<p>To amend Condition 5 (Construction Management Plan) to state:</p> <p>Prior to the commencement of development (including demolition, site clearance, and initial ground investigation works), a Construction Management Plan shall be submitted to, and approved in writing by the Local Planning Authority in consultation with Transport for London. The plan shall detail:</p> <ul style="list-style-type: none"> (i) The phasing of development works. (ii) The hours during which development works will occur. (iii) A programme to demonstrate that the most valuable or potentially contaminating materials and fittings can be removed safely and intact for later re-use or processing. (iv) Measures to prevent mud and dirt tracking onto footways and adjoining roads (including wheel washing facilities). (v) Traffic management and access arrangements (vehicular and pedestrian) and parking provisions for contractors during the development process (including measures to reduce the numbers of construction vehicles accessing the site during peak hours). (vi) Measures to reduce the impact of the development on local air quality and dust through minimising emissions throughout the demolition and construction process. (vii) The storage of demolition/construction materials on site. (ix) Measures to demonstrate compliance with the GLA's Control of Dust and Emissions from Construction and Demolition SPG. (x) Details of cranes and other tall construction equipment (including the details of obstacle lighting) in consultation with the Ministry of Defence (MoD). (xi) Details on the measures to be implemented to ensure no adverse impact on the safety and accessibility of the bus infrastructure and associated services adjoining and within proximity of the site, and Uxbridge Station. <p>The approved details shall be implemented and maintained throughout the demolition and construction process.</p> <p>REASON</p> <p>To reduce the impact on air quality during construction, protect amenity, and ensure highways safety and to ensure that construction work and construction equipment on the site and adjoining land does not obstruct air traffic movements or otherwise impede the effective operation of air traffic navigation transmitter/receiver systems in compliance with Policies T7, GG3, and SI 1 of The London Plan (2021), The GLA's Control of Dust and Emissions during Construction and</p>	<p>Point (xi) added following a request from TfL.</p>

Demolition SPG, and Policy DMAV 1 of the Local Plan Part 2 (2020).	
<p>To amend Condition 7 (Cycle Lift) to state:</p> <p>The external door linking the cycle lift with the pocket park shall be no less than 1.2 metres wide, 2.3 metres deep, and have a minimum door opening width of 1 metre. The lift shall be operational upon first occupation/use and thereafter be maintained and available for use throughout the lifetime of the development.</p> <p>REASON To ensure appropriate space is provided to access the basement cycle parking spaces and encourage a sustainable transport modal shift in accordance with Policy T4 of The London Plan (2021).</p>	Amended to include lift depth and door opening width following a request from TfL.
