**1 I59 Councils Local Plan : Part 1 - Strategic Policies**
On this decision notice policies from the Councils Local Plan: Part 1 - Strategic Policies appear first, then relevant saved policies (referred to as policies from the Hillingdon Unitary Development Plan - Saved Policies September 2007), then London Plan Policies (2015). On the 8th November 2012 Hillingdon's Full Council agreed the adoption of the Councils Local Plan: Part 1 - Strategic Policies. Appendix 5 of this explains which saved policies from the old Unitary Development (which was subject to a direction from Secretary of State in September 2007 agreeing that the policies were 'saved') still apply for development control decisions.
3. CONSIDERATIONS

3.1 Site and Locality

The application site comprises the Waitrose Supermarket at Ruislip. The store is between Wood Lane, Kingsend and West End Road approximately 50 west of Ruislip Station. The store car park is accessed off Wood Lane. The delivery and staff access are to the rear accessed off Kingsend.

The store is located outside Ruislip High Street but within the defined town centre and is adjacent to residential properties on Wood Lane and Kingsend. The car park area backs onto the rear gardens of the properties on Kingsend, albeit that they are well screened by boundary landscaping.

Therefore, whilst the store is on the edge of Ruislip Town Centre there is a strong residential character to the area.

3.2 Proposed Scheme

The application is for variation of condition 9 (Delivery Times) of planning permission ref: 36969/APP/2013/918, dated 16/03/2013, to permit deliveries between 0600 and 2300 Monday to Saturday and 0800 and 2300 on Sundays and Bank Holidays, and to allow deliveries by freezer container vehicles, articulated HGV’s and other HGV’s.

The current approved delivery hours are between 0600 and 2000 Monday to Saturday and 0800 and 2000 on Sundays and Bank Holidays. As such, the proposal is essentially for deliveries to be carried out for an additional 3 hour period during the day time period.

Comment on Relevant Planning History

There is various planning history in relation to this site. An application reference 36969/APP/2013/918 to vary the hours of opening was approved by the Council with conditions.

6. Consultations

External Consultees
Site notice was issued and displayed on 08.06.15.

An objection has been received stating that the current use is flouting the approved hours of delivery

Internal Consultees
EPU:
As the site already has permission for deliveries between the hours of 0600 and 2000 EPU would have no objection to extended delivery hours to 2300 on a trial basis for 18 months.

Conservation & Urban Design:
There do not appear to be any conservation matters related to this application. No comments are therefore forwarded.

Officer comments: Noted.

7. MAIN PLANNING ISSUES

7.01 The principle of the development
The principle of the retail development is not a consideration of this application, the supermarket benefits from planning permission and has been operating for a long period of time. The issue for consideration is only regarding the hours of deliveries and whether these should be extended as requested by the applicant.

7.02 Density of the proposed development
Not applicable to this application.

7.03 Impact on archaeology/CAs/LBs or Areas of Special Character
None.

7.04 Airport safeguarding
Not applicable to this application.

7.05 Impact on the green belt
None.

7.06 Environmental Impact
Not applicable.

7.07 Impact on the character & appearance of the area
Not applicable to this application.

7.08 Impact on neighbours
Policy OE1 states that planning permission will not normally be granted for uses that are, or will become, detrimental to the character or amenities of surrounding properties by reason of traffic generation and congestion, noise and vibration, or the emission of dust, smell or other pollutants.

Policy OE3 states that uses which have the potential to cause noise annoyance will only be permitted where the impact is mitigated to an acceptable level by engineering, layout or administrative measures.
The proposed site is located outside Ruislip High Street with the access off Wood Lane and the delivery access off Kingsend. The car park of the store is located up to the boundary of properties on Kingsend. In addition, the store entrance is located at that end of the car park.

Planning application reference 36969/APP/2013/918 to vary the hours of opening was approved by the Council with conditions, to extend the permitted trading hours of Waitrose Supermarket by one hour on Monday to Fridays, to permit trading between 0700 hours and 2200 hours; to extend the permitted trading hours by two hours on Saturdays, to permit trading between 0800 hours and 2200 hours on Saturdays; and to extend the permitted trading hours by one and a half hours on Bank and Public Holidays, to permit trading between 0830 hours and 1800 hours. This permission was implemented and is ongoing.

At its closest point the car park is located approximately 29m from the rear of the properties on Kingsend and 28m from the frontage of residential properties on Wood Lane. However, the noise assessment submitted demonstrates that the nearest properties would meet BS8233 and WHO guidelines with regards to internal noise; extending the permitted delivery hours will not increase the noise impact with regard to BS4142:2014 when compared to the existing situation. Further it is noted that the proposed change would only effect the day time period and there would be no additional impact within the night time period.

Having considered the likely impacts of the proposal and the short timescale of the additional hours sought in the evenings it is not considered that the proposed delivery hours would have an unacceptable impact on the residential amenity enjoyed by the occupiers of the nearby properties at Kingsend and Wood Lane. As such the proposal is considered to comply with policies OE1 and OE3 of the Hillingdon Local Plan Part 2 - Saved Policies (November 2012).

