39.	<p>REVIEW 1 - WITNESS SESSION 4 (<i>Agenda Item 5</i>)</p> <p>The Chairman of the Committee welcomed Sirous Ordoubadi and Wayne Greenshield from the Planning and Enforcement team to the meeting. Officers explained that their roles involved opening notice under NRSWA 1991, inspection, traffic management, routine inspection and highways planning.</p> <p>Officers said applications for cabinets were usually received electronically from mobile operators e.g. Vodafone and 3, and utility companies e.g. BT and Virgin. The applications described the exact</p>	Action by

location of the cabinet in relation to the phone mast (if applicable) and footway. The width of the cabinets was 1.5m, increasing to 2.2m when the cabinet door was open. The preferred location for a cabinet was on the grass verge; however Officers said there had been applications for cabinets to be positioned closer to the road than the grass verge. Cabinets had to be located 1.5m away from the road, with an absolute minimum distance of 1.2m. Officers relied heavily on the Council's GIS system. However, if there were unknown factors and the GIS system could not be used then site visits were undertaken. Officers said 20% of applications required a site visit.

Officers informed Members that they did negotiate with operators to ensure the most suitable position for the cabinet was chosen. Companies were usually flexible with the location of cabinets.

The Committee asked Officers about the process following the planning stage of the application. Officers said the company would now apply for works on the public highway to be undertaken. This application was processed online via software used nationally which all utilities companies were privy to. In this application the company would specify when the work would be carried out, what work was to be performed, traffic management issues, the date and time of the work and checks to be undertaken at the site. Council Officers would perform spot checks on the site within a 2 year guarantee period. During this time if there was a fault with the site the operator would be contacted to fix the fault. If the fault posed a danger to the public there was a 2 hour time limit within with the site must be accessed by the operator. For non-dangerous damage there was a 10-day time limit. For dangerous damage, a Council Officer would stay at the site until the operator reached. If the operator did not reach within the time limit they would be charged. The operator would also be charged for the make-safe actions taken on the site, officer time, traffic management issues and any other inconvenience caused.

Officers stated that approximately 250 applications were received for cabinets used in conjunction with phone masts and cabinet repairs each year. Officers stated that the 3-Officer strong team undertook over 200 site visits each year to check for site safety and cabinet maintenance.

The Committee asked Officers about the BT and Virgin broadband boxes. Officers said Planning Advisors only had an influence over the placement of a cabinet when it was being located within a conservation area. Otherwise, all applications were considered by the Highways Engineers. Officers held quarterly co-ordination meetings with utilities companies within the borough which were attended by BT and Virgin. Officers were able to control the location of cabinet boxes within reason; for example boxes would not be located at road junctions, on corners of streets or in front of houses, where possible.

When seeking to place a cabinet on a road nearby residents must be contacted by the relevant operator. If a resident complained to the company they would try to accommodate the resident's needs. Likewise if the resident complains to the Council, Officers will help

	<p>address the resident's complaint.</p> <p>Officers clarified that approximately 300 new Virgin cabinets had been erected throughout the borough. This year would see 600 new BT cabinets placed within the London Borough of Hillingdon. Officers said these cabinets would be in addition to the cabinets currently being used, as the new cabinets had to be used in conjunction with the old hardware. Members requested a map with the location of all cabinets marked on it from Officers.</p> <p>In regards to the size of the boxes Officers stated each box was 1.9m length x 0.5m width and 1.5m height. Officers informed Members that if a box was redundant companies were required to remove it. There was a high rate of cabinet vandalism, with doors and wires being stolen. Members asked for a comparison with other Local Authorities. Officer said this could be sought from the Department of Transport via a Freedom of Information request. Officers confirmed that the relevant utilities company had to pay for any maintenance and vandalism costs. These issues were faced by most Local Authorities nationwide, and were not specific to Hillingdon.</p> <p>Officers informed Members that utilities companies paid the borough in the region of £120,000 per annum for sample inspection costs. The new parliamentary legislation bought in on 29 November 2011 gave the Local Authority new powers to impose on utilities companies and required them to pay approximately £250,000 to the borough to carry out the works for cabinets.</p> <p>Members asked the Officers why the boxes were green. Officers said Virgin had agreed with the Department for Transport that all of their cabinets would be green. The Committee requested Officers to check this via an FOI request. Officers were requested to check whether the City of Westminster allowed black cabinets.</p> <p>Resolved: The Committee thanked Officers for attending and asked Officers to circulate the additional information requested.</p>	<i>James Rodger – Planning & Enforcement</i> <i>James Rodger – Planning & Enforcement</i> <i>James Rodger – Planning & Enforcement</i>

