Funding Strategy outlines key assumptions that must be achieved in agreeing rates with employers for a significant chance of successfully meeting the funding target. 2. Analyse progress at three yearly valuations for all employers. 3. Undertake Inter-valuation monitoring. 	<p>With the assistance of Hymans Quarterly funding report the position is kept under regular review and Pension Committee is informed of the impact of prevailing market conditions on the funding level</p> <p>The impact of COVID-19 on the fund value continues to be monitored to ensure that the asset allocation is still appropriate. At the end of December 2020 the fund had regained the value lost at the end of March 2020. The unaudited value at the end of February was £1,128m which is now ahead of pre COVID-19 levels.</p> <p>An in depth COVID-19 review of the investment strategy was commissioned which concluded that no adjustments were required to the ISS agreed In January 2020. Officers continue to monitor the fund and take appropriate advice as necessary. The current position should be viewed with caution as there is still much uncertainty relating to COVID, however the objectives of the fund are long term and the portfolio is well positioned to withstand volatility over the long term</p> <p>Officers are closely monitoring developments and liaising with fund managers and advisors.</p>	<p>Strategic risk Likelihood = Significant Impact = Large Rating = C2 (Static)</p>	James Lake / Cllr M Goddard

PEN 03 - Active investment manager under-performance relative to benchmark	<ol style="list-style-type: none"> 1. The structure includes active and passive mandates and several managers are employed to diversify the risk of underperformance by any single manager. 2. Regular monitoring measures performance in absolute terms and relative to the manager's index benchmark, supplemented with an analysis of absolute returns against those underpinning the valuation. 4. Investment managers would be changed following persistent or severe under-performance. 	<p>The Fund is widely diversified, limiting the impact of any single manager on the Fund. Active monitoring of each manager is undertaken with Advisors and Officers meeting managers on a quarterly basis and communicating regularly.</p> <p>The LCIV as pool is increasingly managing more assets on the funds behalf as per regulation, however transparency and reporting is less controlled by the fund. Improvements in communication from the pool have been requested over performance transparency of the managers to inform swift action.</p> <p>Comments on whether mandates should be maintained or reviewed are included quarterly and where needed specific performance issues will be discussed and reviewed.</p> <p>Action is taken to remove under-performing managers where appropriate.</p>	<p>Strategic risk Likelihood = Low Impact = Small Rating = E4 (Static)</p>	James Lake / Cllr M Goddard
