LONDON

Attn: Licensing Officer

Ref: Emporium, Station Road,

Date: 23rd September 2019

Dear Licensing Officer

Re: Application for Emporium, Station Road, West Drayton
Address: Station Road, West Drayton

I refer to the application for a renewal/new street trading licence at above location.

The Antisocial Behaviour Investigations Team has considered the application and have decided to object to the renewal of this application on the following grounds:

- b) *The applicant is unsuitable to hold a licence.*
- c) *The applicant has previously demonstrated misconduct or unscrupulous behaviour whilst being the holder of a street trading licence.*

The issue of two Fixed Penalty Notices for breach of trading space allocated and waste management.

- *Street 67627 16th August 2019*
- *Street 73074 13th September 2019*

I attach the following supporting evidence in respect of my objection:

- Two Fixed Penalty Notices
- List of complaints for this address since 26th July 2019
- Photos of large quantities of refuse at premises taken during visits by officers, clearly demonstrating misconduct and unscrupulous behaviour.

I would therefore recommend the refusal of a new street trading licence being granted.

Yours faithfully,
Mr Nathan Welch
Manager Anti Social Behaviour Investigations Team.

I am an Anti Social Behaviour and Environment Officer currently employed by the London Borough of Hillingdon and have been so employed since November 2017.

At 11:10 hours on Friday 13th September 2019 I attended an address of 9-15 Station Rd, West Drayton UB7 7BT, the location of the Emporium Food Centre. At that time I was in company with Other ASB officers, Dale Foran, Aaron Foran, uniformed officers from the Environmental Enforcement team and Steven Dormer from the London Borough of Hillingdon's Licencing team.

The purpose of the visit was as a result of information received and further enquiries conducted into possible offences and non compliance with trading and associated regulations. Whilst at the location I took a series of photographs.

Firstly my attention was drawn to the display outside the address which was positioned beyond the property of the address. This caused the display to be on London Borough of Hillingdon land and also constitutes an obstruction of the highway. I can identify and exhibit a photograph by the mark DJH/1 showing the position of goods at the time and date of arrival.

As a result of further information at 11:24hrs, same day and in company with Steve Dormer I attended the Drayton Tandoori located close to the Emporium Food Centre at 2A Station Rd, West Drayton UB7 7BY. At the rear of the premises I located and photographed waste material believed to have come from the Emporium Food Centre. I can identify and exhibit these photographs by the mark DJH/2, DJH /3, DJH /4, DJH /5 and DJH /6. Whilst at that location I identified a black industrial waste bin which contained rotting vegetable and fruit waste. This again was photographed. Theses photographs I can identify and exhibit by the mark DJH/7 and DJH/8.

On returning to the Emporium Food Centre at 11:34 hours , same day, I took further images which I can identify and exhibit by the mark DJH/9, from inside 7 to 9 Station Road, West Drayton showing a door way marked as a fire escape obstructed by a fruit stand.

A further four images can be identified and exhibited by the mark DJH10 showing items deposited on the highway belonging to the Emporium Food Centre.

During, the visit a conversation took place between officers and an IC4 male who identified himself as the business owner. This male was warned over a number of matters, namely his business licence, disposal of waste and positioning of his goods on the highway. I brief inspection was conducted on the premises and the condition of the property recorded by Environmental Enforcement officers. Following this all officers left the premises.

Before leaving the area I attended the rear of the premises and noted that an identified fire escape was obstructed by boxes. I can now identify and exhibit images taken at 11:54hrs, same day, by the mark DJH/11.

Dear Claire and Michelle

We have a continuing problem with the fruit and vegetable store in Station Road West Drayton in the parade of shops opposite Boots the chemist. You will see from the photograph that the shop empties all of the empty fruit and veg boxes in the street and pavement each day. It is both unsightly and uses up parking space. If this happens only occasionally it would not create such an eyesore, but it happens every day. Please could the Council approach the business to advise that unloading fruit and vegetables should be done in an orderly way, and not be allowed to be a continual eyesore to the high street. Other green grocers manage to unpack their produce in a way which doesnt create an unsightly spectacle and they need to be asked to conduct their business in a similar fashion.

Kind Regards

Jan Sweeting
