Date Plans Received: 23/04/2014 Date(s) of Amendment(s):

**Date Application Valid:** 08/05/2014

## 1. SUMMARY

The application seeks planning permission for a two storey, 3 bed detached dwelling including a basement on the garden area of 7 Woodlands Avenue. No.7 is located at the junction of Woodlands Avenue with Newnham Avenue. The proposed house would front onto Newnham Avenue although its rear elevation would be sited abutting the boundary fence with No.5 Woodlands Avenue.

Whilst the site is located within the developed area as defined in the Hillingdon Local Plan: Part Two - UDP Saved Policies, the construction of one dwelling on this site would effectively represent "garden grabbing" with a significant area of the existing garden to No. 7 Woodlands Avenue taken and which currently provides an undeveloped open/green space behind the rear of the adjoining dwellings in Woodlands Avenue and Newnham Avenue. As this land is not otherwise previously developed, the proposal should be considered as an inappropriate form of development in this locality.

In addition, the proposed house would appear cramped and out of keeping with the established pattern of development. Therefore, it is considered that the proposed dwelling would be harmful to the character of the area.

Due to the siting and design of the proposed house it would cause significant loss of light, loss of outlook, sense of dominance and unacceptable overlooking of the neighbouring occupiers. Therefore, the proposal would have an acceptable impact on the residential amenity of the neighbouring occupiers

Insufficient evidence has been provided in relation to parking, access, drainage and private garden area. Therefore the proposed development would be harmful to the interests of highway safety and also not provide an appropriate residential living environment.

Finally, whilst the house provides adequate living space for a 3 bedroom house the proposal does not include a downstairs wc and would not meet lifetime homes requirements.

There are no issues of concerns in relation to trees and landscaping and if the scheme was otherwise acceptable a suitable condition could be imposed to control these matters.

However, in light of the above issues of concern the proposed development would be contrary to policies in the Hillingdon Local Plan Part One and Part Two, London Plan 2011 and the NPPF. Therefore, the proposed development is recommended for refusal.

#### 2. RECOMMENDATION

## **REFUSAL** for the following reasons:

#### 1 NON2 Non Standard reason for refusal

The proposed development by virtue of the inappropriate development of garden land would erode the character, appearance and local distinctiveness of the site and surrounding neighbourhood. The proposal is therefore contrary to Policy BE1 of the Hillingdon Local Plan: Part One - Strategic Policies (November 2012), Policies BE13 and BE19 of the Hillingdon Local Plan: Part Two - Saved Unitary Development Plan Policies (November 2012), Policies 3.5 and 7.4 of the London Plan (July 2011) and the National Planning Policy Framework

#### 2 NON2 Non Standard reason for refusal

The proposed development, by virtue of its size, scale, bulk and position, would be detrimental to the amenities of adjoining occupiers at 5 and 7 Woodlands Avenue by reason of overdominance, overlooking and loss of outlook. The proposal is therefore contrary to Policies BE19, BE21 and BE24 of the Hillingdon Local Plan: Part Two - Saved Unitary Development Plan Policies (November 2012) and the adopted Supplementary Planning Document HDAS: Residential Layouts.

## 3 NON2 Non Standard reason for refusal

The proposed development, by reason of its location, size, scale, bulk and design, would result in a cramped, visually intrusive, unduly prominent and undesirable form of development, that would be out of keeping with the character and appearance of the street scene and the area in general, contrary to Policies BE13 and BE19 of the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012), Policies 3.5 and 7.4 of the London Plan (2011) and the adopted Supplementary Planning Document HDAS: Residential Layouts.

## 4 NON2 Non Standard reason for refusal

Insufficient evidence has been provided to show that the proposed development can provide the required level of off street car parking. As such the proposed development would lead to demand for on street parking to the detriment of highway and pedestrian safety. The proposal is therefore contrary to Policy AM14 of the Hillingdon Local Plan: Part Two - Saved Unitary Development Plan Policies (November 2012) and the adopted Supplementary Planning Document HDAS: Residential Layouts.

