Hello Ian,

I would like to object to the Licensing Application for The 3 Steps at The Coachman's on the grounds of

- prevention of crime and disorder
- the prevention of public nuisance

I have received complaints from residents about rowdy behaviour in the early hours when customers are leaving the premises. They do not go straight to their vehicles but "hang around" in groups which, as well as being noisy, are perceived as threatening and give rise to suspicions about drug use.

Some anti-social behaviour, eg urinating in front garden has been mentioned.

There is already considerable noise from the premises which breaches residents rights to "the quiet enjoyment of their property", and results in loss of sleep as well as being unable to enjoy their gardens when music is being played. Any extension of the License would clearly cause significant problems for neighbours.

Judith Cooper

Dear Ian

As Ward Councillor I am against this application to increase the hours and also the removal of the condition on use of the patio the hours and condition on the patio are there for a reason this public house is in a very built up area with housing very close to its vicinity and I feel this application could lead to increased noise and anti social behaviour in the area and I oppose this being granted.

Regards

Cllr Keith Burrows

Dear Ian

I am also against this application it is totally inappropriate for this location and will only lead to an increase in noise and other problems for local residents

Regards
