing objectives.

To summarise, Police Licensing have concerns about this variation. As outlined above, the venue have a history of failings which have included stabbings, underage patrons and poor management. There have also been complaints of causing a public nuisance with the noise and behaviour associated to the venue. The licence was subsequently revoked.

When the new premises licence was granted approximately a year ago with new management, there were robust conditions in place to ensure that the licensing objectives would be upheld and the venue

managed responsibly and appropriately. Unfortunately it has been found that several conditions are being breached which not only increases the likelihood of crime and disorder and public nuisance being caused, but also reduces the trust and confidence that we have in the management of the premises. An increase in licensable hours with the omission of, or blatant disregard, of conditions is reducing the control measures that are in place and will have a negative impact on the licensing objectives.

This statement (consisting of 4 page(s) each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true.

This statement is an addition to the representation dated 02/05/2024 that I made against the application for a variation at Prince of Wales, 1 Harlington Road, Uxbridge, Hillingdon, UB8 3HX.

This statement is to evidence more fully my interaction with the venue and provide available Body Worn Video (BWV). This is because my account of being allowed entry into the venue after 22:00 hours has been challenged and so I want to be as clear and transparent as possible to detail this breach of the condition if it is being disputed.

On Saturday 27/04/2024 I was on duty in plain clothes in company with two other plain clothes officers who I had arranged to accompany me so that I was not conducting visits to licensed premises by myself at that time of the night.

At about 22:15 hours we arrived at Prince of Wales and parked an unmarked car in the carpark to the rear. The carpark was full and our vehicle was left blocking every single vehicle in. We were approached by a white male in a yellow high visibility jacket who asked for the car key. My colleague declined and said he could not do that and said that we wouldn't be long. The male asked again and was given the same reply. He then let us continue. The exchange was brief and courteous. There was nothing to show and nothing said to suggest we were police officers.

I approached the front of the Prince of Wales and there was one black male in dark clothing at the front of the venue. Nobody else was visible. We acknowledged each other and I continued to walk to the front door with the two plain clothed officers following behind me. The black male in dark clothing, who I assumed was security (SIA), asked me if I had a booking. I replied "no" and continued to walk into the premise. He came with me and asked "how many for? Three?" At this point the SIA and I were now inside the venue. Being a few steps inside I have recognised Mr Mohamed HASSAN, the designated premises supervisor (DPS), who was stood at the bar collecting a drinks order. I have said something along the lines of "ah, I know him, it's fine thanks" and have gone straight to Mr HASSAN. I asked if he remembered me and after a brief pause reminded him that I was "Penny Brown from Police Licensing". Mr HASSAN seemed to then recall me and said that he did. We spoke briefly and he then delivered the drinks. The venue did not seem very busy. I would estimate a large table of about twelve people at the front and a few smaller tables to the left as you enter. When Mr HASSAN came back we spoke briefly and I asked if I could have a look around. Mr HASSAN seemed happy to oblige and showed me through to the external area at the rear of the premises.

As we entered the external area I was taken aback by how loud and busy it was. I had to ask if we were "outside" as my initial impression was that we were still in an inside, enclosed area. It was at this point that I have decided it may be pertinent to switch on my BWV. It was in my pocket, as I was in plain clothes and so had nothing visible to show that I was a police officer. I removed the BWV from my coat pocket, activated it and clipped it to the front of my coat. The way the BWV works, they are in a standby / buffer mode. At the time I activated it to start recording, a recording from thirty seconds earlier will actually be stored. Therefore, the initial recording is from inside my pocket with nothing visible for almost thirty seconds. I had not used it beforehand as I did not want to be identified as a police officer on entry, to know if conditions were being adhered to.

I exhibit the footage as PAB/1 - BWV of Prince of Wales 27/04/2024

Continuation of Statement of: PC Penelope Brown 3267WA

Mr Hassan and I had a conversation in the rear area. Whilst I am happy to expand on this and the footage is available, I do not believe there is any dispute about the fact that a DJ was playing amplified music in this external area, which is the relevant information from that encounter and that the TEN was not in effect at the time of the visit. There were customers eating, drinking and smoking shisha. I did not count how many customers were there but it seemed full.

