

QUESTIONS FROM MEMBERS OF THE PUBLIC

5.1 QUESTION FROM MRS ANNA WILLIAMS OF HARTSHILL CLOSE, UXBRIDGE TO THE LEADER OF THE COUNCIL - COUNCILLOR PUDDIFOOT:

Following the publication of the Project Ark report which identified over 450 buildings or obstacles around RAF Northolt that 'intrude into the safety zone for aircraft landing' at the airport, can the Leader confirm whether the MoD has informed the London Borough of Hillingdon whether any of its assets are identified as those obstacles?

Given that those 'obstacles' also include residential apartments of people living in the Borough, will the Leader seek assurances from the Ministry of Defence that all landowners of property and assets which have been identified as obstacles have been informed of the potential dangers to them, their families and their property?
