Dear Ms Garner

Northwood Residents' Association has the following objections to the above application.

1. We do not see the need for an "off" licence purely for customers to take home un-drunk wine. This could encourage drinking in the street which is not desirable. Therefore the licence should be restricted to alcohol sold to diners to be consumed on the premises.
2. We object to alcohol being consumed at outside tables. It will be difficult for the licensee to supervise under-age drinking and to control behaviour. It will also lead to excessive noise for neighbours and to possible trouble with passers-by.
3. We object to the licence being granted to start at 9am. Such an early start could lead to drunkenness and exacerbate the problems in point 2.
4. The licence for outside drinking, if granted, must be subject to LBH granting a licence to place seating outside.

Yours sincerely

Tony Ellis

Dear Sirs

I am writing to make a representation in respect of the above Application.

I live in the vicinity of the premises - my address is [REDACTED]

The Licensing Objective to which my representation relates is the prevention of public nuisance.

The green space to the north of 3 Eastbury Road, and just south of Ashbourne Square, is occasionally used for late night partying during the summer, causing a substantial noise and litter nuisance.

I expressed this concern at the North Planning Committee Hearing held on 14 April 2015 and was advised by the Chairman that the Use Class was A3 (Restaurant) and that it was not a takeaway. Nevertheless, Use Class A3 also allows the provision of food for consumption off the premises.

In order to reduce the risk of noise/litter in the vicinity then in response to this representation I would be grateful either for the Applicant's assurance that it is not intended to sell food for consumption off the premises, or for the imposition of a licence restriction preventing such sales.

With thanks,

Yours faithfully

Graeme Armstrong
