

Performance rating 2008/09 - Royal Brompton and Harefield NHS Foundation Trust

At the time of assessment this trust was known as Royal Brompton and Harefield NHS Trust

Overall performance

The overall performance rating is made up of two parts: 'quality of financial management', which looks at how effectively a trust manages its financial resources; and 'quality of services', which is an aggregated score of performance against national standards, existing commitments and national priorities. The below tables summarise the four years of the performance assessment.

	2008/09	2007/08	2006/07	2005/06
Quality of Services				
Quality of Financial Management				

Based on our assessment for 2008/09, the quality of services provided by Royal Brompton and Harefield NHS Foundation Trust for its local population was 'excellent'. The financial management rating for this organisation is 'excellent', as this organisation has been assessed as performing strongly. Arrangements appear to be operating effectively and financial targets have been met for at least the past two years.

The trust was not one of those chosen to receive an inspection over the summer.

Components of quality of services:

Overall performance of acute trusts

The graphs below show the percentage spread of results for all acute trusts for quality of services and quality of financial management, as well as for the three components of quality of services, over all four years. The performance of Royal Brompton and Harefield NHS Foundation Trust is indicated by +.

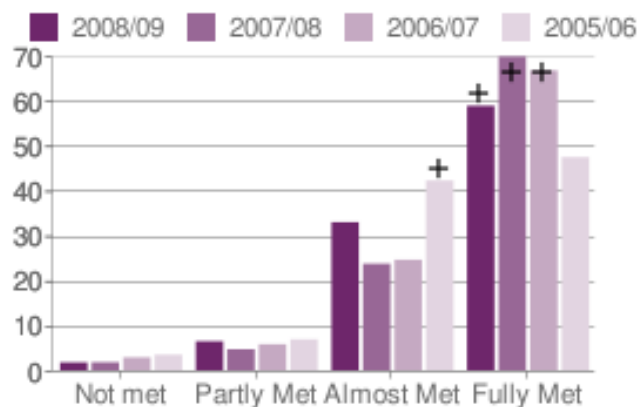

1. Quality of services

2. Quality of financial management

3. Standards

4. Existing commitments

5. National priorities

Standards performance

Every NHS trust in England is responsible for ensuring that it is complying with the Department of Health's core standards. As part of the performance assessment, we ask all trusts to assess their performance against the core standards and to publicly declare the information. The tables below present Royal Brompton and Harefield NHS Foundation Trust's performance in the seven key areas of health and healthcare over the last four years.

Glossary of terms:

Core standards

Fully met: This score means that a trust met all of the core standards set by Government by the end of the assessment year. A trust can only receive this score if it declares no more than four failings during the year. These failings must have been corrected by the end of the year.

Almost met: This score means that a trust met almost all of the core standards set by Government.

Partly met: This score means that a trust met many of the core standards set by Government. However, it was not able to demonstrate that it had met a number of standards.

Not met: This score means that a trust did not meet several of the core standards set by Government.

Compliant: This score means that a trust's board determined that it had met a standard during the assessment year, without any significant lapses.

Insufficient assurance: This score means that a trust's board was unclear as to whether there had been one or more significant lapses during the assessment year in relation to a standard.

Not met: This score means that a trust's board was clear that there had been one or more significant lapses in relation to a standard during the assessment year.

Declaration adjusted / Qualification: This score means that a trust received a follow up inspection at the end of the assessment year and had its declared compliance level adjusted, or qualified, based on the findings of our inspection.

Existing commitments and national priorities

Fully met: This score means that a trust performed consistently well for the existing commitments assessment.

Almost met: This score means that a trust performed well for many aspects of the existing commitments assessment.

Partly met: This score means that a trust performed poorly for some aspects of the existing commitments assessment.

Not met: This score means that a trust generally performed poorly for the existing commitments assessment.

Excellent: This score means that a trust performed consistently well for the national priorities assessment.

Good: This score means that a trust performed well for many aspects of the national priorities assessment.

Fair: This score means that a trust performed poorly for some aspects of the national priorities assessment.

Weak: This score means that a trust generally performed poorly for the national priorities assessment.

Achieved: This score means that a trust performed to a high level for this performance indicator.

Underachieved: This score means that a trust performed below the required level for this performance indicator.

Failed: This score means that a trust performed poorly for this performance indicator.

Not applicable: This score means that this performance indicator did not apply to this trust.

Data not available: This score means that this performance indicator did apply to this trust, but the relevant data were not available. This was not the fault of the trust.

Data not returned: This score means that this performance indicator did apply to this trust, but the relevant data were either not returned or were of insufficient quality for the purpose of this assessment. As a result, this trust was awarded the lowest score.

Indicator: This is what we use to measure performance.

Indicator construction: This is the detailed information that we publish about an indicator, which outlines the data and the method we will use to assess performance.

Scoring threshold: This is what we use to determine the required level of performance for an indicator. For each indicator, we use thresholds of performance to decide whether an organisation has 'achieved', 'underachieved' or 'failed'.

Quality of services / Quality of commissioning assessment

Excellent: This score means that a trust received the highest score for all applicable assessments that contribute to the overall quality score.

Good: This score means that a trust received at least the second highest score for all applicable assessments that contribute to the overall quality score.

Fair: This score means that a trust performed adequately in terms of the overall quality score.

Weak: This score means that a trust performed poorly in terms of the overall quality score.

Quality of financial management assessment

Excellent: This score means that a trust performed very well and has a relatively low financial risk.

Good: This score means that a trust performed well in regard to its financial arrangements, with a low to medium level of financial risk.

Fair: This score means that a trust performed adequately in regard to its financial arrangements.

Weak: This score means that a trust performed poorly in regard to its financial arrangements.
