

# OPERATING PLAN MEDICATION ERROR REPORTING

<b>Relevant Board Member(s)</b>	Dr Kuldhir Johal
<b>Organisation</b>	Hillingdon Clinical Commissioning Group
<b>Report author</b>	Mark Eaton, Hillingdon Clinical Commissioning Group
<b>Papers with report</b>	Appendix 1: Medication Incident Summary for THH & CNWL

## 1. HEADLINE INFORMATION

<b>Summary</b>	Domain 5 of the 2014/15 Quality Premium for the CCG requires Hillingdon CCG to work with named providers to increase medication incident reporting rates. These targets need to be agreed by NHS England and the Health and Wellbeing Board. NHSE has already agreed the targets and this paper is seeking Health and Wellbeing Board agreement.
<b>Contribution to plans and strategies</b>	This will help deliver the CCG's Quality Premium for 2014/15 and also will impact positively on patient safety.
<b>Financial Cost</b>	Nil
<b>Relevant Policy Overview &amp; Scrutiny Committee</b>	N/A
<b>Ward(s) affected</b>	All

## 2. RECOMMENDATION

**The Health and Wellbeing Board is invited to agree the targets set for improvement within THH and CNWL for reporting Medication Incidents.**

## 3. INFORMATION

This project is being run by Hillingdon CCG in collaboration with both Brent and Harrow CCGs and will affect 3 providers in total: CNWL, THH and NWLHT. Only the first two of these are relevant to Hillingdon. The targets have been agreed by NHS England and the approach is agreed by all three CCGs.

## 4. FINANCIAL IMPLICATIONS

None.

**5. LEGAL IMPLICATIONS**

None.

**6. BACKGROUND PAPERS**

Medication Incident Summary Targets for CNWL and THH are attached.
