7.1 QUESTION SUBMITTED BY COUNCILLOR DUNCAN TO THE LEADER OF THE COUNCIL - COUNCILLOR SIR RAY PUDDIFOOT:

At the Council meeting of 4 July 2019 I asked the Leader of the Council why Hillingdon had bought Packet Boat House, a building with known dangerous defects that had been made known to the Leader and officers whilst under construction and before Council purchase. After the Council bought the building and used it to house first time buyers, all residents had to be moved out for safety reasons, whilst still having to pay their mortgages, and the Council was involved in legal action against the seller of the building.

Will the Leader now update us and residents on the outcome of the legal action, what the current position is and how soon residents may be able to return to their homes?
