

## **MOTIONS**

### **8.1 MOTION FROM COUNCILLOR EDWARDS**

That Hillingdon Council welcomes the chance to continue its work with Government and we commit to use our position and influence to secure the following seven key aims that reflect the priorities of both the Council and its residents:

1. The full funding by Government of the support provided by the Council to asylum seekers that present in this borough as a consequence of it being a major port of entry as it is clearly unfair that Hillingdon's residents should shoulder the cost of this national responsibility.
2. Grant funding is provided to fully meet the increasing cost to the Council of providing care support to both adults and children.
3. The ring fence on the dedicated support grant is maintained until the deficit can be eliminated by way of an agreed action plan.
4. The ability of the Council to veto regional transport initiatives that either limit the freedom of motorists to use their local road network or that impose a charge on road use.
5. Oppose the reclassification of our green belt land and retain the existing Localism powers to over-ride planning policies that would be detrimental to character street scene of our neighbourhoods.
6. Amend national aviation policy to remove the threat of a third runway at Heathrow thereby releasing land for much needed housing and freeing existing communities from planning blight.
7. Retain the cap on council tax increase that can only be exceeded by means of approval from a residents' referendum.

### **8.2 MOTION FROM COUNCILLOR PUNJA**

That this Council recognises the problems caused by unlicensed HMOs in the borough, from anti-social behaviour to poor housing conditions.

This Council is committed to ensuring good quality housing in the borough and resolves to extend licensing obligations to all properties with 3 bedrooms housing multiple unrelated occupants.