#### 5 NON2 Non Standard reason for refusal

Insufficient evidence has been provided to show that the proposed development will provide private amenity space for the proposed and existing dwellings to the detriment of the amenity of current and future occupiers. The proposal is therefore contrary to Policy BE23 of the Hillingdon Local Plan: Part Two - Saved Unitary Development Plan Policies (November 2012) and the adopted Supplementary Planning Document HDAS: Residential Layouts.

## 6 NON2 Non Standard reason for refusal

The proposed development by reason of its position and the provision of a kitchen

window abutting the boundary fence resulting in inadequate levels of natural light and lack of outlook from this room to the detriment of the amenity of future occupiers. The proposal is therefore contrary to Policy BE21 of the Hillingdon Local Plan: Part Two - Saved Unitary Development Plan Policies (November 2012) and the adopted Supplementary Planning Document HDAS: Residential Layouts.

#### 7 NON2 Non Standard reason for refusal

The proposed development does not provide a downstairs WC/cloakroom. As such the proposed development fails to meet the requirements of lifetime homes and is contrary to Policy 3.8 of the London Plan (July 2011) and the adopted and the adopted Supplementary Planning Document HDAS: Accessible Hillingdon.

## 8 NON2 Non Standard reason for refusal

The proposed development includes a habitable basement however the application has not been accompanied by any evidence to adequately show that the proposed scheme will not give rise to flooding or drainage issues. As such it is considered that due to insufficient evidence it is possible that the proposed development would lead to drainage and flooding issues and is therefore contrary to Policy OE8 of the Hillingdon Local Plan: Part Two - Saved Unitary Development Plan Policies (November 2012).

#### **INFORMATIVES**

#### 

The decision to REFUSE planning permission has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).

#### 2 | 153 | Compulsory Informative (2)

The decision to REFUSE planning permission has been taken having regard to the policies and proposals in the Hillingdon Unitary Development Plan Saved Policies (September 2007) as incorporated into the Hillingdon Local Plan (2012) set out below, including Supplementary Planning Guidance, and to all relevant material considerations, including the London Plan (July 2011) and national guidance.

OE8	Development likely to result in increased flood risk due to additional surface water run-off - requirement for attenuation measures
AM7	Consideration of traffic generated by proposed developments.
AM14	New development and car parking standards.
BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE18	Design considerations - pedestrian security and safety
BE19	New development must improve or complement the character of the
BE20	area. Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE22	Residential extensions/buildings of two or more storeys.
DLZZ	residential extensions/buildings of two of more storeys.
BE23	Requires the provision of adequate amenity space.
BE24	Requires new development to ensure adequate levels of privacy to neighbours.

BE38	Retention of topographical and landscape features and provision of new planting and landscaping in development proposals.
LPP 3.3	(2011) Increasing housing supply
LPP 3.4	(2011) Optimising housing potential
LPP 3.5	(2011) Quality and design of housing developments
LPP 3.8	(2011) Housing Choice
LPP 7.6	(2011) Architecture
HDAS-LAY	Residential Layouts, Hillingdon Design & Access Statement,
	Supplementary Planning Document, adopted July 2006
NPPF	National Planning Policy Framework
NPPF1	NPPF - Delivering sustainable development
NPPF6	NPPF - Delivering a wide choice of high quality homes
NPPF7	NPPF - Requiring good design

## 3 | 159 | Councils Local Plan : Part 1 - Strategic Policies

On this decision notice policies from the Councils Local Plan: Part 1 - Strategic Policies appear first, then relevant saved policies (referred to as policies from the Hillingdon Unitary Development Plan - Saved Policies September 2007), then London Plan Policies. On the 8th November 2012 Hillingdon's Full Council agreed the adoption of the Councils Local Plan: Part 1 - Strategic Policies. Appendix 5 of this explains which saved policies from the old Unitary Development (which was subject to a direction from Secretary of State in September 2007 agreeing that the policies were 'saved') still apply for development control decisions.

#### 3. CONSIDERATIONS

## 3.1 Site and Locality

The application property comprises a two storey semi detached property on the north west side of Woodlands Avenue. The house is located at the junction of Woodlands Avenue with Newnham Avenue.

The application property has a garage and a single storey side extension and a reasonable sized rear garden. To the front, the property has a hardstanding area used for vehicle parking.