Agenda Item 5

Review of Mobile Technology and Telecommunications Equipment in Hillingdon Borough and beyond: Witness Session 5

REASON FOR ITEM

To enable the Committee to gather evidence as part of their review of Mobile Technology and Telecommunications Equipment in Hillingdon Borough and beyond.

INFORMATION

Aim of review

To look into the future growth of mobile telephone masts and ancillary equipment and the effects on the residents and environment of Hillingdon and beyond.

Terms of Reference

1. To explore the future of mobile phone technology, e.g. 4G/5G and the transmission facilities that will be required.
2. To review the Council's existing planning policies on the installation of mobile phone masts generally, e.g. on roofs and specifically in relation to council owned premises.
3. To investigate the new generation of telecommunications and explore new designs of telecommunications masts.
4. To explore how local authorities liaise with mobile phone operators and their subsidiaries over mobile phone mast locations.
5. To investigate the appropriate use of phone masts in localities and their design within the local environment.
6. To explore the views of residents, residents' associations and other key stakeholders who experience mobile phone masts in their vicinity or use mobile telephones, e.g. businesses.
7. To identify further opportunities for the sharing of mobile phone masts within the current regulatory framework.
8. To examine best practice through information-sharing with other local authorities at home and overseas.
9. To present the Committee's findings and any recommendations to Cabinet for consideration as Council policy.

OPTIONS AVAILABLE TO THE COMMITTEE

1. Question the witnesses as required.
2. Ask additional/supplementary questions as required.
3. Highlight issues for further investigation.

WITNESSES

For this witness session, Members will be focussing on the issues related to the design of the cabinet boxes which house the electrical equipment associated with the telephone masts. The Committee will be exploring the possibility of the potential use

of vinyl wrapping of cabinet boxes, the problem of vandalism and subsequent costs associated with these issues.

With this in mind, the Committee has invited a representative from Mobile Operators Association (MOA) to the meeting on 17 January 2012.

SUGGESTED COMMITTEE ACTIVITY

1. Members to question the witnesses and identify issues for their review
2. Members to consider any written evidence provided
3. Members to discuss the evidence gathered to date on their review and note any potential draft recommendations.

Agenda Item 6

BUDGET PROPOSALS REPORT FOR PLANNING ENVIRONMENT & COMMUNITY SERVICES 2012/13

Contact Officer: Andy Evans
Telephone: 01895 250994

REASON FOR ITEM

To comply with the Budget and Policy Framework procedure rules as part of the agreed consultation process for the General Fund revenue budget and capital programme for 2012/13, this report sets out the draft revenue budget and capital programme for Planning Environment & Community Services for 2012/13, along with indicative projections for the following two years. Following consideration by Cabinet on 15 December 2011, these proposals are now under consultation, and the proposals for each Group are being discussed at the January cycle of Policy Overview Committees.

Cabinet will next consider the budget proposals on 16 February 2012, and the report will include comments received from Policy Overview Committees. At the meeting on 16 February 2012 Cabinet will make recommendations to full Council regarding the budget and Council Tax levels for 2012/13. Full Council will meet to agree the budgets and Council Tax for 2012/13 on 23 February 2012.

