<b>Papers with report</b>	Appendix 1: Draft Statement of Community Involvement
<b>Ward</b>	ALL

## HEADLINES

The purpose of this report is to advise the Committee on the role and purpose of the Draft Statement of Community Involvement, and to invite comments as part of the consultation process.

## RECOMMENDATIONS:

**That the Select Committee:**

- 1. Review the draft Statement of Community Involvement and submit comments for inclusion in the forthcoming report to Cabinet setting out the results of the consultation.**

## SUPPORTING INFORMATION

1. As the Local Planning Authority, the Council is required to produce a Statement of Community Involvement (SCI) in accordance with section 18 of the Planning and Compulsory Purchase Act 2004 (as amended) and the Town and Country Planning (Local Planning) (England) Regulations 2012.
2. The purpose of the SCI is to set out how the Council intends to involve all sections of the community in the planning process and engage with local communities, businesses and other interested parties when developing and reviewing planning documents and determining planning applications.
3. Section 10A of the Town and Country Planning (Local Planning) Regulations 2017 require an SCI to be reviewed every five years starting from the date of adoption of the SCI. The current SCI was adopted in November 2006 and was therefore identified as priority for review and updating. The Council is also about to begin a review of its Local Plan and it is therefore desirable to have an up-to-date SCI to let the community know how they can get involved in the plan-making process.
4. A summary of each section of the Draft SCI is provided below with the full document attached as Appendix 1.