The wider area comprises similar sized properties on slightly smaller plots, the corner plots being larger. The character of such corners has the long rear gardens of the properties on Woodlands Avenue running towards the side elevations of properties on Newnham Avenue, this is similar to the other junctions with Woodlands Avenue.

The site is located within the developed area as identified in the Hillingdon Local Plan Part Two - UDP Saved Policies (November 2012).

## 3.2 Proposed Scheme

The proposed scheme comprises a two storey, 3-bed, detached dwelling with habitable basement with associated amenity space.

The proposed dwelling measures 8.9m deep, 7.1m wide and 9m high to ridge level and would provide a maximum of 120sq. m of garden space for the proposed dwelling and existing dwelling.

The proposed dwelling will front onto Newnham Avenue. No parking details have been provided with the application.

## 3.3 Relevant Planning History

## **Comment on Relevant Planning History**

No relevant Planning History.

## 4. Planning Policies and Standards

## **UDP / LDF Designation and London Plan**

The following UDP Policies are considered relevant to the application:-

## Part 1 Policies:

PT1.BE1 (2012) Built Environment
PT1.H1 (2012) Housing Growth

## Part 2 Policies:

OE8	Development likely to result in increased flood risk due to additional surface water run-off - requirement for attenuation measures
AM7	Consideration of traffic generated by proposed developments.
AM14	New development and car parking standards.
BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE18	Design considerations - pedestrian security and safety
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE22	Residential extensions/buildings of two or more storeys.
BE23	Requires the provision of adequate amenity space.
	·
BE24	Requires new development to ensure adequate levels of privacy to neighbours.
BE38	Retention of topographical and landscape features and provision of new planting and landscaping in development proposals.
LPP 3.3	(2011) Increasing housing supply
LPP 3.4	(2011) Optimising housing potential
LPP 3.5	(2011) Quality and design of housing developments
LPP 3.8	(2011) Housing Choice
LPP 7.6	(2011) Architecture
HDAS-LAY	Residential Layouts, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted July 2006
NPPF	National Planning Policy Framework
NPPF1	NPPF - Delivering sustainable development

NPPF - Delivering a wide choice of high quality homes

NPPF - Requiring good design

#### 5. Advertisement and Site Notice

**5.1** Advertisement Expiry Date:- Not applicable

5.2 Site Notice Expiry Date:- Not applicable

#### 6. Consultations

#### **External Consultees**

16 letters were sent to local residents and the Residents Association on 12 May 2014 and the site notice was posted on 12 May 2014. 13 letters of objection and two petitions, one with 14 and one qith 25 signatures, have been received objecting on the following grounds:

- 1. Loss of residential amenity
- 2. Possible flooding
- 3. Possible subsidence
- 4. Loss of fir tree
- 5. Lack of parking
- 6. Increase congestion and on street parking
- 7. Detached house out of keeping
- 8. Highway danger
- 9. Quiet area
- 10. Set a precedent.

Officer Comment: The issues raised are addressed in the main body of the report.

## **Internal Consultees**

Highways Officer:

- 1. The application forms indicate no existing or proposed car parking. None shown on plans as well. Car parking for both existing and new house should be shown on plans.
- 2. Gates to the new house must not open on to the public highway.

## 7. MAIN PLANNING ISSUES

#### 7.01 The principle of the development

Paragraph 53 of the National Planning Policy Framework advises that 'Local planning authorities should consider the case for setting out policies to resist inappropriate development of residential gardens, for example where development would cause harm to the local area.'

The London Plan (July 2011) aims to provide more homes within a range of tenures across the capital meeting a range of needs, of high design quality and supported by essential social infrastructure.

In terms of new housing supply, the Borough of Hillingdon has been allocated a minimum target of 4,250 in the period from 2011-2021. The form of such housing should provide a mix of dwelling types in different locations with those at higher densities providing for smaller households focused on areas with good public transport accessibility.

London Plan Policy 3.5 (Quality and design of housing developments) states that "housing developments should be of the highest quality internally, externally and in relation to their context and to the wider environment, taking account of strategic policies in the Plan to protect and enhance London's residential environment and attractiveness as a place to live. Boroughs may in their LDFs introduce a presumption against development on back gardens or other private residential gardens where this can be locally justified".

