The outcome you are seeking from the Licensing Authority (See note 6);

The Hayes Town Ward Safer Neighbourhood Panel is made up of local residents and representatives of businesses, community groups and places of worship. Our role is to work with the Police Safer Neighbourhood Team and to set their priorities based on our knowledge of the local area. The proposed extension of opening hours by McDonald's was discussed at our meeting on 22 January 2025 and we agreed to lodge an objection.

The premises are popular with the local community but from time to time they become a place for youths to gather both inside and on the pavement outside – and sometimes in the alley to the rear. There have been incidents of anti-social behaviour and on occasions there have been altercations between different groups. In some instances knives have been found as a

result of Police use of stop and search. The various problems have generally been addressed by the management working together with the Police but this has only been truly effective when McDonald's have engaged door supervisors.

In view of the fact that opening until midnight would be a totally new departure the Panel believes that any approval for longer hours should be treated with great caution. Residents of the flats over the shops in Station Road already have their lives disrupted because of noise late at night and a recurrence of groups gathering in the street would make matters worse. The Panel therefore requests that if the Licensing Committee is minded to approve the application it should be subject to a condition requiring the applicants to employ door supervisors for the extended period of opening,

Currently the situation at the premises is relatively calm and so there are no statistics of crime and anti-social behaviour that can be produced to back up the Panel's concerns. The request is made in the interests of residents and as a preventative measure.
