RECOMMENDATION

1. That the Committee note the 2025/26 Month 7 budget monitoring position.

HEADLINES

2. This monitoring report provides an update on the 2025/26 Month 7 budget position relevant to the Select Committee. The Corporate Director, supported by their Head of Finance, will attend the meeting to provide further details and clarifications.
3. **2025/26 MONTH 7 BUDGET MONITORING POSITION**
4. **Children, Families & Education** – As at Month 7, services within this directorate are reporting a pressure of £6.0m, representing no movement from Month 6. The pressure in this area is driven by additional demand for care, with this position being in part impacted by the Temporary Accommodation pressure leading to a lack of general needs properties within the Housing Revenue Account (HRA) for move-on. Additional pressure is driven by a reduction in the use of flexible capital receipts to fund transformation costs within Education recognised in Month 6.
5. Table 1 provides an overview of this Committee's Month 7 budget monitoring position by portfolio. It includes adjustments made to the forecast for Earmarked Reserves, Provisions and Transformation Capitalisation.
6. Table 2 provides a detailed breakdown of this Committee's Month 7 budget monitoring position by service area. It includes adjustments made for Earmarked Reserves, Provisions and Transformation Capitalisation.
7. **Dedicated Schools Grant (DSG)** – As of Month 7, the Dedicated Schools Grant (DSG) is forecasting an in-year deficit of £10.6m with a £1.9m favourable movement from Month 6, representing a further improvement from the £15m outturn for 2024/25. The favourable movement relates to High Needs expenditure and the service's ongoing work to reduce reliance on costly independent placements through increased local provision and early intervention. This in-year shortfall is entirely driven by continued demand and cost pressures in High Needs placements, which remain significantly underfunded in the DSG allocation from the DfE. These pressures are not unique to the local authority; nationally, local authorities are facing similar challenges. Rising demand for specialist provision, a shortage of maintained special school places, and increasing reliance on costly independent non-maintained placements are contributing to widespread overspends in the High Needs Block. Despite efficiency targets and mitigation efforts, the structural underfunding of High Needs provision

continues to place significant strain on DSG budgets across the country. The table below provides a summary of the Schools Budget and the current forecast.

8. Whilst the Safety Valve funding with the Department of Education (DfE) is currently suspended, the Council is actively progressing a range of strategic initiatives aimed at improving outcomes for children and young people with Special Educational Needs and Disabilities (SEND), while ensuring more sustainable use of resources. These efforts include reducing the overall number of Education, Health and Care Plans (EHCPs), lowering the average top-up funding required per EHCP, and decreasing the average cost of education placements. In parallel, the Council is working to enhance the value for money of commissioned services and to increase financial contributions from partner agencies towards the support of children and young people with SEND. The Council is beginning to see a significant reduction in the in-year deficit as a consequence.
9. A core target for the revised High Needs Safety Valve Plan is to actively reduce unit costs by concentrating SEN support in-borough within our maintained schools and thereby reduce dependence on high cost independent and out-of-borough placements. Trend data shows clear evidence that the approach which has been in place since early 2024/25 is now beginning to have a positive impact.
10. The mounting DSG deficits remain a significant national issue, with projections indicating a substantial funding gap for English councils. Specifically, English councils face a £2.3 billion funding gap in 2025/26, rising to £3.9 billion by 2026/27, creating a £6.2 billion shortfall over two years, according to the Local Government Association (LGA). This deficit is primarily driven by increased demand for services for children with special educational needs and disabilities (SEND).
11. Table 3 provides an overview of the Month 7 position for the Dedicated Schools Grant (DSG).

12. 2025/26 SAVINGS

13. For the services within the remit of this Committee, the savings requirement for 2025/26 is £4.549m, as set out in the Council's budget strategy.
14. As of Month 7, £4.276m (94%) of the savings and interventions are being recorded as banked or on track for delivery, with a further £0.273m (6%) being at initial stages of delivery. There are no savings that are being reported as having potential challenges in delivery.
15. Table 4 provides a detailed breakdown of the 2025/26 Month 7 savings position by portfolio.

PERFORMANCE DATA

16. N/A

RESIDENT BENEFIT

17. Regular monitoring of financial performance is used to assess whether spending and savings targets are being met, thereby supporting the efficient delivery of services to residents. By closely tracking expenditure and identifying variances, the council can take timely corrective actions to address overspending and mitigate risks. This also enhances public transparency and accountability, providing residents with confidence that their Council is managing finances

prudently and prioritising their needs. Overall, regular monitoring supports safeguarding the Council's finances and the delivery of quality services to residents.

FINANCIAL IMPLICATIONS

18. This is primarily a finance report and the implications are set out in the main body of the report above.

LEGAL IMPLICATIONS

19. There are no direct legal implications arising from regular monitoring of the council's finances by select committees.

20. Democratic Services advise that effective overview and scrutiny arrangements require access to the information under the committee's purview and, in accordance with the 2024 Statutory Scrutiny Guidance, such information includes finance and risk information from the Council, and its partners where relevant.