The London Plan comments (in Paragraph 3.34) that "Directly and indirectly back gardens play important roles in addressing many of these policy concerns, as well as being a much cherished part of the London townscape contributing to communities' sense of place and quality of life. Pressure for new housing means that they can be threatened by inappropriate development and their loss can cause significant local concern. This Plan therefore supports development plan-led presumptions against development on back gardens where locally justified by a sound local evidence base..."

Policy BE1 of the Hillingdon Local Plan: Part One - Strategic Policies (November 2012) states that "new development should not result in the inappropriate development of gardens and green spaces that erode the character and biodiversity of suburban areas and increase the risk of flooding through the loss of permeable area".

The construction of one dwelling on this site would effectively represent "garden grabbing" with a significant area of the existing garden to No. 7 Woodlands Avenue taken and which currently provides an undeveloped open/green space behind the rear of the adjoining dwellings in Woodlands Avenue and Newnham Avenue. As this land is not otherwise previously developed, the proposal should be considered as an inappropriate form of development in this locality and is thus contrary to the objectives of the NPPF, London Plan Policy 3.5 and Hillingdon Local Plan Policy BE1.

## 7.02 Density of the proposed development

Paragraph 4.1 of HDAS Residential Layouts specifies that in new developments numerical densities are considered to be more appropriate to larger sites and will not be used in the assessment of schemes of less than 10 units, such as this proposal. The key consideration is therefore whether the development sits comfortably within its environment rather than a consideration of the density of the proposal

## 7.03 Impact on archaeology/CAs/LBs or Areas of Special Character

Not Applicable to this application.

## 7.04 Airport safeguarding

Not Applicable to this application.

## 7.05 Impact on the green belt

Not Applicable to this application.

## 7.07 Impact on the character & appearance of the area

The application site comprises the side and rear garden area between the semi-detached properties on Woodlands Avenue and Newnham Avenue and occupies a prominent and attractive corner plot. The properties in the area comprise simply designed two storey properties in render beneath a tile roof, all with modest front gardens and parking areas.

The area comprises a mixture of designs although in the main hipped roof semi-detached properties dominate. The proposed detached house would be two storeys high and would have a gable end roof design. 7 Woodlands Avenus and the properties that surround it are semi-detached house with hipped roofs. The houses opposite the application site are semi-detached and comprise hipped roofs. Although these micro design level issues such as the window designs and materials etc have been addressed, the overall shape and

size of the proposed development provides the impression that it has been squeezed onto the site and its comparatively narrow plan form and significantly shorter depth would result in a much smaller scale that would contrast the larger form of surrounding buildings. This would create an anomaly in the street scene and a cramped appearance, given the close proximity of the building to the site boundaries and resulting small gardens compared with the neighbours. Therefore, the development would conflict with Policies BE13 and BE19 of the Hillingdon Local Plan: Part Two - UDP Saved Policies (November 2012) which requires the layout and appearance of new development to harmonise with the street scene and compliment or improve the character of the area, Policies 3.5 and 7.4 of the London Plan (2011) which have similar objectives underlined by a requirement for high quality design as well as design guidance contained within the Hillingdon Design and Accessibility Statement (HDAS) Supplementary Planning Document: Residential Layouts.

## 7.08 Impact on neighbours

The proposed two storey house would be built to the north west of the host dwelling adjacent to No. 52 Newnham Avenue. The proposed dwelling does not extend beyond the rear of No. 52 and is adjacent to the side extension of that property. As such it is not considered harmful to the amenity of the occupiers of this property. The proposed house would be sited only 10m from the existing rear elevation of No. 7 Woodlands and also 12m from No. 5. There would be no windows at first floor level in the proposed side elevation but glazed doors and windows at ground level serving the dining room, this could be screen by suitable boundary treatment. However, give the short distance to the two existing properties No. 5 and No. 7, it is considered that the proposed development would lead to a loss of outlook and overbearing impact on the two existing houses.

Furthermore, as the the proposed house would be built on the boundary of the garden of No. 5 with a bedroom window at first floor this will also lead to an unsatisfactory level of overlooking of the neighbouring property.

Therefore, the proposed two storey property would cause significant loss of outlook, sense of dominance and unacceptable overlooking of neighbouring occupiers.

