I would like to object to the extension of hours to 2am under the following licensing objectives.

- Public safety
- Prevention of public nuisance.

there are already a great many problems caused by the delivery drivers blocking the pavement at this location with their bikes and standing about talking and shouting to each other. Also being verbally abusive to anyone who dares to ask them to move off the pavement.

I have concerns that opening this late will attract people in the small hours who will disrupt the sleep of the residents who live above and around this premises, we have already had complaints about several drunken late night altercations in the street outside this premises.

while I appreciate that alcohol is not sold in this premises, people who may use it that late at night may be under the influence of alcohol and may still use the premises.

Thank you.