The Committee needs to consider the budget proposals as they relate to Planning Environment & Community Services, but within the corporate context and the constraints applying as a result of the aggregate financial position of the authority. (*Please note the budget proposals for the Education service are reported through a separate overview committee and are therefore excluded from any figures shown in this report*).

OPTIONS AVAILABLE TO THE COMMITTEE

It is recommended that the Committee notes the budget projections contained in the report, and comments as appropriate on the combined budget proposals put forward for Planning Environment & Community Services, within the context of the corporate budgetary position.

INFORMATION

Background

1. As reported to Council in February 2011, the budget report for Council Tax setting for 2011/12 contained an initial savings requirement of £16.4m for 2012/13. The budget strategy developed in response to the CSR 2010, which is reliant on the HIP Business Improvement Delivery project, contained challenging savings targets

Residents' & Environmental Services Policy Overview Committee - 17 January 2012

PART 1 – MEMBERS, PUBLIC AND THE PRESS

totalling in excess of £60m over the subsequent four year period. Having delivered budgeted savings of around £15.6m in 2010/11 (£10.2m original savings target, increased to £15.6m to deal with in-year Government cuts) and being well on track to deliver an additional £26.2m savings in 2011/12, initial plans had been developed to deliver the £16.4m savings required in 2012/13. Alongside this, groups were also tasked with reviewing all pressures and a review also commenced of all corporate pressures.

2. The local Government Finance Settlement in 2010 was for 2 years, so large elements of the funding for 2012/13 were known at the start of the budget cycle. However, there were still a number of areas of uncertainty within the budget, some of which still remain, and recent funding consultations add further uncertainty going forward. In addition, there are some emerging demand led pressures have now been recognised in the draft budget. The net result of all these changes is that the estimated budget gap now stands at £17.8m.
3. The timetable for the development of the 2012/13 was brought forward significantly from previous years with work commencing as soon as the 2011/12 budget was agreed by Council in February. Work on the development of savings proposals was integrated with service transformation work programmes and managed through the HIP Business Improvement Delivery programme. BID has continued to develop and evolve. The Deputy Chief Executive, Corporate Director of Planning, Environment, Education and Community Services (PEECS) has full control for the delivery of the total BID programme to ensure there is a standardised approach taken across all departments and services and oversees the established group change boards, who manage the delivery of the programme within each group. This refreshed governance framework enabled significant early progress on both the delivery of a balanced 2011/12 budget position and the development of a balanced set of proposals for 2012/13. Challenge sessions were held with all groups during June to ensure their proposals were sufficiently robust and to discuss the service pressures in each area, both ongoing and emerging. As a result of this work the draft 2012/13 budget was comprehensively updated and a detailed set of proposals and supporting working papers provided to the Leader at the end of July.
4. The structure of the report reflects the budget proposals reported to Cabinet on 15 December 2011, and sets out the aggregate corporate position, followed by Planning Environment & Community Services proposals extracted from the wider corporate budget and the overall proposals for the Planning, Environment, Education and Community Services Group.

The Budget and Policy Framework Procedure Rules

5. The consultation on the budget proposals commenced on 16 December 2011 following decisions taken by Cabinet on 15 December 2011.

Residents' & Environmental Services Policy Overview Committee - 17 January 2012

PART 1 – MEMBERS, PUBLIC AND THE PRESS

6. There will be a further consideration by Cabinet of the budget proposals on 16 February 2012, including comments from Policy Overview Committees. These will be collated and reported back to Cabinet by the Corporate Services and Partnerships Policy Overview Committee. Council will be requested to approve the Cabinet's proposals on 23 February 2012, and if approved without further amendment they will be effective immediately.