7.09 Living conditions for future occupiers
Not applicable to this application.

7.10 Traffic impact, car/cycle parking, pedestrian safety
The reason that the condition was imposed on the original application related to the consideration of noise impacts and not highway matters. Accordingly, highway matters are not a key consideration in respect of this application.

7.11 Urban design, access and security
Not applicable to this application.

7.12 Disabled access
There will be no change in the existing disabled access arrangements on the site.

7.13 Provision of affordable & special needs housing
Not applicable to this application.

7.14 Trees, Landscaping and Ecology
There would be no impact on trees on and around the site.

7.15 Sustainable waste management
Not applicable to this application.

7.16 Renewable energy / Sustainability
Not applicable to this application.

7.17 Flooding or Drainage Issues
Not applicable to this application.

7.18 Noise or Air Quality Issues
Discussed above.
7.19 **Comments on Public Consultations**

56 neighbours and the Ruislip residents Association were consulted on 15.06.15. 1 letter of comments has been received raising concerns in relation to the following:

1. The extended delivery until 23.00 hours on all days of the week is inappropriate
2. The site has a history of ‘statutory nuisance’
3. Light flooding during deliveries through illuminating
4. Noise from the delivery lorries after 10pm is inappropriate for residents
5. Impact on conservation area where the character needs to be maintained

Officer comments: Issues relating to illegal parking are covered by different legislation. The rest of the issues raised are addressed within this report. In summary the delivery hours which originally, with extended to 2300 have been amended to 2200 following discussions with Council Officers. These hours do not extend into the sensitive night time period when the majority of people are asleep and the submitted noise report indicates that the deliveries will not have unacceptable impacts during daytime hours.

7.20 **Planning Obligations**

Not applicable to this application.

7.21 **Expediency of enforcement action**

None.

7.22 **Other Issues**

This application is a Section 73 application, which means that in determining this application the Local Planning Authority is, in effect, issuing a new planning permission which take precedence over the previous permission. Officers have therefore undertaken a review of conditions attached to the previous consent to establish if there are any operational conditions which need to be carried forward into this permission, the recommendation in this report is considered to include all such conditions.

8. **Observations of the Borough Solicitor**

**General**

Members must determine planning applications having due regard to the provisions of the development plan so far as material to the application, any local finance considerations so far as material to the application, and to any other material considerations (including regional and national policy and guidance). Members must also determine applications in accordance with all relevant primary and secondary legislation.

Material considerations are those which are relevant to regulating the development and use of land in the public interest. The considerations must fairly and reasonably relate to the application concerned.

Members should also ensure that their involvement in the determination of planning applications adheres to the Members Code of Conduct as adopted by Full Council and also the guidance contained in Probity in Planning, 2009.

**Planning Conditions**

Members may decide to grant planning consent subject to conditions. Planning consent should not be refused where planning conditions can overcome a reason for refusal. Planning conditions should only be imposed where Members are satisfied that imposing the conditions are necessary, relevant to planning, relevant to the development to be permitted,
enforceable, precise and reasonable in all other respects. Where conditions are imposed, the Council is required to provide full reasons for imposing those conditions.

Planning Obligations
Members must be satisfied that any planning obligations to be secured by way of an agreement or undertaking pursuant to Section 106 of the Town and Country Planning Act 1990 are necessary to make the development acceptable in planning terms. The obligations must be directly related to the development and fairly and reasonably related to the scale and kind to the development (Regulation 122 of Community Infrastructure Levy 2010).

Equalities and Human Rights
Section 149 of the Equalities Act 2010, requires the Council, in considering planning applications to have due regard to the need to eliminate discrimination, advance equality of opportunities and foster good relations between people who have different protected characteristics. The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The requirement to have due regard to the above goals means that members should consider whether persons with particular protected characteristics would be affected by a proposal when compared to persons who do not share that protected characteristic. Where equalities issues arise, members should weigh up the equalities impact of the proposals against the other material considerations relating to the planning application. Equalities impacts are not necessarily decisive, but the objective of advancing equalities must be taken into account in weighing up the merits of an application. The weight to be given to any equalities issues is a matter for the decision maker to determine in all of the circumstances.

Members should also consider whether a planning decision would affect human rights, in particular the right to a fair hearing, the right to respect for private and family life, the protection of property and the prohibition of discrimination. Any decision must be proportionate and achieve a fair balance between private interests and the public interest.

9. Observations of the Director of Finance
None.

10. CONCLUSION
It is considered that the proposed delivery hours would not have any unacceptable impacts on the nearby residential occupiers and the proposals are considered to strike the correct balance between protecting the amenities of these occupiers and supporting economic growth.

The proposal would comply with Policies OE1 and OE3 of the Hillingdon Local Plan Part 2 - Saved Policies (November 2012) as well as the National Planning Policy Framework and is therefore recommended for approval.
