HDAS-EXT Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008

### **5. MAIN PLANNING ISSUES**

The main issues for consideration in determining this application relate to the effect of the proposal on the character and appearance of the original dwelling, the impact on the visual amenities of the surrounding area and the availability of parking.

Section 8 of the Hillingdon Design and Accessibility Statement: Residential Extensions (HDAS) states that porches should be designed to follow the character of the existing building; be confined to the front entrance area; be subordinate in scale and form and should not be detrimental to the visual amenity of the street scene.

The property has a front canopy which appears, from aerial photographs, to have been built in 2008 and is therefore immune from enforcement action. The proposed porch would project 1.5m from the original front wall of the dwelling, with a width of 2.5m and is similar in scale to a number of properties within the immediate locality. As a result it is considered that it would not have a negative impact upon the visual amenity of the site or the surrounding area in compliance with Policy BE1 of the Hillingdon Local Plan: Part One - Strategic Policies (November 2012) and policies BE13 and BE15 of the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012).

The proposed porch even when added to the existing canopy would not result in an unacceptable loss of amenity to occupants of neighbouring properties.

The existing hardstanding frontage provides parking for 2 vehicles. The application proposal would not impact on this parking provision and would therefore be in compliance with Policy AM14 of the Hillingdon Local Plan - Saved UDP Policies (November 2012).

The application is recommended for approval.

- 3 You are advised this permission is based on the dimensions provided on the approved drawings as numbered above. The development hereby approved must be constructed precisely in accordance with the approved drawings. Any deviation from these drawings requires the written consent of the Local Planning Authority.
- 4 You are advised that if any part of the development hereby permitted encroaches by either its roof, walls, eaves, gutters, or foundations, then a new planning application will have to be submitted. This planning permission is not valid for a development that results in any form of encroachment.
- 5 Your attention is drawn to the need to comply with the relevant provisions of the Building Regulations, the Building Acts and other related legislation. These cover such works as - the demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. A completed application form together with detailed plans must be submitted for approval before any building work is commenced. For further information and advice, contact - Planning, Environment and Community Services, Building Control, 3N/01 Civic Centre, Uxbridge (Telephone 01895 250804 / 805 / 808).

- 6 You have been granted planning permission to build a residential extension. When undertaking demolition and/or building work, please be considerate to your neighbours and do not undertake work in the early morning or late at night or at any time on Sundays or Bank Holidays. Furthermore, please ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. You are advised that the Council does have formal powers to control noise and nuisance under The Control of Pollution Act 1974, the Clean Air Acts and other relevant legislation. For further information and advice, please contact - Environmental Protection Unit, 4W/04, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel. 01895 250190).
- 7 The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:
- carry out work to an existing party wall;
  - build on the boundary with a neighbouring property;
  - in some circumstances, carry out groundworks within 6 metres of an adjoining building.
- Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "the Party Walls etc. Act 1996 - explanatory booklet" published by the ODPM, available free of charge from the Planning, Environment and Community Services Reception, Civic Centre, Uxbridge, UB8 1UW.

- 10 You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.