Therefore, the proposal would have an acceptable impact on the residential amenity of the neighbouring occupier and the development is considered to comply with Policies BE20, BE21 & BE24 of the Hillingdon Local Plan Part 2 Saved Policies (November 2012).

## 7.09 Living conditions for future occupiers

**Amenity Space** 

Policy BE23 of the Hillingdon Local Plan Part 2 Saved Policies states that new residential buildings should provide or maintain external amenity space which is sufficient to protect the amenity of the occupants of the proposed and surrounding buildings and which is usable in terms of its shape and siting.

The Hillingdon Design and Accessibility Statement (HDAS) 'Residential Layouts' require residential developments to provide a minimum of 60 sq metres of amenity space for a three bedroom house. The proposed development does not show the proposed garden area for the existing house and the proposed house. However, the total area available for both house would be 120sq. m but it is still considered that insufficient evidence has been provided to show an adequate private garden can be achieved for both properties. In addition the proposed garden for the new property would be to the side of the house and could lead to issues of privacy and usability. The proposed scheme thus is not considered to provide a satisfactory amount of amenity space for a three bedroom house and would not be acceptable.

## Internal Floor Space

Hillingdon Design and Accessibility Statement (HDAS) 'Residential Layouts' requires all new residential units to be built to lifetime home standards. Furthermore all units must comply with the minimum floor space standards as set out in the London Plan (July 2011). For 2 storey houses these are set out below:

3 bed 4 person house = 87 sq m

3 bed 5 person house = 96 sq m

The proposed house would have a floor area of approximately 156 sq metres (including approximately 65 sq.m in the basement) which meets the standards of the London Plan.

#### Outlook

In terms of outlook for future residents, Policy BE21 of the Hillingdon Local Plan Part 2 Saved Policies (November 2012) seeks to ensure that new development would not have a significant loss of residential amenity, by reason of the siting, bulk and proximity of new buildings.

Whilst the majority of rooms provide an adequate outlook it is noted that the kitchen window is abuts the boundary fence and provides no outlook from this room. In this regard, it is considered that the proposed house layout would not afford the future occupiers with a sufficient level of outlook.

As such the proposed scheme would not comply with policy BE21 of the Hillingdon Local Plan Part 2 Saved Policies (November 2012) and HDAS: Residential Extensions.

## 7.10 Traffic impact, car/cycle parking, pedestrian safety

Although there is an existing vehicle access off Newnham Avenue no details of parking and access have been provided for the proposed dwelling as confirmed by the Council's Highways Officer. As such insufficient evidence has been provided to show that the adequate parking for 2 vehicles can be provided off street. Therefore, the proposed development could give rise to the need for on street parking which would not be in the interest of highway safety and is therefore contrary to policies AM7 and AM14 of the Hillingdon Local Plan Part 2 Saved Policies (November 2012).

## 7.11 Urban design, access and security

See Section 7.07.

#### 7.12 Disabled access

London Plan Policy 3.8 requires all new housing to be built to 'Lifetime Homes' standards. The Council's HDAS 'Accessible Hillingdon' also requires all new housing to be built to 'Lifetime Homes' standards.

It is noted that the proposed development does not have a downstairs WC/cloakroom. As such the proposed development fails to meet the requirements of lifetime homes and is contrary to the London Plan Policy 3.8 and guidance in HDAS Accessible Hillingdon.

## 7.13 Provision of affordable & special needs housing

Not Applicable to this application.

## 7.14 Trees, Landscaping and Ecology

The proposal does not involve the loss of trees. No details of landscaping or boundary treatment have been provided however, if other wise acceptable this could be controlled

by a planning condition. As such the proposal would comply with policy BE38 of the Hillingdon Local Plan Part 2 Saved Policies (November 2012).

## 7.15 Sustainable waste management

Not Applicable to this application.

## 7.16 Renewable energy / Sustainability

The application has not identified specific means of ensuring sustainability of the development. However, it is felt that the imposition of a suitable condition to require the scheme meets code level 4 of the Code for Sustainable Homes would address this matter.