Mr Hassan suggested that we go somewhere that was more quiet to speak and I followed him through the venue to outside the front. We spoke a little more about the music, restrictions on the licence and the fact that there was no TEN in place until 00:01 on 28/04/2024.

My main concern at that time was relating to the entry, with our entry being allowed after 22:00 hours and no ID being requested or scanned. These conditions are in place to help prevent crime and disorder and were both breached (conditions number 14 and 34).

At about 22:22 hours Mr Hassan said that I wasn't asked for ID as I looked over 25 years old. I read out the condition that states "all patrons" after 18:00 hours must have their ID scanned on Friday and Saturday (condition number 14). Mr Hassan's response seemed surprised by this and he continued to say he "can't ID a 50 year old man" and called it "excessive". I have continued to say that the other problem we encountered was that no entry is permitted after 22:00 hours and we were allowed in. Mr Hassan has gone to dispute this and I have stopped him and told him that we were asked "how many for? Three?" and were then shown in. We continued our conversation and I made it clear that all conditions are important and need to be upheld.

I have then asked about a "clicker" to be counting patrons, as there is a capacity limit of 154 (condition number 30). I was told there is no counter. Both Mr Hassan and the male who I believe was SIA (who allowed my entry) started to explain that they monitor capacity simply

Continuation of Statement of: PC Penelope Brown 3267WA through bookings. The SIA pointed out that the first thing he asked me was if I had a booking before then asking if there were three of us, which is a correct description of our interaction, as already detailed. He explained that I may have been late for a booking and that they were "fully booked". He did not dispute that he then let me in (without a booking).

I continued to talk to Mr Hassan and left the venue at about 22:26 hours.

When I attended the meeting at the venue on 02/05/2024 the fact that I had been permitted entry unchallenged after 22:00 hours on 27/0/2024 was challenged/ disputed. I again went through the details as described about how I entered. Mr Hassan said that although I had been allowed in, I definitely would not have served.

I would be happy to discuss further any of the footage that I have provided but am providing it and this statement for clarity and transparency around the breach of the condition of entry after 22:00 hours because it has been disputed/ challenged.

They have endured years of crime and anti-social behaviour from the patrons of this tainted venue, made possible by the owner and licensee's poor management, total disregard for the law, and their failure to acknowledge the detrimental impact their business has on its neighbours. We fear this latest application will catalyse a return to the knife crime, underage drinking, inconsiderate and illegal parking, excessive noise, and property damage that has blighted the lives of so many in the community for far too long.</p> <p>The Prince of Wales is situated in an entirely residential area away from a town centre, and as such, is wholly unsuitable for opening hours up to 1am and 2am, particularly when alcohol is proposed to be sold beyond midnight and up to 1:30am. Furthermore, the performance of belly dancer shows beyond midnight and up to 1.30am inside, and outside up until 11pm, feels unnecessary – this is Hillingdon Village not a Las Vegas resort. The proposed retailing, operating and opening hours are far too generous and disproportionate, particularly for premises situated in a conservation area close to the Cedar House and St John the Baptist Church heritage assets. If granted they will lead to excessive noise and anti-social behaviour, impacting Public Safety and risking Crime/Disorder, in addition to being a Public Nuisance – made worse because the venue's car park is a two-minute walk along the Uxbridge Road, in the grounds of a residential property.</p> <p>The venue previously had its license revoked, and when the application to reinstate it was heard on the 11th April 2023 by the Licensing Sub-Committee, Hillingdon Council's Licensing and Anti-</p>

Social Behaviour teams both objected to the application being approved - as did the Metropolitan Police's Licensing team, an Uxbridge Road resident, and the Councillors for Colham & Cowley and Hillingdon West Wards. Despite this the Sub-Committee granted approval, and since then the anti-social behaviour has continued – there have been regular reports of excessive noise, and nearly every weekend, numerous patrons illegally bump their cars up the kerb of Harlington Road, and then drive across and park on the pavement. This damages Council property and puts the safety of pedestrians at risk.

