RECOMMENDATION

That Cabinet note the reports to be considered later in private and Part 2 of the Cabinet agenda and comment on them as appropriate for public information purposes.

Reasons for recommendation

Why are certain reports considered in private?

As a transparent, democratic organisation, the Council's Cabinet will consider matters in public on Part 1 of this Cabinet agenda. However, there will inevitably be some reports that will need to be considered in private. These would generally relate to contracts, property transactions or commercially sensitive information, for example, tender bids from commercial organisations, which if made public, could prejudice the Council's ability secure value-for-money for resident taxpayers.

This information is also called 'exempt' information and is considered in Part 2 of any Cabinet agenda by applying the relevant section of the Part 1 of Schedule 12 (A) to the Local Government Act 1972 (as amended), in that the report contains certain information and that the public interest in withholding that information outweighs the public interest in disclosing it.

How can the public find out more about the private reports?

To ensure maximum transparency when the Cabinet considers such private reports:

- 1) They are first given advance notice on the Cabinet's Forward Plan in summary form setting out the reason why they will be considered in private. The [Forward Plan](#) is a public document setting out all the expected decisions the Cabinet will make over the coming year, except those that are urgent, and is available on the Council's website to view;
- 2) This report provides a fuller public preview of the matters to be discussed in Part 2 of this Cabinet meeting and gives an opportunity for Cabinet Members to highlight issues of significance within and for public information purposes, without prejudicing their later fuller consideration in private. It also sets out the recommendations in general terms that are being proposed for a decision on.
- 3) Consideration of this report will also be broadcast live on the Council's YouTube channel: Hillingdon London, and available for viewing afterwards, for wider democratic engagement.
- 4) After these private reports are considered in Part 2 of this Cabinet meeting, Cabinet's full decisions on them will then be published on the Council's website the day after the Cabinet meeting, along with the decisions on the other matters already considered in public.

Alternative options considered

Cabinet could resolve to release any private report into the public domain in extraordinary or highly exceptional cases, where it considers the public interest in disclosing the information outweighs the public interest in withholding it. However, to ensure greater transparency on all private matters considered, this public preview item is advised as the most suitable way forward.

Legal comments

Such private matters are considered in accordance with Local Government Act 1972 (as amended) Access to Information provisions and also The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012. This report enables such matters to be discussed in public as far as is possible under the relevant legislation.

SUPPORTING INFORMATION

ITEM 9 - ENVIRONMENTAL STREET ENFORCEMENT CONTRACT

Relevant Cabinet Members	Councillor Lavery, Cabinet Member for Communities and Environment
Relevant Ward(s)	N/A
Relevant Select Committee	Residents' Services

Information

The report recommends awarding a contract for delivering an Environmental Street Enforcement Service in Hillingdon. This service will support the Council's Anti-Social Behaviour Team in enforcing public space regulations such as littering, breaches of Public Space Protection Orders (PSPOs), and waste offences. The contract being recommended followed a competitive tender process to ensure best value.

This service, in place for several years, delivers visible benefits to residents, providing on-street capacity to identify and take enforcement action against persons who do not comply with the standards expected and the law, and acts as a deterrent to those considering acts of non-compliance.

This provides a reassurance to the public that the Council is investing in protecting the local environment and has a presence on the streets to monitor and manage behaviour that could negatively impact on local communities.

This service also enables the Council to deploy resources to enforce the additional PSPO recently implemented in wards adjacent to Heathrow Airport, which seeks to reduce the impacts of anti-social behaviour by taxi and private hire vehicle drivers on the residents living there.
