ITEM 7 - MONTHLY COUNCIL BUDGET MONITORING REPORT

Amended recommendation (d)

That Cabinet accept a grant of £340k from ~~North West London Integrated Care Board~~ **The Hillingdon Hospital NHS Foundation Trust** to secure community support for virtual wards.

Supporting information

This minor change to recommendation (d) in the report relates to the fact that officers have since confirmed that the funding is from Hillingdon Hospital rather than the Integrated Care Board.

New recommendation (i)

That Cabinet:

- a) **Accept a grant of £907k from The Hillingdon Hospital NHS Foundation Trust to contribute to community costs for supporting hospital discharge;**
- b) **Delegates authority to Cabinet Member for Health and Social Care, in consultation with the Executive Director of Adult Services and Health, approval of the spending plan for the grant.**

Supporting information

This newly announced funding is intended to support the early discharge from hospital of people who no longer require treatment in that setting. It will primarily support hospital discharge-related costs incurred by Adult Social Care. The intention is that it will also contribute to the funding of other schemes yet to be agreed with Hillingdon Health and Care Partners that will reduce length of stay in hospital. This will also help reduce Adult Social Care costs by alleviating the demand for ongoing care provision.
