## HEADLINES

As part of its statutory responsibility to undertake a Homelessness and Rough Sleeping Review and to develop and publish a Homelessness and Rough Sleeping Strategy, this report provides the Residents' Services Select Committee with an opportunity to review and comment on the draft Strategy before Cabinet considers it.

## RECOMMENDATIONS

**That the Residents' Services Select Committee:**

1. Notes the contents of the Homelessness and Rough Sleeping Review; and
2. Reviews the draft Homelessness and Rough Sleeping Strategy for the Borough and comments on any matters it would like considered as this Strategy is finalised for approval by the Cabinet.

## SUPPORTING INFORMATION

Under the Homelessness Act 2022, local housing authorities must publish a comprehensive homelessness and rough sleeping strategy every 5 years based on a review of all forms of homelessness in their area.

The development of the review and the draft strategy (see attached appendices A & B) have included data analysis and engagement with internal and external partners during summer and autumn 2025. They have been informed by current challenges for homelessness at a national and more local level and take into account the Temporary Accommodation Strategy approved by Cabinet in February 2025 and the Residents' Services Select Committee Review of Homelessness and the Customer Journey which concluded in January 2025.

The Strategy is currently undergoing a six-week formal consultation process which began on 5<sup>th</sup> January 2026 and concludes on 15<sup>th</sup> February 2026. Following consultation, the consideration by Cabinet is scheduled for 19<sup>th</sup> March 2026.

The Vision in the draft for Homelessness and Rough Sleeping is:

*Putting residents first: a compassionate, preventative and empowering approach to tackling homelessness and rough sleeping, with access to appropriate accommodation and support.*

There are five strategic priorities, brief details of which are as follows:
