

Virtual Cabinet - Addendum Sheet

23 July 2020

Classification: Public

ITEM 6 - BUDGET MONITORING REPORT: MONTH 2

New Recommendation 7

That the Cabinet accept a £100k grant from the Department for Transport as part of the first tranche of their Emergency Active Travel Fund.

Supporting information

The Council has been awarded the maximum allocation by the Department for Transport from the first tranche of its Emergency Active Travel Fund. The aim of this National fund is to improve local conditions for walking and cycling as more residents consider a move to these forms of transportation in the recovery phase of the Covid-19 pandemic; assisting also with overcrowding on public transport as the economy opens up.

The £100k grant comprises £90k capital and £10k revenue and specific proposals to utilise these monies will be submitted to the Leader and Cabinet Members to consider in due course.
