**SOCIAL CARE AND HEALTH – SUPPORTING INFORMATION****Introduction**

1. This appendix sets out the current 2012/13 charges and any proposed changes to Social Care fees and charges for 2013/14.
2. There are no set charges raised to parents or children in receipt of children's social care services. However a charge is raised to parents if their child is in care; the weekly amount is subject to a financial assessment.
3. The full cost of Social Care services is recharged to Other Local Authorities; therefore the maximum charge in some cases refers to the amount that would be charged should another LA use that service.

**Recommendations**

4. It is **recommended** that discretionary charges for Social Care services remain unchanged.
5. A number of LBH social care charges are linked to the DWP and DCLG rates and are therefore based on current information although subject to confirmation. Cabinet are asked to **delegate authority** to Officers to amend the proposed charges contained in this report should these rates subsequently confirmed by the DWP and DCLG be different.

**SOCIAL CARE SERVICES**

6. The regulations governing the Social Care (Social Services) charging regime are complex and therefore, as an aid to decision making, the report provides Members with background information on the statutory framework which regulates it.

**Residential Services**

7. Local authorities (LA's) are obliged to charge persons provided with accommodation under Part 3 of the National Assistance Act 1948. Section 22 of the Act requires LA's to fix a standard rate for such accommodation at an amount equivalent to the full cost to the authority in providing or purchasing it. LA's must assess an individual's ability to pay for services and decide what amount should be charged using the 1992 Assessment of Resources Regulations. Residents must be given a clear explanation of their financial assessment and informed of any proposed changes. The specific rules are reviewed and published annually by the DH in their Charging for Residential Accommodation Guide (CRAG).
8. Residents will pay their assessed charge direct to the LA except when placed in the independent sector when residents may pay their contribution direct to the home or to the LA with the LA paying the remainder. LA's remain responsible for the full amount of the debt should the resident default on payment. A charge should not be made for aftercare services provided under section 117 of the Mental Health Act 1983.
9. Clients may choose accommodation anywhere in England and Wales and at a more expensive rate than the council would usually expect to pay providing that the resident or a third party is willing and able to pay the 'top up' difference. Failure to meet top up arrangements could result in the resident being moved to other cheaper accommodation. Similarly self-funding clients with diminishing resources could find themselves being moved to lower cost accommodation. However, if their assessed needs can only be met in their current accommodation neither the

resident nor a third party should be asked for a top up. Any arrangements made between the council, a resident and third parties will need to be reviewed regularly to take account of changes to accommodation fees and the council's usual costs which may not change in line and at the same rate. It must be made clear to residents and third parties whether the council intends to share the costs of future accommodation price increases.

10. Funding councils may refer to their own "usual costs" when making placements in another council's areas. A council's usual cost policy should be set at the start of each financial year, planning period or in response to significant market changes. The calculation of usual costs should be based on actual cost of providing care, other local factors and best value requirements. Councils should not set arbitrary ceilings on the amount they expect to pay for services nor should residents be charged more as a result of market inadequacies or commissioning failures. Councils need to be able to demonstrate that set costs are sufficient to meet assessed care needs to provide residents with the level of care services that they could reasonably expect to receive.

### **Non-Residential Services**

11. Section 17 of the Health and Social Services and Social Security Adjudications Act 1983 gives councils a discretionary power to charge adult recipients of non-residential services. Section 17 of the Act provides that councils may recover such charges as they consider reasonable; this necessitates taking account of a user's financial means. Particular care needs to be taken to avoid an adverse impact on a user's income and guidelines have been published by the DH and are contained in "Fairer Contributions Guidance, Calculating an Individual's Contribution to their Personal Budget" published in July 2009. Councils can justify charging a flat rate for services such as meals which substitute for ordinary living costs.
12. In considering what is reasonable in their local circumstances councils may need to go beyond the DH minimum requirements that a user's net income should not be reduced below defined basic levels of income support or the Guarantee Credit of Pension Credit plus a 25% buffer. This minimum level is set so as not to undermine policies for social inclusion and the promotion of independence
13. It is proposed that the currently hourly rate charge for Homecare services remains unchanged at £14.40.
14. It is not acceptable to make a charge on disability benefits without assessing the reasonableness of doing so for each user. The guidance expects earnings of disabled people and their carers to be disregarded for assessment purposes so as to provide an incentive for them to enter and progress in the work environment. Councils have a responsibility to seek to maximise the incomes of users, where they would be entitled to benefits and therefore should ensure that comprehensive benefits advice is provided to all users at the time of a charge assessment. Councils need to monitor the impact of charging policies on users and need to know how much it costs to administer their system.
15. At the present time the number of people in receipt of a personal budget is increasing and by the end of 2012/13 is expected to become the majority of service users. The DH guidance<sup>1</sup> allows authorities to choose the percentage of a person's personal budget that should be subject to a charge and thereby determines the maximum charge according to their individual financial

---

<sup>1</sup> Fairer contributions guidance: calculating an individual's contribution to their personal budget

circumstances. A maximum charge of 100% of an individual's personal budget was set when Council approved the 2011/12 budget and there are no proposals to change this for 2013/14. However this will continue to be reviewed annually whilst experience is gained.

16. The transition to personal budgets is expected to be completed by the end of June 2013 and as a result all service users assessed for a personal budget will have been financially assessed under Fairer Charging to determine their maximum contribution towards their care services. Under personal budget arrangements there is no longer a direct relationship between the service purchased by the individual and a unit charge, indeed the council will be unaware of what an individual is purchasing and individuals may not utilise traditional services to which a unit charge can be applied as has been the case in the past. If an individual has savings greater than the CRAG upper limit which is currently £23,250 then they will pay the full cost of the care provided. The personal budget is calculated by the Resource Allocation system (RAS) and represents the amount of money an individual requires to meet their assessed needs.

### **Income Management**

17. Assessment of a person's need for care should not be confused with the financial assessment of a person's ability to pay a charge. Once someone has been assessed as needing a service that service should not be withdrawn because the user refuses to pay the charge. The Council should continue to provide the service while pursuing the debt which may involve taking action through the civil courts.
18. The Council's solicitor advises that the Council has no course of redress should a client default on payment in such circumstances where a client is charged the full rate without them having completed a financial assessment. The solicitor advises also that where a person has power of attorney over a client's affairs and defaults on making a payment on their behalf the council would have to sue the client who in turn would have to counter sue the person with power of attorney. This course of action is not considered feasible due to the fact vulnerable clients are generally reluctant to pursue the matter.

### **2013/14 MTFF**

19. The total income base is approx £7.8m which will increase by approx £100k due to the increase in individual DWP benefits for service users in receipt of long term residential care. This marginal increase in income is because the majority of the department's charges (and therefore income) is effectively set by Government.
