INFORMATION

IA provides an independent appraisal and consultancy service that underpins good governance, which is essential in helping the Council achieve its strategic objectives and realise its vision for the Borough of Hillingdon. It is also a requirement of the Accounts and Audit (England) Regulations 2011 that the Council undertakes an adequate and effective IA of its accounting records and of its system of internal control in accordance with the proper practices in relation to internal control.

The new Public Sector IA Standards which came into force on 1 April 2013 are intended to promote further improvement in the professionalism, quality, consistency and effectiveness of IA across the public sector. They stress the importance of robust, independent and objective IA arrangements to provide senior management with the key assurances they need to support them both in managing the organisation and in producing the Annual Governance Statement.
