2	11/5/2025 14:21	11/5/2025 14:25	anonymous			No	They could reduce the number of students, but maintain the same distance and not reduce it to 750 meters.	Yes	Distance	A parent/carer/guardian	1	Field End Infant School;	
3	11/5/2025 14:51	11/5/2025 14:53	anonymous			No	This is a hood school and a few metres should not limit a child from accessing good education.	Yes	Some of the children who are already in Reception but the border of 1000m catchment, will now have to settle themselves in a new school.	A parent/carer/guardian	2	Field End Infant School;	
4	11/6/2025 9:21	11/6/2025 9:30	anonymous			Yes	I feel this temporary measure will support the school and it will be easy to open up a third class should need arise as numbers increase	No	I feel it will enable the school to focus on Foundation stage provision and increase its new provision for two year olds.	A local resident	None	N/A;	I feel numbers of children attending Field End Infants has dropped for a number of reasons, housing prices, movement out of the borough, low birthrate etc. However I feel the school has been badly effected by the reputation of the Junior school and its history with OFSTED. Although the Junior situation is improving I admire the Infant school for not joining the academy.
