Houses of Multiple Occupation		Not entirely within Committee's remit								
Disabled care and support										
Life expectancy										
Encouraging homeownership										
Youth services		Not in Committee's remit								
Supported Living for adults										
Semi - independent living for young people										

Detailed criteria to assess review scoring

Resident-focused - High impact on residents and the community, with public interest and scope for making a positive difference (whether universal or a targeted group or area, e.g. young people or a particular town centre)

Correct remit - is it covered in the Committee's Terms of Reference and does it cut across into the domain of other Committees? If it does, narrow the topic or consider suggesting the Corporate Services POC considers it, or perhaps a joint Committee working group review if the respective Chairmen and Committees agree.

Influence - A topic that affects residents, groups, businesses and other key stakeholders in Hillingdon and relates to a service, event or issue in which the Council is in control of, has a significant stake in or has influence over, e.g. with partners.

New - A new and fresh topic preferably. One which has not previously been reviewed by a Committee in the last 2-3 years, or which is not currently being reviewed by another Committee or internally.

Achievable - A good level of expertise, best practice and information is available to draw on to complete this review. Committee resources, departmental plans and organisational timings permit a successful review with positive recommendations, during the current municipal year. Is the review ToR too wide and need to be narrowed to be achievable? Will the Committee's work programme accommodate the review?

Wider organisational support - A topic that is likely to receive organisational buy-in from the Committee and wider Council. Possibly support from partner organisations to add value to existing work.

Drives improvement - a service or area of partnership that has been identified internally or externally that requires improvement in the medium-long term and would benefit from Members' insight. Performance risks or areas of consistent under-performance.

Drives transformation and efficiency - in support of the Council's objectives, any areas where service re-modelling is under consideration in the longer-term, that with Members' insight can help to deliver future savings, efficiencies and VFM.

National and local - a topic that will assist the Council in the implementation or awareness of external challenges, new legislation, national policy or the changing role of the public sector. A topic relevant to Hillingdon's residents that seeks to lobby change in national legislation, policy or practice.