## 7.17 Flooding or Drainage Issues

The site is located to an area which is in a critical drainage area and liable to surface water flooding. The proposed development includes a habitable basement, however, the application has not been accompanied by any evidence in relation to theses issues. In the absence of a groundwater site investigation, it is not possible to judge the drainage and flooding issues associated with the basement. As such it is considered that due to insufficient evidence it is possible that the proposed development would lead to drainage and flooding issues and is therefore contrary to policy OE8 of the Hillingdon Local Plan Part 2 UDP Saved Policies (November 2012).

## 7.18 Noise or Air Quality Issues

Not Applicable to this application.

## 7.19 Comments on Public Consultations

The matters raised have been covered in the main body of the report.

## 7.20 Planning Obligations

As less than 6 habitable rooms are proposed no education contribution is required. However a CIL payment of £5951.57 will be required if approved.

## 7.21 Expediency of enforcement action

Not Applicable to this application.

#### 7.22 Other Issues

None.

## 8. Observations of the Borough Solicitor

General

Members must determine planning applications having due regard to the provisions of the development plan so far as material to the application, any local finance considerations so far as material to the application, and to any other material considerations (including regional and national policy and guidance). Members must also determine applications in accordance with all relevant primary and secondary legislation.

Material considerations are those which are relevant to regulating the development and use of land in the public interest. The considerations must fairly and reasonably relate to the application concerned.

Members should also ensure that their involvement in the determination of planning applications adheres to the Members Code of Conduct as adopted by Full Council and also the guidance contained in Probity in Planning, 2009.

#### **Planning Conditions**

Members may decide to grant planning consent subject to conditions. Planning consent should not be refused where planning conditions can overcome a reason for refusal. Planning conditions should only be imposed where Members are satisfied that imposing

the conditions are necessary, relevant to planning, relevant to the development to be permitted, enforceable, precise and reasonable in all other respects. Where conditions are imposed, the Council is required to provide full reasons for imposing those conditions.

#### Planning Obligations

Members must be satisfied that any planning obligations to be secured by way of an agreement or undertaking pursuant to Section 106 of the Town and Country Planning Act 1990 are necessary to make the development acceptable in planning terms. The obligations must be directly related to the development and fairly and reasonably related to the scale and kind to the development (Regulation 122 of Community Infrastructure Levy 2010).

#### **Equalities and Human Rights**

Section 149 of the Equalities Act 2010, requires the Council, in considering planning applications to have due regard to the need to eliminate discrimination, advance equality of opportunities and foster good relations between people who have different protected characteristics. The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The requirement to have due regard to the above goals means that members should consider whether persons with particular protected characteristics would be affected by a proposal when compared to persons who do not share that protected characteristic. Where equalities issues arise, members should weigh up the equalities impact of the proposals against the other material considerations relating to the planning application. Equalities impacts are not necessarily decisive, but the objective of advancing equalities must be taken into account in weighing up the merits of an application. The weight to be given to any equalities issues is a matter for the decision maker to determine in all of the circumstances.

Members should also consider whether a planning decision would affect human rights, in particular the right to a fair hearing, the right to respect for private and family life, the protection of property and the prohibition of discrimination. Any decision must be proportionate and achieve a fair balance between private interests and the public interest.

#### 9. Observations of the Director of Finance

Not Applicable to this application.

#### 10. CONCLUSION

It is considered that the proposed development would lead to a cramped form of development that also amounts to a form of "garden grabbing" and is therefore harmful to the character and appearance of the area. Due to the siting and design of the proposed house the proposal will constitute an unneighbourly form of development due to potential overlooking and loss of outlook to the occupiers of the neighbouring properties. The proposed house would also provide an unsatisfactory living environment for future occupier due to the lack of outlook from windows abutting the boundary fence and its failure to meet lifetime homes requirements.

Furthermore the proposal does not provide sufficient evidence to show adequate parking and is considered harmful to interests of highway Safety. Similarly no evidence is provided to show an adequate garden area can be provide for the proposed and existing house. Similarly there is no evidence to confirm the proposed development will not lead to flooding issues In addition The proposed house would not respect the character of the

wider area and be harmful to the amenity of adjoining occupiers. Therefore, for these reasons the scheme is considered unacceptable.

Accordingly the application is recommended for refusal.