Hillingdon Council's mission is to put residents first, so please do so and **refuse** this application.

The outcome you are seeking from the Licensing Authority (See note 6);

That this application be refused.

Subject: RE: Application to vary a premises licence - Licensing Act 2003

Dear Lois,

I would like to comment on the vary of the premises license held by Prince of Wales Pub on Harlington road, on behalf of residents of Harlington Road, Uxbridge Road, Coney Grove, Hilliers Avenue and Turks Close.

My first point is around Prevention of Public Nuisance; the extension of sale of alcohol until 12.30am on most days and 1.30am on weekends, along with the extension of hours to play music will greatly disturb the lifestyle of residents, many of whom who live nearby have young families. In the past at the same premises there have been a number of incidents with customers under the influence attempting to leave the pub, and whilst doing so shouting excessively, often waiting in the middle of the road (at a busy junction), littering, and in some rare cases even causing fights.

I appreciate that under the new ownership this has reduced, I would like to highlight that the existing hours of operation as well as restricted sales is a key part of achieving that. I fear that the proposed extensions to the license will bring a swift return to the public nuisance that residents had suffered previously. I would also like to mention that should there be an extension of hours it would mean more visitors who arrive and park their cars on neighbouring streets. I do not believe the current parking arrangements to be sufficient to handle the capacity of cars, and have already seen first hand cars illegally parked on the double yellow lines outside the premises.

Secondly, and very closely related is crime and disorder. Previously when the license was extended, police were often called to the site due to a number of incidents, mostly because people had consumed too much alcohol late into the night. If the operating hours were to extend until 2am I fear this would lead to an increase in the crime in the area as well as disorderly behaviour from customers under the influence of alcohol. Previously in our Colham and Cowley SNT meetings with the police the Prince of Wales pub would be mentioned frequently, it has recently not been mentioned as a source of issues, but with the extension of the licenses requested I believe it would cause a lot of issues again with residents and for the police.

Though I have already mentioned it briefly above I would like to mention public safety too. The outside of the pub leads onto a busy dual carriage way, which customers have to walk down to get to their parked cars (if they park in the Prince of Wales car park) or it leads onto a very dangerous blind bend corner on Harlington road, with no official zebra crossing. This could be a safety issue for the customers who wish to visit late at night and may lead to public safety issues if they are leaving late at night.

For the reasons above, I unfortunately cannot support the extended hours proposed for the Prince of Wales pub. I believe their current hours of operation are sufficient, however had they requested smaller extensions such as 11pm Sunday-Wednesday and Thursday to Saturday midnight, it would have been more palatable for residents nearby.

Kind Regards

Good day Lois, Spoken to residents this morning and a vast majority are against the change to the closing hours- noise / parking/ taxi pick up are some of the reasons. I am therefore objecting to the variation application applied for.

Dear sir.

I see the above premises has applied for an extension to their existing licence. It was only two years ago that they had several restrictions put on their licence to control the unruly, under age drinking and several public nuisance disturbances.

I cannot believe that after all the submissions by the police, councillors and the licence authorities themselves putting all the restrictions in place, that after such a short time you could consider lifting them.

As a resident living close to the public house I strongly object to this. Since the restrictions have been in place, we have had several disturbances. But far fewer than before. I can only fear the worst should the licence authorities grant them a new licence... especially the late night drinking in such a residential area. And also the noise created by the music and belly dancing in the rear of the premises. Which has insufficient sound dampening. Lastly the noise of the patrons leaving the premises at such late hours will only cause mayhem.

Again I strongly oppose this new application.

To the licensing committee.

My name is Janice Hopper and I live at 3 Harlington road which is directly next door to the Prince of Wales.

I would like to support the application to extend their license by an hour at the weekends.

As the closest neighbour I do not Believe that extending the license by an hour until 1am Is unreasonable, especially in recent months, since the last licencing review the new measures in place to manage clientel seems to have been successful.

If you have any questions please do not hesitate to contact me.

Kind regards
Janice Hopper