Corporate Summary

7. While the focus of the discussion for the Policy Overview Committee should be the specific services within its remit, it is important that this discussion is conducted in the context of the overall corporate financial position.
8. The budget proposals included in this report represent Cabinet's budget strategy for 2012/13 and beyond. The revenue budget proposals have been developed to deliver a zero increase in Council Tax for 2012/13 whilst maintaining balances and reserves at well above £12m over the medium term.
9. The main challenge in delivering a balanced budget for 2012/13 is the development of significant savings of around £17.8m, on top of the £26.2m delivered in 2011/12. However, the Council's Business Improvement Delivery Programme is now well established and is driving the delivery of these savings. The month 7 budget monitoring for 2011/12 shows that good progress is being made in responding to this challenge; with the latest year end forecast showing a projected budget underspend of £2,349k and 94% of the 2011/12 savings being on track for delivery.
10. The final funding settlement for 2012/13 has not yet been announced and the budget has therefore been drafted on an estimated cut in funding of £9.2m, partially offset by a further central Government grant of £2.8m enabling a freeze in Council Tax in 2012/13.
11. Detailed within the draft budget proposals, in addition to the £17.8m savings proposals are £5.1m of corporate increases, £5.4m of contingency provisions and service pressures and an allowance of £3.3m for inflation.
12. The development of savings proposals has continued to concentrate on more efficient service delivery methods, the rolling out of the new Council operating model, focusing on core services and by not creating new pressures by providing services that are no longer funded by Central Government.
13. The draft general fund capital programme for 2012/13 amounts to £204m over three years, with £111m of that investment focused on meeting demand for Primary School Places across the Borough. In addition this programme will enable completion of a

number of major projects during 2012/13 including the South Ruislip and Hayes End Library Developments and a new Civic Amenity Site at New Years Green Lane.

Planning Environment & Community Services Budget Proposals

Summary of Key Financial Issues

14. The approach to the delivery of savings within the wider Planning Environment Education and Community Services Group (PEECS) is now being driven through a programme of transformational reviews of every service. This includes large scale reorganisation, restructuring and removal of duplication, undertaken in the context of a significantly larger service grouping. Within this over-arching work, the opportunity is being taken to question the need for services and examine alternative methods of service delivery, through process efficiency, use of technology or combining previously discrete service areas.
15. Other workstreams include a continuing review of the scale of fees and charges, within which there continues to be an emphasis on differentiating Hillingdon resident and non-residential charges. A number of workstreams will include a focus on procurement alongside a phased review of contract-related expenditure across all services. This is being supported by a robust process for controlling and challenging expenditure decisions across all services within the PEECS Group.
16. Planning, Environment and Community Services are on track to deliver £6.7m of savings in 2011/12 out of the PEECS Group's total 2011/12 programme of £11.3 million, and a further £4.3m savings out of the £7.8m Group total proposed for 2012/13.

Group Revenue Budget 2012/13

17. The movement between the current year's budget and the draft budget requirement for 2012/13 is summarised in Table 1 below. Further detail on the major items in the table is given below.

Table 1: Group Revenue Budget 2012/13

	Budget (£000s)
Budget 2011/12	53,701
Inflation	1,194
Service Pressures	55
Priority Growth	381
Savings	-4,271
Draft Group Revenue Budget 2012/13	51,060

Development and Risk Contingency and Service pressures

- 18. The Development and Risk Contingency provides for resources within the revenue budget that are unallocated at the beginning of the year, but that can be applied to issues as they arise during the year. The contingency is therefore used to budget for items where the probability or value of items is uncertain at the beginning of the year. The current draft Development and Risk Contingency includes items totalling £2.8m for 2012/13 for Planning, Environment and Community Services.
- 19. The key items within this are £1.1 million for the West London Waste Levy, £500k for Development Control income, £480k for a contingency against outsourced Leisure income streams and £450k for Carbon Reduction Commitment Energy Efficiency Scheme.
- 20. There is one service pressure item of £55k which relates to additional responsibilities resulting from the recently introduced Flood and Water Management Act.

Priority Growth

- 21. Growth for Planning Environment & Community Services has been included in the draft budget for consultation. This is based on Cabinet's known expenditure commitments, and is drawn from the items included in Table 1 above. For 2012/13, this includes £161k for the continuing implementation of the extended Library Opening Hours and £142k for Community Safety. This latter sum replaces a reduction in grant, which has also been reflected in the savings proposals. Full Priority Growth are sited in Appendix D.

