### **INFORMATION**

**Reasons for recommendation**

PART 1 – MEMBERS, PUBLIC AND PRESS

Cabinet Member meeting with petitioners – 23 February 2011

Residents are asking for a residents' parking scheme; however following further discussions with petitioners other options may be identified which may be more appropriate to address their concerns.

### **Alternative options considered**

The residents have made a specific request for a resident permit parking scheme. However an informal consultation with residents may allow consideration of various options for measures to control parking in their road.

### **Comments of Policy Overview Committee(s)**

None at this stage.

### **Supporting Information**

1. A petition with 22 signatures has been received from residents of Robinwood Grove, which represents 77% of households in the road under the following heading:

*"I support the application of Robinwood Grove Residents Limited to have Robinwood Grove designated a Residents' Parking Permit Zone"*

2. Robinwood Grove is a small cul-de-sac just off Royal Lane, Hillingdon. The location is indicated on the plan attached as Appendix A to this report. The road is part public adopted highway with some private off-road parking leading to a gated residential development.

3. In a covering letter to the petition it has been pointed out there is significant competition for on-street parking from non-residents associated with local hospital staff and parents with children attending Bishopshalt School.

4. The Cabinet Member will be aware that Parking Management Schemes have expanded in the areas around Brunel University and Hillingdon Hospital and many of the roads in the area benefit from managed parking. It is likely that some parking may have transferred from these areas and with Robinwood Grove's close proximity to the school and local hospital this is clearly an attractive place for non-residents to park.

5. As the road is self contained it would appear to be viable, given the level of support from residents, to introduce managed parking. Consequently it is recommended to the Cabinet Member that subject to discussions with the petitioners a proposal could be added to the Council's overall parking programme so that consultation can be undertaken with residents offering options to address non-residential parking in their road. It is acknowledged the petitioners have specifically requested the introduction of a Residents' Permit Parking Scheme but it is the Council's normal practice to offer the alternative of limited time waiting restrictions if residents consider this a viable and effective option to prevent 'all day' non-residential parking.

6. It is therefore recommended that the Cabinet Member discusses with the petitioners their concerns with parking and their possible preferences for potential solutions and adds the request to the Council's parking programme.