Savings

22. The savings proposals contained within this draft budget have been developed through the HIP Business Improvement Delivery programme (BID), the Council's response to the projected budget savings requirement of around £65m over the next four year period.
23. Savings proposals currently developed total £17.8m for 2012/13 across the Council. The total savings figure for each group is net of the redundancy costs contained within their package of proposals. The savings included in the draft budget for Planning, Environment & Community Services total £4.3m and are included in Appendix A.

Fees and Charges

24. The Council is empowered to seek income from fees and charges to service users across a wide range of activities. Some of these fees and charges are set by the Government or other stakeholders, but many others are set at the discretion of the Council, based on Cabinet's recommendations.
25. The inflation assumption included in the budget does not take account of any increase in income from fees and charges. However, within their detailed savings proposals groups will take account of any projected increases as was the case in 2011/12.
26. Schedules detailing the proposals relating to fees and charges for 2012/13 for Planning Environment & Community Services are attached at Appendix B.
27. Any increases have generally been limited to the prevailing inflation rate. Only in the case of those charges where Hillingdon's rate is substantially lower than other authorities, such as cemeteries, are above inflation increases being proposed. The charges for Parking are again being frozen for 2012/13, whilst across a range of services preferential rates for Hillingdon residents continue to be maintained through use of the Resident's Card.

Capital Programme

28. The capital programme for 2011/12 was approved by Cabinet and Council as a one-year capital budget that focused on maximising the use of identified funding in order to minimise the level of new borrowing that ultimately impacts on budget requirements funded through Council Tax.
29. The process of developing a capital programme has again focused on identifying and sustaining available funding streams whilst simultaneously managing the impact of increased demand for primary school places in the borough. The Primary Capital

Programme is expected to require an investment in the region of £128m over the period 2010-15, to be financed from a combination of funding streams.

30. The draft capital programme may need to be revised once the final impact of the settlement is known as this may impact on the affordability of the programme. A summary of the draft capital programme for Planning Environment & Community Services is shown in Appendix C. Key schemes within the draft capital programme include the South Ruislip Development, Yiewsley Pool Self-financing scheme, Libraries Refurbishments (including the Central Library), Highgrove Pool refurbishment and Hayes End Library development.
31. Also included within the capital budget are the annual programme of works type schemes. These include continuation of the Chrysalis programme, Civic Centre enhancements, Environmental Assets, Highways Structural, Street Lighting and Road Safety schemes. The Council's Highways programme will be complemented by the annual TfL programme which is provisionally estimated at £3.3 million for 2012/13 and is funded by a ringfenced central government grant.

SUGGESTED COMMITTEE ACTIVITY

To consider the report and make comments on the detail. Comments will then be considered by Corporate Services and Partnership Policy Overview Committee who will then submit composite POC comments to Cabinet.

Agenda Item 7

FORWARD PLAN 2012

Contact officer: Nadia Williams
Telephone: 01895 277655

REASON FOR ITEM

The Committee is required by its terms of reference to consider the Forward Plan and comment as appropriate to the decision-maker on key decisions which relate to services within its remit (before they are taken by Cabinet or Cabinet Member).

OPTIONS OPEN TO THE COMMITTEE

- To comment on items going to the Cabinet or Cabinet Members for decision.
- Or to note the items and decide not to comment.

INFORMATION

The Forward Plan

1. The Forward Plan for the following months has been published. Those items that are within this Committee's remit are shown on the attached version of the Forward Plan. The Committee may wish to consider these items and comment to the decision-maker.
2. Committee Members are requested to send in any questions they have on any items in the attached Forward Plan or in the published Cabinet agenda and reports, and to request any officers that they wish to be present to give advice.

SUGGESTED COMMITTEE ACTIVITY

- To consider whether there are comments or suggestions that the Committee wishes to make that will aid Cabinet's decision-making.
